*Only 1 x 1,3 ton load per person per day accepted for garage waste and clean builder's rubble. **Only 3 x 1,3 ton loads per person per day accepted for clean garden waste.

Note: **Garage waste** is defined as any household waste other than residential waste, clean builder's rubble or clean garden refuse generated at residential properties. • **Clean garden waste** is defined as superfluous vegetation generated by gardening activities on properties zoned and used for residential or domestic purposes in the City of Cape Town's municipal jurisdiction. • **Clean builder's rubble** is defined as waste consisting of broken bricks, sand stone, cement, plaster and similar inert materials, but excluding paper, plastic, wood, glass, metal and hazardous waste. Clean builder's rubble is utilised for the construction of temporary roads on disposal sites and should therefore not damage vehicle tyres.
