CHAIRPERSON'S REPORT

Good Afternoon Sub-council manager, Sub-council Staff, and Ward Committee Members.

Let me take this opportunity to greet you all for the new year, it's the first meeting for this year. Last year we had a good working relationship let's continue with the strong working relationship. Last year a police station was built for the area and residents must work together and join hands to ensure safety for the area.

Currently we are facing the following challenges:

There is a new informal settlement on PRASA land and those people are requesting services. I have communicated with the Human Settlements Department and they promise to report back on the request.

There is a problem with illegal dumping within Ward 33 and I liaise with SANCO to assist me to speak with the street committees and educate residents about dumping.

There is a concern of unemployment within Ward 33 especially amongst the youth people. I have liaised with the SC office to verify information on the database as people are randomize but do not pitch for interview / work.

Lets' work together to ensure service delivery is ongoing within Ward 33 in a peaceful manner.

I thank you.

PROGRESSIVE CAPITAL

Cllr Mzobe refers to page 45 and request more information (clarity) on project CPX.0011494-F1 which is within the boundaries of Ward 33. He requests Mr Martin report back at the next meeting.

A concern is raised regarding the construction of a ECD (R2 000 000) and how this project was identified. There is a need for an Astroturf in the area for the youth but there seem to no urgency in this regard.

Mr Martin explained input is received via the IDP public meeting process. He advises these projects can also be discussed with the Ward Cllr which can be tabled with the line department to assist.
