STRATEGY & PLANNING
Department: Planning & Building Development Management

March 2010

Dear Sir / Madam

PROPOSED NEW CAPE TOWN ZONING SCHEME (CTZS) PUBLIC CONSULTATION PROCESS IN RESPECT OF FINAL DRAFT

A final draft of the Cape Town Zoning Scheme (CTZS) has been released for public comment. Being the final opportunity before the draft CTZS regulations are tabled at the City's Planning & Environment Portfolio Committee and then forwarded to the Provincial MEC for formal approval, comment from interested and affected parties are invited during the period commencing 19 March 2010 until 30 April 2010. Parties who commented on the CTZS before should note that a number of changes have been made to the fourth draft that was advertised in 2008.

A zoning scheme is a legal document and form of legislation that, together with other relevant laws, sets development rules and restrictions to control land use and development of immovable property. Affecting all property owners in the City of Cape Town's area of jurisdiction, the CTZS will determine and control land usage on individual properties (such as those zoned for single residential or business purposes) and stipulate development rules (such as building lines, site coverage, building height etc) applicable to such properties.

Considered one of the City's most important strategic planning interventions, the CTZS process to unify the City's current 27 existing zoning schemes into a single zoning scheme closely links with the current parallel district spatial planning process. While the spatial plans would guide the desired future urban form and structure of the city, the CTZS will determine land use rights and provide for control over the exercising of such land use and development rights.

The CTZS regulations document with appendix and executive summary may be down loaded from www.capetown.gov.za or may be forwarded by email upon request to lums@capetown.gov.za. In addition, hard copies may be viewed at all Subcouncil offices, district planning offices and public libraries. Zoning maps indicating the current zone and the proposed converted zone of properties may be viewed at the various district planning offices. For individual erven, the existing and proposed zoning of properties may also be looked up via a zoning viewer accessed through the City`s abovementioned website.

The physical address of the department's various district planning offices are as follows:

District planning office name	Physical address

STRATEGIE EN BEPLANNING
Departement: Beplanning- & Gebou-ontwikkelingbestuur

Maart 2010

Geagte Meneer / Dame

VOORGESTELDE NUWE KAAPSTAD SONERINGSKEMA (KSS) OPENBARE KONSULTASIE TEN OPSIGTE VAN FINALE KONSEPDOKUMENT

'n Finale konsepdokument van die Kaapstadse Soneringskema (KSS) is vir openbare kommentaar vrygestel. Aangesien dit nou die laaste geleentheid is voordat die KSS-konsepregulasies aan die Stad se portefeuljekomitee oor Beplanning en Omgewing voorgelê word, kan belangstellende en belanghebbende partye tussen 19 Maart 2010 en 30 April 2010 kommentaar lewer. Diegene wat vantevore op die KSS kommentaar gelewer het, moet daarop let dat verskeie veranderinge aangebring is sedert die vierde konsep wat in 2008 geadverteer is.

'n Soneringskema is 'n regsdokument en vorm van wetgewing wat, tesame met ander relevante wette, ontwikkelingreëls en –beperkings vasstel om beheer oor grondgebruik en ontwikkeling van onroerende eiendom uit te oefen. Alle eiendomseienaars in die Stad Kaapstad se regsgebied word hierdeur geraak. Die KSS sal die grondgebruik op individuele eiendomme (soos dié wat vir enkelresidensiële of sakedoeleindes gesoneer is) bepaal en beheer en ontwikkelingsreëls (soos boulyne, terreindekking, bouhoogte, ens) stipuleer wat op hierdie eiendomme van toepassing is.

Beskou as een van die Stad se belangrikste strategiese beplanningsintervensies, sluit die KSS-proses wat die Stad se 27 bestaande soneringskemas in een enkele soneringskema verenig, nou aan by die huidige parallelle distrik-ruimtelikebeplanningsproses. Terwyl die ruimtelike planne die gewenste toekomstige stedelike vorm en struktuur van die stad sal rig, sal die KSS grondgebruikregte bepaal en voorsiening maak vir beheer oor die uitoefening van sodanige grondgebruik- en ontwikkelingsregte.

Die KSS-regulasiedokument met bylae en uitvoerende opsomming is beskikbaar op www.capetown.gov.za of kan op versoek aan lums@capetown.gov.za per e-pos aangestuur word. Daarbenewens kan harde kopieë by alle subraadskantore, distrikbeplanningskantore en openbare biblioteke besigtig word. Soneringskaarte waarop die huidige sonering, sowel as die voorgestelde omskepte sonering van eiendomme aangedui word, is beskikbaar vir besigtiging by die onderskeie distrikbeplanningskantore. In die geval van individuele erwe, kan die bestaande en voorgestelde nuwe sonering daarvan deur middel van 'n soneringsportaal op die Stad se webwerf hierbo genoem besigtig word.

Die straatadresse van die departement se onderskeie distrikbeplanningskantore is soos volg:

Naam van distrikbeplanningskantoor	Fisper pese adres
Tabfelbaai	Tweede verdieping, Media City-gebou, h.v. Adderleystraat en Hertzog-boulevard, Kaapstad
Blaauwberg	Grondvloer, Milpark-gebou, h.v. Ixiastraat en Koebergweg, Milnerton

Kommentaar oor die finale konsepregulasies vir die KSS kan voor of op 30 April 2010 soos volg skriftelik ingedien word:

- per pos aan die Projekbestuurder, KSS-bedryfskantoor, Posbus 298, Kaapstad 8000;
- per hand afgelewer by enige Subraadskantoor (Vir aandag: KSS-bedryfskantoor), Distrikbeplanningskantoor of die KSS-bedryfskantoor, 16de verdieping, Toringblok, Burgersentrum, Kaapstad;
- per faks na 021 425 4327; of
- per e-pos aan lums@capetown.gov.za.

Mondelinge of enige ander voorleggings sal slegs aanvaar word indien daar vooraf met die betrokke distrikbeplanningskantoor reëlings getref is. ‘n Enkele openbare aanhoorsessie word ook vir 15 April 2010 gereël, en diegene wat ‘n vertoog by sodanige geleentheid wil lewer, kan registreer deur 021 400 2399 voor 9 April 2010 te skakel.

Kommentaar wat binne die bostaande tydperk ingedien word, sal deur die KSS-Projekbestuurskomitee oorweeg word waarna dit ter oorweging aan die Stad se Portefeuljekomitee oor Beplanning en Omgewing voorgelê sal word.
