

Ons is rommelbewus. En jy?

'n Skoner, gesonder en veiliger buurt – dis wat gebeur wanneer mense kragte saamsnoer om 'n rommelbewuste gemeenskap te vorm. Dis 'n drierigting-vennootskap tussen plaaslike inwoners, plaaslike bestuur en plaaslike media.

Die doel daaragter is om plaaslike probleme met plaaslike oplossings te bekamp.

Rommelstrooi en onwettige storting gee aanleiding tot afval wat nie binne die munisipale afvalbestuur-stelsel beland nie.

Hierdie stelsel is spesiaal ingerig om alle afval op 'n doeltreffende en veilige wyse te bestuur.

Jy kan jou bydrae lewer deur die inisiatief aan te sluit om jou gemeenskap rommelbewus te maak.

Alle navrae oor skoonmaak van bepaalde gebiede, vullisverwydering, onwettige storting, verwydering van dierkarkasse, bel asb.

HIERDIE STAD WERK VIR JOU

We're wise about waste. Are you?

A cleaner, healthier and safer neighbourhood – that's what happens when people get together to form a waste wise community. It's a three-way partnership between local residents, local government and local media. It's about dealing with local problems by coming up with local solutions.

Littering and illegal dumping creates waste that does not get into the municipal waste management system. This system is set up to manage waste efficiently and safely. Residents pay for this service by means of standard service charges and rates.

You can help by joining the drive to make your community waste wise.

All enquiries about area cleaning, refuse collection, illegal dumping, removal of dead animals, please telephone 0860 103 089.
