5. EXECUTIVE SUMMARY

Through the community based supplier programme the City aim to give small emerging businesses a chance to gain the necessary experience and to grow their financial standing.

It is the hope of this programme to help them to compete for bigger, more technical projects when the time comes.

The city's community-based supplier programme, which applied to bids of less than R30 000, aimed to establish less onerous requirements in the procurement process.

Subcouncil 15 has been instrumental in the rolling out of the programme in its areas as well as actively advocating for the use of community based suppliers by various line departments.

Annexure A contains a list successful community based suppliers from 1 July 2018 to 30 June 2019.
