1. The relevant Local Authority must be notified of any disease scheduled in terms of Section 45 of the Health Act of 1977 (Act 63 of 1977) on the GW17/5 form.
2. In addition to the passive GW17/5 notification system, an active surveillance system is also in place for priority EPI diseases such as Measles, Acute Flaccid Paralysis (AFP) / Polio, Neonatal Tetanus (NNT).
3. All GW17/5 notifications must be channeled through the respective Local Authority, to the respective Regional Office for the necessary processing before submission to the Provincial Directorate of Health Information Management Systems.

REMEMBER! NO NOTIFICATION – NO INTERVENTION!
