4. DISCUSSION

4.1 BACKGROUND

A Motion (dated 23 January 2020) was submitted by Councillor Nicola Jowell, Ward Councillor for Ward 54, for consideration by the Acting Executive Director

Transport, with a request to investigate a dedicated Non-Motorised Transport (NMT) Route along the Atlantic Sea Board.

The Motion highlighted the multipurpose use of the Sea Point Promenade by pedestrians and non-motorised transport users (cyclists) and requested that the Transport Directorate undertake a study to determine the feasibility of a dedicated NMT lane for the Promenade and investigate the feasibility of a NMT route from the VA Waterfront to Camps Bay.

4.2 PROGRESS UPDATE

A report was submitted to the March 2020 Transport Portfolio Committee wherein it was indicated that the investigations into the feasibility of a dedicated NMT lane for the Promenade and NMT route to the VA Waterfront and Camps Bay will be undertaken.

Subsequently the Transport Planning Department has engaged with City Parks Department regarding the appointment of a Professional Service Provider to undertake the investigation into the feasibility of a dedicated NMT lane for the Sea Point Promenade by City Parks. The Terms of Reference for the investigation have been finalised and the activities required have been determined e.g. engagement with Ward Councillor and relevant City Departments, site visits and observations, surveys and lessons learnt from similar scenarios (locally and internationally).

The investigation will only commence once the Covid 19 lockdown has been lifted.
