**CITY OF CAPE TOWN (the City)
EVENTS Policy (the Policy)
PROJECT PLAN**

Financial Year (the City's financial year): 1 July 2020 to 30 June 2021

No.:	DETAILS AND REQUIREMENTS
1.	ORGANISATION: Western Cape Climbing
2.	AIMS AND OBJECTIVES OF ORGANISATION: Western Cape Climbing is the official sporting Federation Governing the sport of climbing in the Western Cape. The organisation is affiliated with SASCOC through the National Federation SANCF and the International Climbing Federation (IFSC). The objectives are to administer and grow sport climbing in Cape Town and the Western Cape.
3.	PROJECT OR PROGRAMME DETAILS:
3.1	Project or Programme Description – What is the proposed project's focus, purpose or level of intervention? We have been granted the opportunity to host the African Continental Championships in March 2020. This aim of this competition is to determine the male and female champions of the combined Olympic format. These two climbers will then qualify to enter the Olympic Games in Tokyo 2020. This competition will be closely watched by the climbing community around the world as they look to see who will represent Africa at the Olympic games. We of course have high hopes for some of our Cap Town climbers who are favourites to win the competition. This exposure will be a huge boost to the growth of the sport in South Africa and Cape Town. Our success in managing this project will go a long way to assuring Cape Town of a fixture place in the Climbing World Cup Circuit, an ambition of ours.
3.2	Location/area - Where will this project be carried out? I.e. What is the target area? Target: The Competition will be held at a commercial venue in Cape Town that has been approved by the international Federation. The competition will host climbers from the rest of South Africa and some African countries that take part.

3.3	Number of attendees and/or participants: How many people attend the event? There will be 20 male and 20 Female climbers taking part in this four day event and we expect approximately 200 spectators per day to attend in person. The event will be live streamed with an expected viewership of around 10,000 We expect approximately 200 locals to attend the event. This will be ticketed and controlled as the venue has limited capacity for spectators.
3.4	Beneficiaries - Which community (the target community or group) will benefit from this project? The direct beneficiaries will be those selected climbers from South Africa and other African countries that have made it through the appropriate selection procedures. Indirectly we will grow the sport in Cape Town and continue with the support for our successful transformation and development projects.
3.5	Sponsorship objectives: Which companies are sponsoring the event? At present we have no confirmed sponsors although we have approached a number of local suppliers and businesses. Some have indicated a willingness to provide gear or product as prizes for the podium winners.
3.6	Swot Analysis: Strengths and Weaknesses: Strengths: The endorsement by the international federation and organisational assistance from the British officials are definite strengths. This coupled with our own experience of hosting the National Championships and setting the benchmark at the time. Weaknesses: We are a small federation and must recognise our limited financial resources. The fact that the venue is a commercial facility is not ideal and in years to come we hope to construct a dedicated competition wall.
3.7	Opportunities: How will you grow your event: The marketing opportunities worldwide are great and we hope to leverage these to bring more international climbers, coaches and routsetters to Cape Town each year. This event will be held every four years and as a selection to the Olympic games only the exposure will grow. The number of participants is fixed by the IFSC and IOC. We are, however, planning to pitch to place Cape Town on the World Cup circuit for an annual or bi-annual event.
3.8	Threats: Any concerns about the event: Lack of funding is a concern. In mitigation, we have backup plans where the scope will be modified to match the budget available.

3.9	Marketing and Media: Brief information on the plans (challenges): We have already had interest from much of the local press and TV with producers planning • A documentary movie of "The road to Tokyo" • Profiling of some of our athletes for a feature on Kyknet • Short features on Espresso and other magazine programs. • Live streaming to the climbing community.
3.10	Economic Development and Tourism impact: Climbing is already growing in stature in the Western Cape with many hundreds of internationals visiting the Cederberg and climbing areas surrounding Cape Town. With the exposure that will result from this event we expect the numbers to double within two years and continue to increase. The Western Cape has some of the best climbing worldwide and as an adventure sport destination still has huge potential.
3.11	Legacy: On this first international competition the major legacy left will be in international training our officials and route setters to upskill them and enable more such events in the future. Charitable donations are also a likely beneficiary and we have an international charitable foundation Climbers Against Cancer (CAC) who have indicated that they would like to hand over a donation of approx £250,000 to an approved cancer research facility.

4. BUDGET

4.1

Expenditure Budget - What is the anticipated expenditure to be incurred on this specific project or programme and what will the money be spent on? **NOTE:** - Transfer funding RECEIVED FROM THE CITY CANNOT BE USED TO FUND salaries and wages, municipal service accounts, telephone accounts, general administration expenses, etc. Any transfer funding that your organisation may receive from the City must only be used to fund expenditure directly related to the approved event ensuring that the target beneficiaries receive the full benefit of the transfer funding which will not happen if any funds are misused or are used to fund the types of expenditure mentioned. Your organisation must fund your own normal operating costs and any structures and other improvements made to your property and / or buildings. Your organisation must be properly registered, established and viable and provide the City with copies of your audited Annual Financial Statements where transfer funding received from the City is R50 000 or above or Income and Expenditure statement where transfer funding is less than R50 000.
