Staff Structure

Staffing

- The plan was to create full time positions within Councillor Support to support the training function but the funding provided for this has been cut as part of the staff cost cutting exercise to make funding available for COVID-19 initiatives.
- Our Executive Director has indicated that we will make application for funding during the course of the 2020/2021 Financial Year.
- The 2x temporary staff supporting the function will continue in their roles via a labor broker contract until such time as funding and positions are available.
- The team in its current format all bring knowledge and expertise to this function.
- For continuation of the service the status quo will remain.
