APPLICATION SUPPORTED WITH CONDITIONS. i ahmed kolabhai of no. 17 Cedar
Road , Cedarwood Estate strongly object for issuing of liquor license , firstly because its
a residential area, parking is always a problem on that road, with the granting of liquor
license , this increases risk of safety and security to this otherwise tranquil area and could
cause mayhem with increase traffic and delivery inconveniences

APPLICATION SUPPORTED WITH CONDITIONS. Please note that we have unitedly agreed as the Newlands Residents Committee that we strongly object to this application for a liquor license on Cypress Rd. If the property is not holding or selling alcohol there appears to be no reason for a license application to be associated with this address. Furthermore, this neighbourhood has at least 3 other outlets which sell liquor and we fully support them and other local businesses, this is however right in the middle of a residential area and in a very precariously position which already has all kinds of traffic concerns and issues as it is situated on a blind corner . If this application should go through. The NRA will most certainly take this further.

APPLICATION SUPPORTED WITH CONDITIONS. This corner is already notoriously difficult to navigate in a car for most of the day, due to the oversubscribed on-street parking by mountain users. The corner is a blind one even on a good day, therefore this is the wrong place for a collection / delivery business. On top of that it is within a few metres of the pedestrian tunnel that we have just had to improve, to prevent user congestion and conflict. Even without a liquor licence, this residential house, in an area with no nearby business premises, this would be the wrong place for a distribution business. There are four alcohol retail centres, two of which already have an off-sales licence, and they are the right places for this sort of activity. There is no need to approve a liquor licence in the heart of residential area.

APPLICATION SUPPORTED WITH CONDITIONS. This property is zoned single residential. It does not have business zoning. It is on the corner of Cypress and Cedar roads, on a very bad corner from a traffic and parking point of view. It is opposite the pedestrian subway which goes to Newlands forest. Many cars park there. If the property is used for commercial purposes, or if there are frequent delivery vehicles this will exacerbate the traffic congestion. It is a quiet residential street and businesses should not be allowed to operate there.
