\* Only 1 x 1,3 ton load accepted for garage waste and clean builder's rubble per person per day. \*\* Only 3 x 1,3 ton loads accepted for clean garden waste per person per day.

**Note:** **Garage waste** is defined as any household waste other than residential waste, clean builders rubble or clean garden refuse generated at residential properties. • **Clean garden waste** defined as superfluous vegetation generated by gardening activities on properties zoned and used as residential or domestic purposes in the City of Cape Town's municipal jurisdiction. • **Clean builders rubble** defined as waste consisting of broken bricks, sand stone, cement, plaster and similar inert materials, but excluding paper, plastic wood, glass, metal and hazardous waste. Clean builders rubble is utilised for construction temporary roads on disposal sites and therefore should not damage vehicle tyres.
