In response to questions raised regarding the financial implications, the official explained that a one year contract was required as the Library and Information Services will be migrating to a new library management system.

In response to questions raised regarding Legal Services still vetting the service level agreement for 2018, the official said it was an operational systems agreement and would be finalised at a later stage and does not influence the requirement for payment.

RESOLVED that for the reasons set out in the report and in accordance with Clause 20 (1) of the Supply Chain Management Policy, the State Information Technology Agency (SITA) be appointed for the Library and Information Services (LIS) Department's Library Management System (LMS), SLIMS/Brocade®, in the amount of R1 739 596.25 (excl. VAT), plus an amount of R159 379.05 (excl. VAT) for Network Port Support Service, from 1 July 2018 until 30 June 2019.

ACTION: E BEZUIDENHOUT, JF DEKKER
