<b>FINANCIAL REPORTS AND IDP</b>
----------------------------------

**22SUB**    **GRANTS-IN-AID ALLOCATION: HUMANITARIAN FOOD RELIEF PHASE 2 REPORT**  
**3/10/2020**  
**SM**

RM introduced the item and said that this is 2<sup>nd</sup> phase of the humanitarian food relief project and the purpose of this report is for SC22 to recommend to Council that the qualifying organizations be approved to service food relief programme within Subcouncil 22.

She said that a central advert was sent via Catherine Overmeyer's office whereby Council used the Grants-in-Aid Policy requirements to select and scrutinize the applications. At the first screening process that was conducted by Andre Jordaan office's and in Subcouncil 22 there were 4 organizations that met the criteria and were successful, this are listed to the report.

Chairperson indicated that not all wards are included in the report to Subcouncil 22, that matter has been discussed with the Mayco Member and Executive Director of Urban Management and that Ward 114 should be included.

RM said that this was discussed with the Director who advised that the Subcouncil can have additional recommendations to the report and submit for further processing and also highlighting that War 114 should be included in the process.

Cllr J Fitz indicated that he is satisfied with the outcome, he requested a list of the soup kitchens that Community Women Action would service. He further requested the registration of additional soup kitchen. Cllr J Fitz raised his concerns that ward 114 has been excluded and requested that the recommendations be amended to include Ward 114 in the resolutions of the Humanitarian Relief Project.

Cllr P Heynes endorsed the proposal made by Cllr J Fitz with amending the recommendations to include Ward 114, as this was a great concern that the ward is excluded. She further requested that the mother organizations assist the local soup kitchens and feeding schemes with capacity building sessions to equip them to sustainably continue the service to the communities. She further expressed her disregard towards Greater Tygerberg Partnership and Peninsula Feeding School Association, as they are not local to the

communities of Subcouncil 22.

Cllr T Honono conveyed his apology of late arrival. He further expressed his disturbance around the fact that Ward 114 has been excluded and emphasized that Ward 114 always seems to be an issue. He expressed that in Subcouncil 22, ward 114 is the poorest of poor wards and feels that the ward is blatantly being left out. Cllr T Honono suggested that the services of Afrika Tikkun, as established organization in Ward 114, assume and partake in the services of food relief in Ward 114. He added that before the recommendations are supported, that the matter of Ward 114 be addressed and resolved.

Chairperson indicating that the exclusion of Ward 114 is strongly felt by Subcouncil 22 and that the matter is currently with the Mayco Member and Executive Director of Urban Management and problem being attended to. Chairperson made reference to first food relief project where ward 114 benefitted substantially.

Cllr T Honono made reference to the first food relief project indicating that this was Ward Allocation savings of which Ward 114 had the bulk of the monies and he had to fight to attain this allocation for Ward 114.

Cllr X Qwasha indicated that he was covered at this stage by the Councillors and that Chairperson should continue with the agenda and decide on a way forward in rectifying the exclusion of Ward 114 and proceed. He further encouraged Cllr Honono to calm down, as this matter would be resolved and that it is a concern not only for him but for all the Councillors serving Ward 114 and the Subcouncil.

Cllr S Oerson requested to know how the mother organizations that were approved would operate.

RM said that all 4 organizations will work through the existing feeding scheme or soup kitchens in the areas of Subcouncil 22.

R Moses requested clarity on the amended / additional recommendations and said that as agreed by the Councillors these additional recommendations will be noted and submitted accordingly.

The item was unanimously agreed upon and the report was adopted with additional recommendations.
