SCMB 07/02/18 **PROCUREMENT OF GOODS/SERVICES/CONSTRUCTION FROM ANOTHER ORGAN OF STATE: FIELD RECORDING AND GIS DATA CAPTURE OF ELECTRICAL PLANT AND RETICULATION**

Members of the committee felt as the tender was previously issued by Centlec (SoC) Ltd after a competitive tender process and awarded to Giscoe under contract RFP 48/2016, this project should also be awarded as a contract secured by an Organ of State.

In response to questions raised regarding the contract period and the recommendation not referring to an Organ of State, the official explained that the line department had to follow the existing contract and it was intended that the proposed contract end when the original contract expire and the contract is awarded to a service provider contracted to an Organ of State.

In response to further questions raised whether it was foreseen that the contract could extend beyond three years in order that a Section 33 process could be pursued, the official explained that it was discovered only upon completion of the original project that certain data was omitted.

The official indicated that the contract would end on 31 March 2018.

RESOLVED that for the reasons set out in the report and in accordance with Clause 20.1 of the SCM Policy that Giscoe (Pty) Ltd be appointed for field recording and GIS data capture of electrical plant and reticulation from the date of commencement of contract until 31 March 2020, as follows:
