It is the hope of this programme to help them to compete for bigger, more technical projects when the time comes.

The city's community-based supplier programme, which applied to bids of less than R30 000, aimed to establish less onerous requirements in the procurement process.

Subcouncil 15 has been instrumental in the rolling out of the programme in its areas as well as actively advocating for the use of community based suppliers by various line departments.

Annexure A contains a list of community based suppliers as vetted by the subcouncil office, while Annexure B contains a list successful community based suppliers.
