Name	Trend	Status	Actual	Target	Score	Reason for Variance/Remedial Action Comment
Percentage spend of Capital Budget	↗	●	54.00	57.00	94.74	Reason for variance: Behind schedule due to contractor delays and no transformer/ mini-sub tender in place; coronavirus (COVID-19) nationwide lockdown and delivery of computer equipment currently COVID-19 nationwide lockdown outcome dependant. Remedial action: There is on-going engagements with the director and project managers to ensure all orders are placed timeously, projects are implemented within the prescribed timeframes and that corrective actions are processed as and when required, to ensure maximum spend.
Percentage spend on repairs and maintenance	↗	●	70.00	71.00	98.59	Reason for variance: Underspend due to less fleet maintenance requirements as a result of the replacement of older vehicles with new in the capital program. There is also an element of delay in payment of vendors. Remedial action: Surplus budget will be utilised in other sections that need additional budget. The delay in invoice processing is being attended to to speed up.
Percentage of Operating Budget spent	↘	●	64.00	71.00	90.14	Reason for variance: Mainly caused by provision for vacancies on salaries and wages not utilised. Remedial action: Slippage will possibly be used for special projects at year end
