LETTER OF APPOINTMENT

**TENDER 102C/2016/17: PROVISION OF PROFESSIONAL PROJECT MANAGEMENT SERVICES TO PLAN, DESIGN
AND MONITOR INTEGRATED HUMAN SETTLEMENT DEVELOPMENTS WITHIN THE CITY OF CAPE TOWN**

Dear Sir,

With reference to our letter issued to you on the [redacted] we are pleased to inform you [redacted] terms
of Section 33 of the MFMA, the award of this tender [redacted] approved by Council on the 3 [redacted].
We advise that once the tender document (now called the contract) is signed by the City [redacted] you
will be contacted to arrange for the collection of one fully completed original copy of this agreement.

Based upon the evaluation results and your fee per erf submitted in the contract document, your services
will be required on our **Vlakte Plaas Housing Project**, which is expected to yield an estimated **4300**
housing units.

As you will form part of a team of consultants appointed to this project, the City's Internal Project
Manager will be contacting you shortly to arrange an introduction meeting, at which the project team
will be introduced and a high level overview of the project will be explained.

F.2 Tenderer's obligations

F.2.1 Eligibility

Tender

Part T1: Tendering procedures

Reference No. 102C/2016/17

Add the following to F.2.1.1

F.2.1.1 Only those tenderers who satisfy the following eligibility criteria are eligible to submit tenders:

F.2.1.1.1 City of Cape Town Supplier Database Registration

Only those tenderers who are registered on the City of Cape Town's Supplier Database as a service provider prior to the evaluation of submissions are eligible to have their tender evaluated (the evaluation of tenders takes place when the Employer's Bid Evaluation Committee meets to make a final recommendation to the Bid Adjudication Committee). The Employer will only enter into a formal contract with a tenderer who is registered on the City of Cape Town's Supplier Database. In the case of Joint Venture partnerships this requirement will apply individually to each party of the Joint Venture.

Tenderers who wish to register on the City of Cape Town's Supplier Database may collect registration forms from the Supplier Management Unit located within the Tender Distribution Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5). Registration forms and related information are also available on the City of Cape Town's website www.capetown.gov.za (follow the Supply Chain Management link to "Supplier registration").

F.2.1.1.1.A National Treasury Web Based Central Supplier Database (CSD) Registration

Tenderers are required to be registered on the National Treasury Web Based Central Supplier Database (CSD) as a service provider. Tenderers must register as such upon being requested to do so in writing and within the period contained in such a request, failing which no orders can be raised or payments processed from the resulting contract. In the case of Joint Venture partnerships this requirement will apply individually to each party of the Joint Venture.

Tenderers who wish to register on the National Treasury Web Based Central Supplier Database (CSD) may do so via the web address <https://secure.csd.gov.za>.

It is each tenderer's responsibility to keep all the information on the National Treasury Web Based Central Supplier Database (CSD) updated.

F.2.1.1.2 Local office

In order to be considered for an appointment in terms of this tender, tenderers must have an office in the Cape Town Municipal area, or within 200km radius from the City of Cape Town CBD, through which all communication with the employer will flow, and where the majority of work in terms of this tender will be carried out. The address of the local office must be indicated on Schedule 1, Part T2.2: Returnable Schedules, and which will be regarded as the *domicilium citandi et executandi* for the purposes of any contract arising from this tender submission.

F.2.1.1.3 Key personnel

In order to be considered for an appointment in terms of this tender, the tenderer must have the following key personnel in its permanent employment at the close of tender. Alternatively, a signed undertaking from a specialist consultant/firm having the required personnel, stating that they will undertake the necessary work on behalf of the tenderer in terms of a sub-consultant agreement, will be acceptable. Such undertaking must be attached to **Schedule 9, Part T2.2: Returnable Schedules**.

Unless otherwise indicated below different individuals must be identified for each of the key personnel listed below and on **Schedule 9, Part T2.2: Returnable Schedules**. Minimum requirements in respect of for example Key Personnel:

- a) **A Project Manager** with at least a bachelor's degree qualification in the built environment, and at least 7 (seven) years verifiable post graduate experience in the management of planning and implementation of low-cost or affordable housing developments who will assume full contractual responsibility with the employer and full responsibility for the professional team and all the work carried out in terms of this tender, which is primarily assembling, managing and driving the professional team. The Project Manager must be a member of a relevant and recognised professional body or institute and must provide current proof in this regard.

The Project Manager must currently be registered with a relevant professional body, e.g. SACPCMP, Engineering Council of South Africa etc. The registration numbers of these individuals must be indicated on Schedule 9, Part T2.2: Returnable Schedules. The Curriculum Vitae and proof of registration of all key personnel (including sub-consultants), must be submitted with the tender submission, appended to Schedule 9. Key personnel will be expected to operate out of the local office, as the exigencies of this project require.

Where required, the professional registration numbers of the key personnel must be indicated on Schedule 9, Part T2.2: Returnable Schedules. The *curriculum vitae* of all key personnel (including sub-consultants), must be submitted with the tender submission, appended to Schedule 9.

F.2.1.1.4 Support resources

The Project Manager must have access to, and familiarity with, a competent Project Management package that is capable overseeing all facets of the project. Details of the software package that will be used must be indicated on **Schedule 10, Part T2.2: Returnable Schedules**.

F.2.1.1.5 Professional indemnity insurance

The employer shall not award a contract to any tenderer that does not hold valid Professional Indemnity (PI) insurance providing cover in an amount of not less than R5 000 000 in respect of each and every claim during the period of insurance. Proof of insurance or confirmation from a reputable Insurance Broker that the Tenderer is eligible for the prescribed professional indemnity insurance cover should he/she be awarded the contract, must be submitted with the tender, appended to **Schedule 11, Part T2.2: Returnable Schedules**.

Where the entity tendering is a joint venture then the value of the PI insurance cover required may be shared between the joint venture partners in proportion to the percentage contribution of each party to the joint venture.

F.2.1.1.6 Track record of tenderer

In order to be considered for an appointment in terms of this tender, the tenderer must have successfully completed at least three subsidy housing projects in the past 10 years.

F.2.1.1.7 Minimum score for quality

In order to be considered for a contract in terms of this tender, tenderers must achieve the minimum score for quality as stated below.

The description of the quality criteria and the maximum possible score for each is shown in the table below. The score achieved for quality will be the sum of the scores achieved for the individual criteria

Description of Quality Criteria	Maximum possible score
Proposed work plan (approach and methodology)	10
Specific experience of key personnel	50
Availability/allocation of Resources	10
Track record of tenderer (with respect to Subsidy Housing Developments)	30
Maximum possible score	100 points

The minimum score for quality is 60 out 100 points. Tenderers that fail to achieve the minimum score for quality will not be further considered for evaluation.

A more detailed explanation of the quality criteria is given below:

Note: Where the entity tendering is a joint venture a score for track record will be awarded to each party to the joint venture, which will then be combined in proportion to the percentage contribution of each party to the joint venture.

Proposed Work Plan

A proposed work plan must be provided with the tender submission, attached to Schedule 13, Part T2.2: Returnable Schedules, which must be of sufficient detail (but preferably not more than 5 pages in length) to indicate that the project brief has been understood. That is, tenderers must show that they have appreciated the brief and have good insight as to what actions or activities are required and what challenges are to be overcome (the key issues), and indicate the approach and methodology that they intend following in order to reach the required outcome. Up to 10 score points for this aspect of the tender submission will be awarded, with the applicable values as follows:

PROPOSED WORK PLAN SCORING CHART

Description	Highest Scoring Options		
1. Identification of project brief and key issues pertaining to the execution of the Project	Good (4 points)	Fair (2 point)	Poor (1 points)
2. Approach to/methodology for resolving key issues as mentioned above	Good (6 points)	Fair (4 points)	Poor (2 point)

Reference No. 102C/2016/17

- F.2.16 Tender offer validity**
Add the following to F.2.16.1:
- F.2.16.1** The tender offer validity period is **12 weeks (84 days)**. Tenderers are also referred to F.4.11 in respect of the Section 33 process.
- Replace sub-clause F.2.16.2 with the following:*
- F.2.16.2** Tender offers shall be deemed to remain valid until formal acceptance by the Employer of an offer at any time after the expiry date of the original tender offer validity period, unless the Employer is notified in writing of anything to the contrary, including any further conditions, by the tenderer.
- Any further conditions introduced by the tenderer will be considered at the sole discretion of the Employer.
- F.2.17 Clarification of tender offer after submission**
Add the following:
 A tender may be rejected as non-responsive if the tenderer fails to provide any clarification requested by the employer within the time for submission stated in the employer's written request for such clarification.
- F.2.18 Provide other material**
Delete the following word in F.2.18.1:
- F.2.18.1** notarized
- Add the following to F.2.18.1:*
- F.2.18.1** Provide, on written request by the Employer, where the transaction value (tendered amount) inclusive of VAT **exceeds R 10 million**:
- a) audited annual financial statement for the past 3 years, or for the period since establishment if established during the past 3 years, if required by law to prepare annual financial statements for auditing;
 - b) a certificate certifying that the tenderer has no undisputed commitments for municipal services towards a municipality or other service provider in respect of which payment is overdue for more than 30 days;
 - c) particulars of any contracts awarded to the tenderer by an organ of state during the past five years, including particulars of any material non-compliance or dispute concerning the execution of such contract;
 - d) a statement indicating whether any portion of the goods or services are expected to be sourced from outside the Republic, and, if so, what portion and whether any portion of payment from the municipality or municipal entity is expected to be transferred out of the Republic.
- Each party to a Consortium/Joint Venture shall submit separate certificates/statements in the above regard.
- F.2.23 Certificates**
Add the following:
 The tenderer is required to submit the following:
- F.2.23.1 Evidence of tax compliance**
- Tenderers shall be registered with the South African Revenue Service (SARS) and their tax affairs must be in order and they must be tax compliant. In this regard, it is the responsibility of the Tenderer to submit evidence in the form of a valid Tax Clearance Certificate issued by SARS to the Employer at the Supplier Management Unit located within the Tender Distribution Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5), or included with this tender. The tenderer must also provide its Tax Compliance Status PIN number on the **Compulsory Enterprise Questionnaire**
- Each party to a Consortium/Joint Venture shall submit a separate Tax Clearance Certificate.
- Tenderers are to note that the Employer will not award a contract to a Tenderer whose tax matters are not in order
- F.2.23.2 Broad-Based Black Economic Empowerment Status Level Documentation**
 In order to qualify for preference points, it is the responsibility of the tenderer to submit documentary proof, either as certificates or sworn affidavits, of its B-BBEE status level of contribution in accordance with the applicable Codes of good practise as issued by the Department of Trade and Industry, to the CCT at the Supplier Management Unit located within the Tender

Distribution Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5) or included with the tender submission.

Consortiums/Joint Ventures will qualify for preference points, provided that the entity submits the relevant certificate/scorecard in accordance with the applicable codes of good practise. Note that, in the case of unincorporated entities, a verified consolidated B-BBEE scorecard must be submitted in the form of a certificate with the tender.

Tenderers are further referred to the content of the **Preference Schedule** for the full terms and conditions applicable to the awarding of preference points.

The applicable code for this tender is the **Amended Codes of Good Practise (Generic Scorecard)** unless in possession of a valid sector certificate.

The tenderer shall indicate in Section 4 of the **Preference Schedule** the Level of Contribution in respect of the enterprise status or structure of the tendering entity (the supplier).

F.3 The Employer's undertakings

F.3.2 Issue Addenda

Add the following:

Notwithstanding any requests for confirmation of receipt of Addenda issued, the tenderer shall be deemed to have received such addenda if the employer can show proof of transmission thereof (or a notice in respect thereof) via electronic mail, facsimile or registered post.

F.3.4 Opening of tender submissions

Add the following to F.3.4.1:

F.3.4.1 The time and location for opening of the tender offers is:

Time: Tenders will be opened immediately after the closing time for receipt of tenders as stated in the Tender Notice and Invitation to Tender, or as stated in any Addendum extending the closing date.

Location: Tender Submission Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town.

F.3.8 Test for responsiveness

Replace sub-clause F.3.8.1 with the following:

F.3.8.1 Determine, after opening and before detailed evaluation, all tender offers properly received;

- a) complies with the requirements of the Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

Add the following two sub-clauses after F.3.8.2:

F.3.8.3 Tenders will be considered non-responsive if, inter alia:

- a) the tender is not in compliance with the Scope of Work;
- b) the tenderer does not comply with the CIDB registration (active status) and contractor grading designation specified in F.2.1.1.2 above;
- c) the tenderer has failed to clarify or submit any supporting documentation within the time for submission stated in the employer's written request as stated in F.2.17;
- d) the tenderer has failed to achieve the minimum score for quality as stated in F.2.1.1.3;
- e) the tenderer is not compliant with the requirements for local content as stated in F.2.1.1.4.

Tenders may also be declared non-responsive if it is determined on reasonable grounds or evidence that the tenders are submitted by:

- f) tenderers who, notwithstanding having submitted duly completed certificates of independent tender determination (Returnable Schedule 2), are nevertheless deemed to have knowledge of the contents of any other tenderer's offer;
- g) tenderers in a horizontal relationship which has the effect of substantially preventing or lessening competition in a market, subject to the exceptions as set out in section 4(1)(a) of the Competitions Act, 89 of 1998;
- h) tenderers who are presumed to be firms engaged in a restrictive horizontal practice as contemplated in section 4(1)(b) read with section 2 of the Competitions Act, 89 of 1998;
- i) tenderers in a vertical relationship which has the effect of substantially preventing or lessening competition in a market, subject to the exceptions as set out in section 5(1) of the Competitions Act, 89 of 1998.

F.3.8.4 The Employer reserves the right to accept a tender offer which does not, in the Employer's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender documents.

F.3.11 Evaluation of tender offers

F.3.11.1 General

Add the following:

The Employer shall adopt the following procedure when evaluating tender submissions:

- Step 1 (Only applicable where a minimum score for quality has been prescribed as a eligibility criterion). Evaluate all valid tender submissions in order to determine whether or not the minimum score for quality has been achieved. A tender will only be considered further if it achieves the required minimum quality score.
- Step 2 Conduct a preliminary ranking using **Method 2 Financial Offer and Preference** in accordance with F.3.11.3 a), b) and c) (excluding any tenders eliminated in Step 1)
- Step 3 Test three highest preliminary ranked tender offers for responsiveness, and reject any found to be non-responsive. Test additional tenders if necessary to ensure that a detailed evaluation of at least three responsive tenders is carried out, with Pm in Formula 2 (Option 1) (refer to F.3.11.7 below) being the most favourable comparative offer of the three.
- Step 4 Carry out a detailed evaluation of all of the highest preliminary ranked responsive tender offers as determined in Step 3.
- Step 5 Complete final ranking of tender offers and make a recommendation for award in accordance with F.3.11.3 c), d) and e). Note that, unless determined otherwise, all tender offers shall be deemed to be responsive and shall be included in the final ranking of tenders.

F.3.11.3 Method 2: Financial offer and preferences

Add the following to F.3.11.3 d):

Such reasons (objective criteria) include whether the recommended tenderer:

- a) has demonstrated that it has the necessary resources and skills required to fulfil its obligations in terms of the tender document;
- b) poses any commercial or legal risk to the City;
- c) is currently subject to action in accordance with the policy for combating abuse of the Supply Chain Management System.

F.3.11.7 Scoring Financial Offers

Add the following:

The financial offer will be scored using **Formula 2 (Option 1)** where the value of W_1 is 90 points

F.3.11.8 Scoring Preferences

Add the following:

Points will be awarded to tenderers who are eligible for preferences in terms of Schedule 19: Preferencing Schedule (where preferences are granted in respect of B-BBEE contribution) which is included in T2.2 Returnable Schedules.

The terms and conditions of Schedule 19 shall apply in all respects to the tender evaluation process and any subsequent contract.

Points for Preference

A maximum of 100 minus W_1 tender evaluation points will be awarded for preference to tenderers with responsive tenders, who are eligible for such preference, in accordance with the criteria listed below.

The Tenderer shall indicate on the **Preference Schedule** his or her company/firm/entity's B-BBEE status level of contributor.

Up to 10 tender evaluation points (N_p) will be awarded for the level of B-BBEE contribution, in accordance with the tables below:

Exempted Micro Enterprises (EMEs)

Black Ownership	Deemed B-BBEE Status Level of Contributor	Number of Points (N_p)
less than 51%	4	5

at least 51% but less than 100%	2	9
100%	1	10

Qualifying Small Enterprises (QSEs)

1	10
2	9
3	8
4	5
5	4
6	3
7	2
8	1
Non-compliant contributor ¹	0

¹ A non-compliant contributor is one who does not meet the minimum score for a level 8 contributor, or who is not verified in terms of the Construction Codes of Good Practice.

Add the following new sub-clause after F.3.11.9:

F.3.11.10

Risk Analysis

The employer will perform a risk analysis in respect of the following:

- reasonableness of the financial offer
- reasonableness of unit rates and prices
- the tenderer's ability to fulfill its obligations in terms of the tender document, that is, that the tenderer can demonstrate that he/she possesses the necessary professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, capacity, experience, reputation, personnel to perform the contract, etc.; the employer reserves the right to consider a tenderer's existing contracts with the City of Cape Town in this regard

No tenderer will be recommended for an award unless the tenderer has demonstrated to the satisfaction of the employer that he/she has the resources and skills required.

F3.13

Acceptance of tender offer

Add the following to F.3.13:

F.3.13.1

Tender offers will only be accepted if:

- the tenderer is registered and in good standing with the South African Revenue Service (SARS) and has submitted evidence in the form of an **original** valid Tax Clearance Certificate issued by SARS;
- the tenderer or any of its directors is not listed on the Register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act, 12 of 2004 as a person prohibited from doing business with the public sector;
- the tenderer has not:
 - abused the Employer's Supply Chain Management System; or
 - failed to pay municipal rates and taxes or service charges and such rates, taxes and charges are not in arrears for more than three months;
- the tenderer has completed the Compulsory Enterprise Questionnaire and there are no conflicts of interest which may impact on the tenderer's ability to perform the contract in the best interests of the employer or potentially compromise the tender process.

F.3.13.2

Disputes, objections, complaints and queries

In terms of Regulations 49 and 50 of the Local Government: Municipal Finance Management Act, 56 of 2003 – Municipal Supply Chain Management Regulations (Board Notice 868 of 2005):

- Persons aggrieved by decisions or actions taken by the City of Cape Town in the implementation of its supply chain management system, may lodge within 14 days of the decision or action, a written objection or complaint or query or dispute against the decision or action.
- Objections, complaints, queries and disputes must be submitted in writing to the Manager: Statutory Compliance (Compliance and Auxiliary Services: Legal Services), 20th Floor, Tower

Block, Civic Centre, 12 Hertzog Boulevard, Cape Town or posted to Private Bag X9181, Cape Town, 8000 or faxed to (021) 400 5830.

F.3.13.3 Appeals

- a) In terms of Section 62 of the Local Government: Municipal Systems Act, 32 of 2000 a person whose rights are affected by a decision taken by the City in the implementation of its supply chain management system, may appeal against that decision by giving written notice of the appeal and reasons to the City Manager within 21 days of the date of the notification of the decision.
- b) An appeal must contain the following:
 - i) Reasons and/or grounds for the appeal
 - ii) The way in which the appellants rights have been affected
 - iii) Remedy sought by appellant

Appeals must be submitted in writing to the Manager: Statutory Compliance (Compliance and Auxiliary Services: Legal Services), 20th Floor, Tower Block, Civic Centre, 12 Hertzog Boulevard, Cape Town or posted by registered post to Private Bag X9181, Cape Town, 8000 or via fax at: 086 202 9981 or 021 400 5830.

F.3.13.4 Right to approach the courts and rights in terms of Promotion of Administrative Justice Act, 3 of 2000 and Promotion of Access to Information Act, 2 of 2000

Clauses F.3.13.2 and F.3.13.3 do not influence any affected person's rights to approach the High Court at any time or its rights in terms of the Promotion of Administrative Justice Act and Promotion of Access to Information Act.

- a) All legal process and pleadings must be served on the Administrative Manager (Compliance and Auxiliary Services: Legal Services), 20th Floor, Tower Block, Civic Centre, 12 Hertzog Boulevard, Cape Town.
- b) All requests in terms of PAJA and PAIA must be submitted in writing to the Manager: Statutory Compliance (Compliance and Auxiliary Services: Legal Services), 20th Floor, Tower Block, Civic Centre, 12 Hertzog Boulevard, Cape Town, or faxed to (021) 400 5830 or 086 202 9981, by e-mail to access2info.act@capetown.gov.za.

F.3.16

Notice to unsuccessful tenderers

Replace the heading above with:

Notice to successful and unsuccessful tenderers

Add the following to F.3.16.1:

F.3.16.1

Before accepting the tender of the successful tenderer the Employer shall notify the successful tenderer in writing of the decision of the Employer's Bid Adjudication Committee to award the tender to the successful tenderer. No rights shall accrue to the successful tenderer in terms of this notice, and only once the processes described in F.3.13.2 and F.3.13.3 above have been completed can the Employer sign the Acceptance part of the Form of Offer and Acceptance.

F.3.16.2

Replace sub-clause F.3.16.2 with the following:

The Employer shall, at the same time as notifying the successful tenderer of the Bid Adjudication Committee's decision to award the tender to the successful tenderer, also give written notice to the other tenderers informing them that they have been unsuccessful.

F.3.17

Provide copies of the contract

Add the following:

The number of paper copies of the signed contract to be provided by the Employer is one.

F.4

Additional Conditions of Tender

The additional conditions of tender are:

F.4.1

Compliance with Occupational Health and Safety Act 1993

Tenderers are to note the requirements of the Occupational Health and Safety Act, 85 of 1993 and the Construction Regulations, 2003 issued in terms of Section 43 of the Act. The tenderer shall be deemed to have read and fully understood the requirements of the above Act and Regulations and to have allowed for all costs in compliance therewith. Tenderers are to note that the Service Provider is required to ensure that all sub-consultants/sub-contractors or others engaged in the performance of this contract also comply with the above requirements.

F.4.2

Claims arising after submission of tender

No claim for any extras arising out of any doubt or obscurity as to the true intent and meaning of anything contained in the Conditions of Contract, Scope of Work and Pricing Data, will be admitted by the Employer after the submission of any tender and the Tenderer shall be deemed to have:

- a) read and fully understood the whole text of the Contract Data, Scope of Work and Pricing Data and thoroughly acquainted himself with the nature of the works proposed and generally of all matters which may influence the Contract.
- b) visited the site of any proposed works.
- c) requested the Employer or his duly authorised agent to make clear the actual requirements of anything contained in the Scope of Work and Pricing Data, the exact meaning or interpretation of which is not clearly intelligible to the Tenderer.
- d) received any Addenda to the tender documents which have been issued in accordance with the Employer's Supply Chain Management Policy.

Before submission of any tender, the Tenderer should check the number of pages, and if any are found to be missing or duplicated, or the figures or writing indistinct, or if the Pricing Data contain any obvious errors, the Tenderer must apply to the Employer's Agent at once to have the same rectified, as no liability will be admitted by the Employer in respect of errors in any tender due to the foregoing.

F.4.3

Imbalance in tendered rates

In the event of tendered rates or lump sums being declared by the Employer to be unacceptable to it because they are not priced, either excessively low or high, or not in proper balance with other rates or lump sums, the Tenderer may be required to produce evidence and advance arguments in support of the tendered rates or lump sums objected to. If, after submission of such evidence and any further evidence requested, the Employer is still not satisfied with the tendered rates or lump sums objected to, it may request the Tenderer to amend these rates and lump sums along the lines indicated by it.

The Tenderer will then have the option to alter and/or amend the rates and lump sums objected to and such other related amounts as are agreed on by the Employer, but this shall be done without altering the tender offer as tendered or, if applicable, the corrected total of prices in accordance with F.3.9.3.

Should the Tenderer fail to amend his tender in a manner acceptable to and within the time stated by the Employer, the Employer may reject the Tender.

F.4.4

Invalid tenders

Tenders shall be considered invalid by the Bid Evaluation Committee if:

- a) the tender offer (including the tender price/amount) is not submitted on the Form of Offer and Acceptance (form C1.1, Part C1: Agreements and Contract Data);
- b) the returnable document is not completed in non-erasable handwritten, or printed, ink or toner;
- c) the Form of Offer and Acceptance has not been signed with an original signature;
- d) the Form of Offer and Acceptance is signed, but the name of the tenderer is not stated or is indecipherable;
- e) in a two envelope system, the tenderer fails to submit a separately sealed financial offer.

F.4.5

Negotiations with preferred tenderers

The Employer may negotiate the final terms of a contract with tenderers identified through a competitive tendering process as preferred tenderers provided that such negotiation:

- a) does not allow any preferred tenderer a second or unfair opportunity;
- b) is not to the detriment of any other tenderer; and
- c) does not lead to a higher price than the tender as submitted.

If negotiations fail to result in acceptable contract terms, the Employer may terminate the negotiations and invite the next ranked tenderer for negotiations. The original preferred tenderer will be informed of the reasons for termination of the negotiations. Once negotiations are commenced with the next ranked tenderer, the Employer will not re-open earlier negotiations.

Minutes of any such negotiations shall be kept for record purposes.

F.4.6

General supply chain management conditions applicable to tenders

In terms of its Supply Chain Management Policy the Employer may not consider a tender unless the provider who submitted the tender:

- a) has furnished the Employer with that provider's:
 - i) full name;
 - ii) identification number or company or other registration number; and
 - iii) tax reference number and VAT registration number, if any;
- b) has indicated whether:

- i) the provider is in the service of the state, or has been in the service of the state in the previous twelve months;
 - ii) if the provider is not a natural person, whether any of the directors, managers, principal shareholders or stakeholders is in the service of the state, or has been in the service of the state in the previous twelve months; or
 - iii) whether a spouse, child or parent of the provider or of a director, manager, shareholder or stakeholder referred to above is in the service of the state, or has been in the service of the state in the previous twelve months.
- c) has attended a compulsory clarification meeting, where applicable.

Irrespective of the procurement process followed, the Employer is prohibited from making an award to:

- d) a person who is in the service of the state;
- e) a juristic entity of which any director, manager, principal shareholder or stakeholder is in the service of the state;
- f) an advisor or consultant contracted with the Employer; or
- g) a person, advisor or corporate entity involved with the bid specification committee, or a director of such corporate entity. "Involved with the bid specification committee" includes where a person, advisor or corporate entity (or its director) was involved in the initial stages of the project which resulted in the specification; and they are therefore prohibited from tendering for resulting contracts.

In this regard, tenderers shall complete Schedule 1, Part T2.2: Returnable Schedules: Compulsory Enterprise Questionnaire. Failure to complete this schedule may result in the tender not being considered.

F.4.7 **Combating abuse of the Supply Chain Management Policy**

In terms of the its Supply Chain Management Policy, the Employer may reject the tender of any tenderer if that tenderer or any of its directors has:

- a) failed to pay municipal rates and taxes or municipal service charges and such rates, taxes and charges are in arrears for more than three months;
- b) failed, during the last five years, to perform satisfactorily on a previous contract with the Employer or any other organ of state after written notice was given to that tenderer that performance was unsatisfactory;
- c) abused the supply chain management system of the Employer or has committed any improper conduct in relation to this system;
- d) been convicted of fraud or corruption during the past five years;
- e) wilfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
- f) been listed with the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act, 12 of 2004 or has been listed on National Treasury's Database of Restricted Suppliers as a person or juristic entity prohibited from doing business with the public sector.

In this regard, tenderers shall complete Schedules 2 and 4, Part T2.2: Returnable Schedules: Certificate of Independent Tender Determination and Declaration of Tenderer's past Supply Chain Management Practices, respectively. Failure to complete these schedules may result in the tender not being considered.

F.4.8 **UIF payments**

The Tenderer shall submit to the Employer a letter from the Industrial Council indicating his good standing with regard to UIF payments upon being requested to do so.

F.4.9 **Consultancy services provided to organs of state**

In terms the Municipal Supply Chain Management Regulations (Board Notice 868 of 2005), and the Employer's Supply Chain Management Policy, tenderers must furnish the Employer with particulars of all consultancy services provided to an organ of state in the last five years, and of any similar services provided to an organ of state in the last five years. The information required is not limited to the local office only, but should include services provided by all offices country wide.

In this regard, tenderers shall complete Schedule 7, Part T2.2: Returnable Schedules: Consultancy Services Provided to Organs of State. Failure to complete this schedule may result in the tender not being considered.

F.4.10 **Requests for contract documents, or parts thereof, in electronic format**

The Employer shall not formally issue tender documents in electronic format as contemplated in F.2.13.2 and F.2.13.3 and shall only issue tender documents in hardcopy. An electronic version of

the issued tender documents may be made available to the tenderer, upon written request in terms of this clause, subject to the following:

- a) Electronic copies of the issued tender documents, or parts thereof, will only be provided to tenderers who have been issued with the tender documents as contemplated in F.1.2 in hardcopy.
- b) The electronic version shall not be regarded as a substitute for the issued tender documents.
- c) The Employer shall not accept tenders submitted in electronic format. Only those tenders that have been completed on the issued hard copy tender document shall be considered, provided that printed Activity Schedules, in the same format (that is layout, scheduled items and quantities) as those issued electronically by the Employer, may be submitted with the tender as stated in F.2.13.2. Where Addenda have been issued which amend the Activity Schedule, then the printed Activity Schedule shall take these into account. The pages of the issued Activity Schedule should not be removed from the tender document.
- d) The Employer accepts no responsibility or liability arising from any reliance on or use of the electronic version provided in terms of this clause. The Employer further does not guarantee that the electronic version corresponds with the issued tender documents in all respects. Tenderers are alerted to the fact that electronic versions of the tender documents may not reflect any notices or addenda that amend the tender document.
- e) Any non-compliance with these provisions, including effecting any unauthorised alterations to the tender documents as contemplated in F.2.11, shall render the tender non-responsive. The Employer reserves the right to take any action against such tenderer allowed in law including, in circumstances where the tender had already been awarded, the right to cancel the contract.
- f) In requesting the electronic version of the tender documents or parts thereof, the tenderer is deemed to have read, understood and accepted all of the above conditions.

F.4.11

Contracts having future budgetary implications

As this project will exceed the current budget cycle, it is subject to Section 33 of the Municipal Finance Management Act, 56 of 2003, and consequently the Employer must follow the required processes in terms of Section 33. These will run concurrently with the procurement process for this tender/contract.

Annex F (normative)

Standard Conditions of Tender

F.1 General

F.1.1 Actions

F.1.1.1 The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in F.2 and F.3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices.

F.1.1.2 The employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

- Note:
- 1) A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position even if no improper acts result.
 - 2) Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty, which would in any way affect any decisions taken.

F.1.1.3 The employer shall not seek and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract.

F.1.2 Tender Documents

The documents issued by the employer for the purpose of a tender offer are listed in the tender data.

F.1.3 Interpretation

F.1.3.1 The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

F.1.3.2 These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

F.1.3.3 For the purposes of these conditions of tender, the following definitions apply:

- a) **conflict of interest** means any situation in which:
 - i) someone in a position of trust has competing professional or personal interests which make it difficult to fulfil his or her duties impartially;
 - ii) an individual or organisation is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or
 - iii) incompatibility or contradictory interests exist between an employee and the organisation which employs that employee.
- b) **comparative offer** means the tenderer's financial offer after all tendered parameters that will affect the value of the financial offer have been taken into consideration in order to enable comparisons to be made between offers on a comparative basis
- c) **corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process; and
- d) **fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels
- e) **organization** means a company, firm, enterprise, association or other legal entity, whether incorporated or not, or a public body

- f) **quality (functionality)** means the totality of features and characteristics of a product or service that bear on its ability to satisfy stated or implied needs.

F.1.4 Communication and employer's agent

Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be readily read, copied and recorded. Communication shall be in the English language. The employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.

F.1.5 The employer's right to accept or reject any tender offer

F.1.5.1 The employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The employer shall not accept or incur any liability to a tenderer for such cancellation and rejection, but will give written reasons for such action upon written request to do so.

F.1.5.2 The employer may not subsequent to the cancellation or abandonment of a tender process or the rejection of all responsive tender offers re-issue a tender covering substantially the same scope of work within a period of six months unless only one tender was received and such tender was returned unopened to the tenderer.

F.1.6 Procurement procedures

F.1.6.1 General

Unless otherwise stated in the tender data, a contract will, subject to F.3.13, be concluded with the tenderer who in terms of F.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.

F.1.6.2 Competitive negotiation procedure

F.1.6.2.1 Where the tender data require that the competitive negotiation procedure is to be followed, tenderers shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of F.3.4, the employer shall announce only the names of the tenderers who make a submission. The requirements of F.3.8 relating to the material deviations or qualifications which affect the competitive position of tenderers shall not apply.

F.1.6.2.2 All responsive tenderers, or not less than three responsive tenderers that are highest ranked in terms of the evaluation method and evaluation criteria stated in the tender data, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information. Notwithstanding the provisions of F.2.17, the employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.

F.1.6.2.3 At the conclusion of each round of negotiations, tenderers shall be invited by the employer to make a fresh tender offer, based on the same evaluation criteria, with or without adjusted weightings. Tenderers shall be advised when they are to submit their best and final offer.

F.1.6.2.4 The contract shall be awarded in accordance with the provisions of F.3.11 and F.3.13 after tenderers have been requested to submit their best and final offer.

F.1.6.3 Proposal procedure using the two stage-system

F.1.6.3.1 Option 1

Tenderers shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The employer shall evaluate each responsive submission in terms of the method of evaluation stated in the tender data, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these conditions of tender.

F.1.6.3.2 Option 2

F.1.6.3.2.1 Tenderers shall submit in the first stage only technical proposals. The employer shall invite all responsive tenderers to submit tender offers in the second stage, following the issuing of procurement documents.

F.1.6.3.2.2 The employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the tender data, and award the contract in terms of these conditions of tender.

F.2 Tenderer's obligations

F.2.1 Eligibility

F.2.1.1 Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with employer.

F.2.1.2 Notify the employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the employer's written approval to do so prior to the closing time for tenders.

F.2.2 Cost of tendering

Accept that, unless otherwise stated in the tender data, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.

F.2.3 Check documents

Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.

F.2.4 Confidentiality and copyright of documents

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

F.2.5 Reference documents

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

F.2.6 Acknowledge addenda

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

F.2.7 Clarification meeting

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

F.2.8 Seek clarification

Request clarification of the tender documents, if necessary, by notifying the employer at least five working days before the closing time stated in the tender data.

F.2.9 Insurance

Be aware that the extent of insurance to be provided by the employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

F.2.10 Pricing the tender offer

F.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.

F.2.10.2 Show VAT payable by the employer separately as an addition to the tendered total of the prices.

F.2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.

F.2.10.4 State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.

F.2.11 Alterations to documents

Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations. Erasures and the use of masking fluid are prohibited.

F.2.12 Alternative tender offers

F.2.12.1 Unless otherwise stated in the tender data submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted. The alternative tender offer is to be submitted with the main tender offer together with a schedule that compares the requirements of the tender documents with the alternative requirements the tenderer proposes.

F.2.12.2 Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.

F.2.13 Submitting a tender offer

F.2.13.1 Submit one tender offer only, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.

F.2.13.2 Return all returnable documents to the employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.

F.2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.

F.2.13.4 Sign the original and all copies of the tender offer where required in terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.

F.2.13.5 Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.6 Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.7 Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.

F.2.13.8 Accept that the employer shall not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.

F.2.13.9 Accept that tender offers submitted by facsimile or e-mail will be rejected by the employer, unless stated otherwise in the tender data.

F.2.14 Information and data to be completed in all respects

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as non-responsive.

F.2.15 Closing time

F.2.15.1 Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery.

F.2.15.2 Accept that, if the employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

F.2.16 Tender offer validity

F.2.16.1 Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.

F.2.16.2 If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.

F.2.16.3 Accept that a tender submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted.

F.2.16.4 Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of F.2.13 with the packages clearly marked as "SUBSTITUTE".

F.2.17 Clarification of tender offer after submission

Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note: Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.

F.2.18 Provide other material

F.2.18.1 Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.

F.2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

F.2.19 Inspections, tests and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

F.2.20 Submit securities, bonds, policies, etc.

If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

F.2.21 Check final draft

Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.

F.2.22 Return of other tender documents

If so instructed by the employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.

F.2.23 Certificates

Include in the tender submission or provide the employer with any certificates as stated in the tender data.

F.3 The Employer's undertakings

F.3.1 Respond to requests from the tenderer

F.3.1.1 Unless otherwise stated in the Tender Data, respond to a request for clarification received up to five working days before the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.

F.3.1.2 Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:

- a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;
- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

F.3.2 Issue Addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date the tender documents are available until three working days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who drew documents.

F.3.3 Return late tender offers

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

F.3.4 Opening of tender submissions

F.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

F.3.4.2 Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, preferences claimed and time for completion for the main tender offer only.

F.3.4.3 Make available the record outlined in F.3.4.2 to all interested persons upon request.

F.3.5 Two-envelope system

F.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.

F.3.5.2 Evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who score in the quality evaluation more than the minimum number of points for quality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any preferences claimed. Return unopened financial proposals to tenderers whose technical proposals failed to achieve the minimum number of points for quality.

F.3.6 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

F.3.7 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

F.3.8 Test for responsiveness

F.3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a) Complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

F.3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

F.3.9 Arithmetical errors, omissions and discrepancies

F.3.9.1 Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.

F.3.9.2 Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with F.3.11 for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the pricing schedule or bills of quantities; or
- c) arithmetic errors in:
 - i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
 - ii) the summation of the prices.

F.3.9.3 Notify the tenderer of all errors or omissions that are identified in the tender offer and either confirm the tender offer as tendered or accept the corrected total of prices.

F.3.9.4 Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows:

- a) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
- b) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

F.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

F.3.11 Evaluation of tender offers

F.3.11.1 General

Appoint an evaluation panel of not less than three persons. Reduce each responsive tender offer to a comparative offer and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data.

F.3.11.2 Method 1: Financial offer

In the case of a financial offer:

- a) Rank tender offers from the most favourable to the least favourable comparative offer.
- b) Recommend the highest ranked tenderer for the award of the contract, unless there are compelling and justifiable reasons not to do so.
- c) Re-rank all tenderers should there be compelling and justifiable reasons not to recommend the highest ranked tenderer and recommend the highest ranked tenderer, unless there are compelling and justifiable reasons not to do so and the process set out in this subclause is repeated.

F.3.11.3 Method 2: Financial offer and preference

In the case of a financial offer and preferences:

- a) Score each tender in respect of the financial offer made and preferences claimed, if any, in accordance with the provisions of F.3.11.7 and F.3.11.8.
- b) Calculate the total number of tender evaluation points (T_{EV}) in accordance with the following formula:

$$T_{EV} = N_{FO} + N_P$$

where: N_{FO} is the number of tender evaluation points awarded for the financial offer made in accordance with F.3.11.7;
 N_P is the number of tender evaluation points awarded for preferences claimed in accordance with F.3.11.8.

- c) Rank tender offers from the highest number of tender evaluation points to the lowest.
- d) Recommend the tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
- e) Rescore and re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation points, and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this subclause is repeated.

F.3.11.4 Method 3: Financial offer and quality

In the case of a financial offer and quality:

- a) Score each tender in respect of the financial offer made and the quality offered in accordance with the provisions of F.3.11.7 and F.3.11.9, rejecting all tender offers that fail to score the minimum number of points for quality stated in the tender data, if any.
- b) Calculate the total number of tender evaluation points (T_{EV}) in accordance with the following formula:

$$T_{EV} = N_{FO} + N_Q$$

where: N_{FO} is the number of tender evaluation points awarded for the financial offer made in accordance with F.3.11.7;
 N_Q is the number of tender evaluation points awarded for quality offered in accordance with F.3.11.9.

- c) Rank tender offers from the highest number of tender evaluation points to the lowest.
- d) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
- e) Rescore and re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation points and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this subclause is repeated.

F.3.11.5 Method 4: Financial offer, quality and preferences

In the case of a financial offer, quality and preferences:

- a) Score each tender in respect of the financial offer made, preference claimed, if any, and the quality offered in accordance with the provisions of F.3.11.7 to F.3.11.9, rejecting all tender offers that fail to score the minimum number of points for quality stated in the tender data, if any.
- b) Calculate the total number of tender evaluation points (T_{EV}) in accordance with the following formula, unless otherwise stated in the Tender Data:

$$T_{EV} = N_{FO} + N_P + N_Q$$

where: N_{FO} is the number of tender evaluation points awarded for the financial offer made in accordance with F.3.11.7;
 N_P is the number of tender evaluation points awarded for preferences claimed in accordance with F.3.11.8;
 N_Q is the number of tender evaluation points awarded for quality offered in accordance with F.3.11.9.

- c) Rank tender offers from the highest number of tender evaluation points to the lowest.
- d) Recommend the tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
- e) Rescore and re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation points and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this subclause is repeated.

F.3.11.6 Decimal places

Score financial offers, preferences and quality, as relevant, to two decimal places.

F.3.11.7 Scoring Financial Offers

Score the financial offers of remaining responsive tender offers using the following formula:

$$N_{FO} = W_1 \times A$$

where: N_{FO} is the number of tender evaluation points awarded for the financial offer.
 W_1 is the maximum possible number of tender evaluation points awarded for the financial offer as stated in the Tender Data.
 A is a number calculated using the formula and option described in Table F.1 as stated in the Tender Data.

Table F.1: Formulae for calculating the value of A

Formula	Comparison aimed at achieving	Option 1 ^a	Option 2 ^a
1	Highest price or discount	$A = (1 + \frac{(P - P_m)}{P_m})$	$A = P/P_m$
2	Lowest price or percentage commission/ fee	$A = (1 - \frac{(P - P_m)}{P_m})$	$A = P_m/P$
^a P_m is the comparative offer of the most favourable comparative offer. P is the comparative offer of the tender offer under consideration.			

F.3.11.8 Scoring preferences

Confirm that tenderers are eligible for the preferences claimed in accordance with the provisions of the tender data and reject all claims for preferences where tenderers are not eligible for such preferences.

Calculate the total number of tender evaluation points for preferences claimed in accordance with the provisions of the tender data.

F.3.11.9 Scoring quality

Score each of the criteria and sub criteria for quality in accordance with the provisions of the Tender Data.

Calculate the total number of tender evaluation points for quality using the following formula:

$$N_Q = W_2 \times S_Q/M_S$$

where: S_Q is the score for quality allocated to the submission under consideration;
 M_S is the maximum possible score for quality in respect of a submission; and
 W_2 is the maximum possible number of tender evaluation points awarded for the quality as stated in the tender data.

F.3.12 Insurance provided by the employer

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and/or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

F.3.13 Acceptance of tender offer

Accept the tender offer, if in the opinion of the employer, it does not present any unacceptable commercial risk and only if the tenderer:

- is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement,

- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,
- e) complies with the legal requirements, if any, stated in the tender data, and
- f) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.

F.3.14. Prepare contract documents

F.3.14.1 If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents, and
- c) other revisions agreed between the employer and the successful tenderer.

F.3.14.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

F.3.15 Complete adjudicator's contract

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

F.3.16 Notice to unsuccessful tenderers

F.3.16.1 Notify the successful tenderer of the employer's acceptance of his tender offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the tender data, or agreed additional period.

F.3.16.2 After the successful tenderer has been notified of the employer's acceptance of the tender, notify other tenderers that their tender offers have not been accepted.

F.3.17 Provide copies of the contracts

Provide to the successful tenderer the number of copies stated in the Tender Data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

F.3.18 Provide written reasons for actions taken

Provide upon request written reasons to tenderers for any action that is taken in applying these conditions of tender, but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

I, the undersigned, in submitting this tender for Contract No. 102C/2016/17: PROVISION OF PROFESSIONAL PROJECT MANAGEMENT SERVICES TO PLAN, DESIGN AND MONITOR INTEGRATED HUMAN SETTLEMENT DEVELOPMENTS WITHIN THE CITY OF CAPE TOWN

in response to the invitation for the tender made by the City of Cape Town, do hereby make the following statements that I certify to be true and correct:

I certify, on behalf of:  that:

1. I have read and I understand the terms and conditions of this tender;
2. I understand that this tender will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the tenderer to sign this Certificate, and to submit this tender on behalf of the tenderer;
4. Each person whose signature appears on this tender has been authorized by the tenderer to determine the terms of, and to sign, the tender, on behalf of the tenderer;
5. For the purposes of this Certificate and this tender, I understand that the word "competitor" shall include any individual or organization, other than the tenderer whether or not affiliated with the tenderer, who:
 - (a) has been requested to submit a tender in response to this invitation to tender;
 - (b) could potentially submit a tender in response to this invitation to tender, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer;
6. The tenderer has arrived at this tender independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium¹ will not be construed as collusive tendering;
7. In particular, without limiting the generality of paragraph 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation);
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit a tender;
 - (e) the submission of a tender which does not meet the specifications and conditions of the tender; or
 - (f) tendering with the intention not to win the tender;

¹Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this invitation to tender relates;
9. The terms of this tender have not been, and will not be, disclosed by the tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening or of the awarding of the contract;
10. I am aware that , in addition and without prejudice to any other remedy provided to combat any restrictive practices related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

SCHEDULE 19: PREFERENCING SCHEDULE

Preferencing Schedule where preferences are granted in respect of B-BBEE contribution

1 Definitions

The following definitions shall apply to this schedule:

All applicable taxes: Includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies.

Applicable Code: Shall be either the Amended Codes of Good Practice (published on 11 October 2013) or Sector Specific Codes as indicated in the tender conditions

B-BBEE: Broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act.

B-BBEE status level of contributor: The B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act.

Bid (Tender): A written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive bidding processes or proposals.

Broad-Based Black Economic Empowerment Act: The Broad-Based Black Economic Empowerment Act, Act 53 of 2003.

Comparative Price: The price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration.

Consortium or Joint Venture: An association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

Contract The agreement that results from the acceptance of a bid by an organ of state.

EME: Any enterprise with an annual total revenue of R10 million or less.

Firm Price: The price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract.

Functionality: The measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder.

Non-firm prices: All prices other than "firm" prices.

Person: Includes a juristic person.

Qualifying Small Enterprise: Any enterprise with an annual total revenue of greater than R10 million but less than R50 million or less.

Rand Value: means the total estimated value of a contract in South African currency, calculated at the time of bid invitations, and includes all applicable taxes and excise duties.

Sub-contract: The primary contractor's assigning, leasing, making out work to, or employing, another person to support such primary contractor in the execution of part of a project in terms of the contract.

Total Revenue: Bears the same meaning assigned to this expression in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act and promulgated in the *Government Gazette* on 9 February 2007.

Trust: The arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person.

Trustee: Any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

2 Conditions associated with the granting of preferences

A supplier that is granted a preference undertakes to:

- 1) accept that the number of preference points allocated will be based on the B-BBEE status level of contributor of the supplier as at the closing date for submission of tender offers;
- 2) not sub-contract more than 25% of the value of the contract to sub-contractors that do not have an equal or higher B-BBEE status level of contributor than the supplier, unless the intended sub-contractors are exempted micro enterprises that have the capability and ability to execute the sub-contract works or unless otherwise declared in terms of Section 5 below;
- 3) accept the sanctions set out in Section 3 below should Condition 2(2) be breached, or should the B-BBEE status level of contribution be found to have been claimed or obtained on a fraudulent basis;
- 4) accept that, in order to qualify for preference points, it is the responsibility of the supplier to submit documentary proof of its BBEE level of contribution in accordance with the Codes of Good Practise, 2013, to the CCT at the Supplier Management Unit located within the Tender Distribution Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5);
- 5) accept that, further to 4) above, Consortiums/Joint Ventures will qualify for preference points, provided that the entity submits the relevant certificate/scorecard in terms of the Preferential Procurement Regulations, 2011. Note that, in the case of unincorporated entities, a verified scorecard in the name of the consortium/Joint Venture must be submitted with the tender (attached to this schedule);
- 6) accept that if it is found that, in the performance of the contract, the participation of the various partners in a Consortium/ Joint Venture differs substantially from that upon which the consolidated scorecard submitted in terms of 5) above was based, and the impact of which is that the Joint Venture would not have been awarded the contract in terms of the actual B-BBEE level of contribution achieved by the Joint Venture, then a financial penalty shall be applied (in addition to any other remedies that the CCT may have) in accordance with Section 3 below;
- 7) accept that suppliers are required to be registered on the City of Cape Town's Supplier Database prior to the acceptance of tenders in order to qualify for preference points. The CCT will verify the B-BBEE level of contributor of the supplier as at the closing date for submission of tender offers, to determine the number of preference points to be awarded to the supplier. In the case of Consortiums/Joint Ventures which tender as unincorporated entities, a verified scorecard submitted with the tender and valid as at the closing date will be used to determine the number of preference points to be awarded to the supplier;
- 8) accept that, notwithstanding 7) above, a supplier will **not** be awarded points for B-BBEE status level of contributor if he indicates in his tender that he intends sub-contracting more than 25% of the value of the contract to sub-contractors that do not qualify for at least the points that the supplier qualifies for unless the intended sub-contractors are exempted micro enterprises that have the capability and ability to execute the sub-contract works; and
- 9) immediately inform the City of Cape Town of any change that may affect the tenderer's B-BBEE level of contribution upon which preference points will be or have been allocated.

3 Sanctions relating to breaches of preference conditions

The sanctions for breaching the conditions associated with the granting of preferences are:

- 1) disqualify the supplier from the tender process;
- 2) recover costs, losses or damages the CCT has incurred or suffered as a result of the supplier's or contractor's conduct;
- 3) cancel the contract and claim any damages which the CCT has suffered as a result of having to make less favourable arrangements due to such cancellation;
- 4) restrict the supplier, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, from obtaining business from the CCT for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied;
- 5) forward the matter for criminal prosecution; and/or
- 6) a financial penalty payable to the CCT, as set out below.

Financial penalty for breach of Condition 2 in Section 2 above:

The penalty to be applied for sub-contracting more than 25% of the value of the contract to sub-contractors that do not qualify for at least the preference points that the supplier qualified for (unless so declared or proven to be beyond the control of the supplier, or the sub-contractors are EMEs that have the capability and ability to execute the sub-contract works) shall be as provided for in the following formula:

Penalty = 0.5 x E(%) x P*

where:

E = The value of work (excluding VAT) executed by sub-contractors that do not qualify for at least the preference points that the supplier qualified for, expressed as a percentage of P*, less 25%

P* = Value of the contract

Financial penalty for breach in terms of condition 6 in Section 2 above:

The penalty to be applied where, in the performance of the contract, the participation of the various partners in a Consortium/ Joint Venture differs substantially from that upon which the consolidated scorecard submitted in terms of 5) in Section 2 above was based, and the impact of which is that the Joint Venture would not have been awarded that contract in terms of the actual B-BBEE level of contribution achieved by the Joint Venture, shall be as provided for in the following formula:

$$\text{Penalty} = 5/100 \times (B-BBEE^a - B-BBEE^b) \times P^*$$

where:

B-BBEE^a = The B-BBEE level of contribution that is achieved, determined in accordance with the actual participation of the Joint Venture partners in the performance of the contract

B-BBEE^b = The B-BBEE level of contribution that was used to determine the number of preference points granted to the Joint Venture at the time of tender evaluation

P* = Value of the contract

4 Level of Contribution in respect of enterprise status or structure of the quoting entity (the supplier)

In the interest of transparency, suppliers are required to complete Table 1: Level of Contribution below.

Table 1: Level of Contribution

Type of B-BBEE Contributor	Status (tick box(es) below as applicable)
Exempted Micro Enterprise (EME), 100% black-owned	☒

¹ If it is indicated that the company/firm/entity is a verified B-BBEE contributor, then the verified status level of contributor must be inserted in the box provided (insert a number from 1 to 8 as applicable)

5 Declarations

1) With reference to Condition 8 in Section 2 above, the supplier declares that:

I/we DO intend sub-contracting more than 25% of the value of the contract to sub-contractors that do not qualify for at least the points that I/we as supplier qualify for or are not exempted micro enterprises that have the capability and ability to execute the sub-contract works ☐

Note:

Tenderers who do not tick this box will be allocated preference points but the sanctions relating to breaches of preference conditions in Section 3 will be applicable if the tenderer contravenes the conditions in Section 2.

2) The undersigned, who warrants that he/she is duly authorised to do so on behalf of the supplier, hereby certifies

that the preference claimed based on the B-BBEE status level of contribution indicated in Table 1, qualifies the supplier, subject to condition 7 in Section 2 above, for such preference claimed, and acknowledges that:

- (i) the information furnished is true and correct;
- (ii) the preference claimed is in accordance with the conditions of this schedule;
- (iii) the supplier may be required to furnish documentary proof to the satisfaction of the CCT that the BBEE level of contributor as at the closing date is correct; and
- iv) he/she understands the conditions under which preferences are granted, and confirms that the supplier will satisfy the conditions pertaining to the granting of preferences.

The employer, identified in the acceptance signature block, has solicited offers to enter into a contract for the procurement of:

CONTRACT NO. 102C/2016/17: PROVISION OF PROFESSIONAL PROJECT MANAGEMENT SERVICES TO PLAN, DESIGN AND MONITOR INTEGRATED HUMAN SETTLEMENT DEVELOPMENTS WITHIN THE CITY OF CAPE TOWN

The tenderer, identified in the offer signature block, has examined the documents listed in the tender data and addenda thereto as listed in the returnable schedules, and by submitting this offer has accepted the conditions of tender.

By the representative of the tenderer, deemed to be duly authorised, signing this part of this form of offer and acceptance, the tenderer offers to perform all of the obligations and liabilities of the service provider under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the conditions of contract identified in the contract data.

The completed Schedules of Rates (excluding VAT, as contained in Part C2.2 Pricing Data, shall form the tender offer. These rates shall be multiplied, as applicable, by the quantities required in respect of relevant items to develop individual Works Projects to be allocated in accordance with the procedures described in Part C1.2 Contract Data in the Framework Contract document.

Subject to the City's Bid Adjudication Committee approval, the highest ranking tenderers will then be awarded a contract based on the number of even multiplied by the tendered rate to provide the applicable professional services, to at least one (1) of the 6 projects (refer to C3.1 Scope of Works). A 10% contingency will be added by the Employer to the total sum. The City reserves the right to appoint successful tenderers to any one of the six projects based on their successful submission.

This offer may be accepted by the employer by signing the acceptance part of this form of offer and acceptance and returning one copy of this document to the tenderer before the end of the period of validity stated in the tender data, whereupon the tenderer becomes the party named as the service provider in the conditions of contract identified in the contract data.

Acceptance

By signing this part of this form of offer and acceptance, the employer identified below accepts the tenderer's offer. In consideration thereof, the employer shall pay the service provider the amount due in accordance with the conditions of contract identified in the contract data. Acceptance of the tenderer's offer shall form an agreement between the employer and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

- Part C1: Agreements and contract data, (which includes this agreement)
- Part C2: Pricing data
- Part C3: Scope of work
- Part C4: Site information

and drawings and documents or parts thereof, which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the tender data and any addenda thereto as listed in the returnable schedules as well as any changes to the terms of the offer agreed by the tenderer and the employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this form of offer and acceptance. No amendments to or deviations from said documents are valid unless contained in this schedule.

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the employer's representative (whose details are given in the contract data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the contract data. Failure to fulfill any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the schedule of deviations (if any). Unless the tenderer (now service provider) within five working days of the date of such receipt notifies the employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract.

HUMAN SETTLEMENTS DIRECTORATE

CONTRACT NO. 102C/2016/17

PROVISION OF PROFESSIONAL PROJECT MANAGEMENT SERVICES TO PLAN, DESIGN AND MONITOR
INTEGRATED HUMAN SETTLEMENT DEVELOPMENTS WITHIN THE CITY OF CAPE TOWN

C1.2 Contract Data

Part 1: Contract Data provided by the Employer

GENERAL CONDITIONS OF CONTRACT

The General Conditions of Contract are the **Standard Professional Services Contract (July 2009) (Edition 3 of CIDB document 1015)**, as published by the Construction Industry Development Board.

Copies of these General Conditions of Contract may be obtained from the Construction Industry Development Board's website www.cidb.org.za. Copies of the General Conditions of Contract are also available for inspection and scrutiny at the offices of the Employer.

The pro-formas attached to the Standard Professional Services Contract (July 2009) on pages 17 to 24 shall not apply to this Contract and shall be replaced with the documentation bound into this Contract Document.

The General Conditions of Contract make several references to the Contract Data for specific data, which together with the standard contract collectively describe the risks, liabilities and obligations of the contracting parties and the procedures for the administration of the Contract. The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the General Conditions of Contract.

The General Conditions of Contract shall be read in conjunction with the variations, amendments and additions set out in the Contract Specific Data below. Each item of data given below is cross-referenced to the clause in the General Conditions of Contract to which it mainly applies.

The documents forming the Contract are to be taken as mutually explanatory of one another. For the purposes of interpretation, the priority of the documents shall be in accordance with the following sequence:

- a) the Form of Offer and Acceptance,
- b) the Contract Specific Data within the Contract Data,
- c) the General Conditions of Contract
- d) the Scope of Work, and
- e) the Pricing Data.

If an ambiguity or discrepancy is found in the documents, the Employer shall issue any necessary clarification or instruction.

CONTRACT SPECIFIC DATA

The following contract specific data is applicable to this Contract:

Clause 1:

*Add the following to the definition of **Employer**:*

The **Employer** is the CITY OF CAPE TOWN.

*Replace the definition of **Key Persons** with the following:*

Persons who are referred to as such in the Contract Data who will be engaged in the performance of the Services.

*Add the following to the definition of **Project**:*

The project is the **PROVISION OF PROFESSIONAL PROJECT MANAGEMENT SERVICES TO PLAN, DESIGN AND MONITOR INTEGRATED HUMAN SETTLEMENT DEVELOPMENTS WITHIN THE CITY OF CAPE TOWN**

*Add the following to the definition of **Service Provider**:*

The contracting party may be a consortium/joint venture contracting as a formally constituted Joint Venture Partnership, in which all parties are jointly and severally liable. In terms of this definition, the words consortium and joint venture shall be regarded as synonymous.

*Add the following to the definition of **Start Date**:*

The Start Date is the date when the service provider confirms receipt of one fully completed original copy of this document, including the acceptance part of the form of offer and acceptance, and schedule of deviations (if any).

Clause 13.1:

Add the following clause after Clause 13.1.3:

13.1.4 The Employer and the Service Provider shall enter into an agreement to complete the Services required for the Project in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act No. 85 of 1993 and the Construction Regulations, 2003 promulgated thereunder.

An agreement is included in the Contract Document (C1.3 of Contract Data) and shall be completed and submitted to the Employer together with a letter of good standing from the Compensation Commissioner (if not insured with a licenced compensation insurer) within fourteen (14) days of the Start Date. The Service Provider shall ensure that any letter of good standing shall be timeously renewed in order that it remains in full force for the duration of the Contract.

Clause 13.4:

Delete the content of this clause and replace with the following:

Notwithstanding the terms of the Prescription Act No. 68 of 1969 (as amended) or any other applicable statute of limitation neither the Employer nor the Service Provider shall be held liable for any loss or damage resulting from any occurrence unless a claim is formally made within a liability period of five years, which period shall commence on the earlier of:

- (a) Final completion of the construction contract.
- (b) Suspension, postponement, expiry or termination of all construction contracts.
- (c) Cancellation or termination of this Contract.

Clause 13.7.3:

Add the following clause after Clause 13.7.2:

- 13.7.3 The Service Provider hereby indemnifies the Employer against all claims by third parties which arise out of or in connection with the Services rendered under this Contract and where such claims are the consequence of breach by the Service Provider to exercise reasonable professional skill, care and diligence in the exercising of its obligations.

Clause 14.5:

Add the following new clause after Clause 14.4:

Clause 14.5: Tax Invoices

Section 20(1) of the Value Added Tax Act No. 89 of 1991 requires that a supplier (person supplying goods or services) who is registered as a VAT supplier issue to the recipient a tax invoice within 21 days of the date of a supply whether requested or not.

The Service Provider shall provide a tax invoice (VAT invoice) which shall be included with each account delivered to the Employer in terms of Clause 14. Failure by the Service Provider to provide a tax invoice (VAT invoice) timeously may delay payment by the Employer and no interest shall accrue.

Clause 15:

Add the following:

The interest rate will be the prime interest rate of the Employer's Bank at the time the amount is due.

Part 2: Data provided by the Service Provider

The Service Provider is:

C2.1 Pricing Assumptions.....	71-72
C2.2 Activity Schedule	73-74

CITY OF CAPE TOWN

HUMAN SETTLEMENTS DIRECTORATE

CONTRACT NO. 102C/2016/17

PROVISION OF PROFESSIONAL PROJECT MANAGEMENT SERVICES TO PLAN, DESIGN AND MONITOR INTEGRATED HUMAN SETTLEMENT DEVELOPMENTS WITHIN THE CITY OF CAPE TOWN

C2.1 Pricing Assumptions

Pricing Assumptions mean the criteria as set out below, read together with all Parts of this contract document, which it will be assumed in the contract that the tenderer has taken into account when developing his prices.

1. The short descriptions given in the Activity Schedule below are brief descriptions used to identify the activities for which prices are required. Detailed descriptions of the activities to be priced are provided in the Scope of Work.
2. While it is entirely at the tenderer's discretion as regards pricing the Activity Schedule below, the 2014/15 Housing Subsidy Quantum of the Western Cape Provincial Government and the Guideline Scope of Tariff of Fees from the National Department of Human Settlements Directorate, detailing a cost breakdown for Subsidised Housing Policy Framework and Programme Guidelines is a useful document that will give tenderers some idea of industry norms against which they may compare their rates, sums, percentage fees and/or prices as applicable.
3. For the purpose of the Activity Schedule, the following words shall have the meanings hereby assigned to them:

Unit: The unit of measurement for each item of work.
Quantity: The number of units of work for each item.
Rate: The agreed payment per unit of measurement.
Amount: The product of the quantity and the agreed rate for an item.
Sum: An agreed lump sum payment amount for an item, the extent of which is described in the Scope of Work, but the quantity of work which is not measured in any units.
Percentage Fee: The agreed fee for a service, the extent of which is described in the Scope of Work, expressed as a percentage of a construction contract value or part thereof.
4. A rate, sum, percentage fee and/or price as applicable, is to be entered against each item in the Activity Schedule. An item against which no price or a nil rate is entered will be considered to be covered by the other prices or rates in the Activity Schedule.
5. The rates, sums, percentage fees and prices in the Activity Schedule are to be fully inclusive prices for the work described under the several items. Such prices and rates are to cover all costs and expenses that may be required in and for the execution of the work described in accordance with the provisions of the Scope of Work, and shall cover the cost of all general risks, liabilities, printing, travelling and obligations set forth or implied in the Contract Data, as well as overhead charges and profit. All rates shall include for all payments to administrative, clerical and secretarial staff used to support professional and technical staff.
6. Where quantities are given in the Activity Schedule, these are provisional and do not necessarily represent the actual amount of work to be done. The quantities of work accepted and certified for payment will be used for determining payments due and not the quantities given in the Activity Schedule.
7. The following table shall be used for proportioning the tendered basic fee for normal services, for each discipline, over the various stages of the services:

Project Manager: Stage of Services	Percentage points for each stage
Conditional Project Funding Approval	5
Completion of pre-planning studies (eg Geotechnical, EIA, TIA, etc)	10
Establishment of Housing Project Steering Committee	5
USDG Project Funding Approval (N6)	5
Approval of Civil Engineering Design	20
Project Enrolment with the NHBRC	10

Civil Tender approval by City	10
Civil Contractor on site	5
50 % complete civil contract	10
Civil services completion certificate	10
Approval of General Plan	5
100 % Civil Engineering Services completion	5

"Close-Out" may be included under the Contract Administration and Inspection Stage of the Service, in which case the Service Provider will then be required, at the time of issue of the Certificate of Completion (to the Contractor) to claim the total fee (100%) for normal services, less a 5% retention amount of the total fee. The retention will be released on successful completion of the contractor's defects liability period.

8. All rates, sums, percentage fees or prices (as applicable) tendered in the Activity Schedule shall be final and binding and shall not be subject to any variation throughout the period of the contract. Should the subsidy values for professional services increase, such approved adjustments may be passed on to the service provider for work to be completed in consultation with the employer.
9. All disbursements shall be deemed to be included in the final rate submitted.
10. If the Service Provider considers it necessary to employ the services of the safety specialist in order to execute duties as the client's agent in terms of the Occupational Health and Safety Act, 85 of 1993 and the Construction Regulations, 2014, should the Employer accept the tender (Clause 7.2.1.3, Part C3.1 Scope of Work), the cost thereof must be included in the fee tendered for this aspect of the project.
11. All charges in respect of attendance at meetings (Clause 14, Part C3.1 Scope of Work) and the provision of secretarial services shall be included in the tendered rate. (Item No. 2.2 of the Activity Schedule).
12. Where fractions of a cent occur in calculations of prices and amounts, they shall be rounded up/down to the nearest whole cent.
13. Clause F.4.10(c) in Part T1.2 Tender Data shall be applicable to the submission of Activity Schedules which have been priced electronically, and which the Tenderer wishes to submit as a printed version with his/her tender in the place of handwritten priced Activity Schedules.

If there is found to be any variance between the printed version and the original issued document, the original shall stand. However, where Addenda have been issued which amend the Activity Schedule, then the printed Activity Schedule shall take these into account.

The pages of the issued Activity Schedule should not be removed from the tender document.

**The Employer reserves the right to change/replace the above-mentioned projects if deemed necessary. The Tenderer will be notified thereof if and when applicable.*

As it is the intention of the Employer to develop these Projects simultaneously over a period of 5 years, the Employer will be taking cognisance of the fact that a single team of Consultants will not be able to manage all the above projects.

Based upon the above, the Employer will be awarding the above projects amongst the highest ranking Tenderers. The ranking will be based upon Price and Preference of all responsive Tenderers.

It is brought to the attention of the tenderer that the rates inserted below will be fixed for the duration of the project. The final agreed fee would be based upon the number of subsidised residential erven realised on the project, for which the tenderer was appointed.

Taking cognisance of all of the above, Tenderers are required to complete the Activity Schedule below, based upon one (1) Subsidised Residential Erf.

Subject to the City's Bid Adjudication Committee approval, the highest ranking tenderers will then be awarded a contract base on the number of erven multiplied by the tendered rate to provide the applicable professional services, to at least one (1) of the 6 projects (refer to C3.1 Scope of Works). A 10% contingency will be added by the Employer to the total sum. The City however reserves the right to appoint successful tenderers to any one of the six projects based on their successful submission.

1. INTRODUCTION

This invitation calls for the submission of a tender for the provision of professional consultants in the following disciplines: Civil; Geotechnical, Traffic/Transport and Electrical Engineering. The successful Tenderer will form part of a team of project professionals headed up by a Project Manager and to whom the Tenderer will directly report to. The employer's objective is to compile a team of professional consultants to plan, design and monitor the construction of civil and electrical infrastructure for various serviced residential erven, situated on six (6*) vacant sites in the following areas:

- Wolwerivier – approximately 4500 residential erven
- ACSA Symphony Way – approximately 3000 residential erven
- Blueberry Hill - approximately 3500 residential erven
- Vlakteplaas – approximately 4300 residential erven
- Pelican Park Phase 2 – approximately 2330 residential erven
- Driftsands – approximately 2400 residential erven

**The Employer reserves the right to change/replace the above-mentioned projects if deemed necessary. The Tenderer will be notified thereof if and when applicable.*

For the above projects, six individual tenders will be advertised for each of the key Professional Consultants. This tender is thus for the Project Management Consultants only.

The five other tenders will include the following Consultants: Civil, Geotechnical, Traffic and Electrical Engineers; Town Planning and Urban Design Professionals; Social and Beneficiary Administration; Environmental and Heritage Professionals and a Land Surveying Professional.

The process for appointing of the Consultants for this tender will be as follows:

- All responsive tenders submitted for this tender will be evaluated and ranked based upon: Eligibility criteria; Quality/Functionality scoring and Price and Preference scoring.
- Subject to the City's Bid Adjudication Committee approval, the highest ranking tenderers will then be awarded a contract base on the number of erven multiplied by the tendered rate to provide the applicable professional services, to at least one (1) of the 6 projects mentioned above. A 10% contingency will be added by the Employer to the

total sum. The City however reserves the right to appoint successful tenderers to any one of the six projects based on their successful submission.

A professional Service provider is required to provide the professional services necessary to implement this project, which, in terms of the Municipal Finance Management Act, 2003 and the Municipal Supply Chain Management Regulations, 2005, must be procured through a competitive bidding process. The applications to Province for project approval and subsidy funds will also form part of the brief.
- 2.1.6 Construction Quality:
- a) The Project Manager will complete all documentation necessary for registration of the project with the NHBRC.
 - b) The Project Manager will ensure that the individual properties are registered.
 - c) The Project Manager will manage the interface between the Builder and the NHBRC inspectorate, and provide the NHBRC with all requisite documentation.
 - d) The Project Manager is responsible for the timeous submission of all building plans for registration with, scrutiny and acceptance by Council's Building Control Officer.
 - e) The Project Manager will ensure that the Builder gives adequate notice of commencement of work to the Building Control Officer.
 - f) The Council Building Inspector is responsible for ensuring compliance with drainage, boundary setback and empirical foundation regulations. The Building Inspector is not accountable for the quality of workmanship.
 - g) The Project manager will set up a robust quality management system including records of inspection, testing and acceptance of materials and completed work, and ensure that this is maintained for the duration of the project.
 - h) Progress payment certificates issued by the Project Manager must be rigorously correlated to the quality management system.
 - i) Original records of the quality management system must be kept off-site with copies on site for ease of reference during physical audits
- 2.1.7 Government Initiatives such as the Extended Public Works Programme (EPWP). While houses are considered to be labour-intensive, the trenching for water pipes and sewers should be done within EPWP principles to generate some local employment. The Project Manager is to ensure that the Civil Contractor and the Builders implement the EPWP principles, including recruitment and accredited training of unemployed people, and in service training. The Contractor and Builders must have on their staff managers and supervisors who have been certified by accredited training institutions to implement EPWP projects. The Project Manager will ensure that proper records are kept of all EPWP initiatives.
- 2.1.8 Sustainable construction through an increase in the City's use of renewable energy, environmental conservation and increasing the efficient use of energy, the City would like to contribute towards the City's Strategy i.e. Shared Economic Growth and Development, Sustainable Urban Infrastructure and Services, Integrated Human Settlements Directorate, Health, Social and Human Capital Development and Good Governance and Regulatory Reform in this contract.
- 2.1.9 Project Enrolment of the project with the NHBRC (or ensuring that the contractor complies with all the NHBRC requirements. (All fees payable to the NHBRC will be paid by the CoCT

3. **APPLICABLE NATIONAL AND INTERNATIONAL STANDARDS**

The Service Provider shall take cognisance of, and adhere to, all applicable national and international standards in the execution of his own work and when compiling specifications for construction works. International standards should only be used where no national standards exist, or where it is the norm to use or refer to international standards.

4. **APPROVALS**

The Service Provider shall be responsible for obtaining the following approvals:

- (a) Approval of the implementation programme from the Employer,
- (b) Approval of the conceptual and preliminary designs from the Employer,

- (h) In respect of time based services, approval of the allocation of staff from the Employer.

- (i) Approval for the employment of specialist sub-consultants from the Employer.

Notwithstanding any approval received from the Employer, the Service Provider shall remain responsible for all work carried out by the Service Provider in terms of this contract.

5. PROJECT BACKGROUND

The services required in terms of this brief extend mainly towards civil, geotechnical, transport and electrical design, approvals, compilation of tender documentation, procurement and monitoring of the construction of the infrastructure services, the provision of serviced erven pertaining to the six (6) vacant land parcels.

The services to be provided in terms of this contract are inextricably linked to the Employer's three-year capital budget, and it should be noted that while the Employer has every intention of completing the full Scope of Work making full use of the budget allocation, the Employer's budget is subject to periodic review. Should it become necessary to vary the scope of work or even suspend or terminate this contract, such variation, suspension or termination shall be dealt with in accordance with the provisions of the Standard Professional Services Contract as amended by the Contract Data.

An overview of each of the proposed six (6) projects are listed below:

5.1. Wolwerivier

- **Geographical location:**

The site is located approximately 20-30km north of Cape Town CBD, approximately 6km east of Melkbostrand in the northern part of Cape Town, approximately 16km south of Atlantis and adjacent to Morning Star small holdings. It is situated west of the N7, south of the M19 and on the west of the R304. The site is bordered by Old Mamre Road to the east and by a railway line to the west.

The site is largely vacant with some dwelling units on site (small informal farming community). It was historically used for agricultural purposes. 6ha of the northern part of the site is currently being developed as an IDA for the relocation of informal settlers from the Vissershok land disposal site.

Surrounding area: Predominantly undeveloped, agricultural land and small holdings. The surrounding uses include the following:

- North: Agricultural land (proposed Communicare development)
- West: Agricultural land.
- South: Morning Star small holding area (middle to high income range).
- East: Agricultural land.

Whilst the site is surrounded by largely undeveloped land it is in relative close proximity to other established residential areas and areas of employment.

- **Property Description:**

	Extent (ha)	Ownership
	165	City of Cape Town
	165 ha	

- **Envisaged land use configuration**

Although being identified as an incremental housing project, every effort must be made to ensure an integrated (land use, biophysical, infrastructure) and sustainable (urban amenities, economic opportunities, transport) human settlement.

The development of Wolwerivier will require the provision of the necessary community facilities for approximately 4500 households. The ultimate facilities required but not limited to include:

- 2 Primary Schools
- 2 High Schools
- 1 community park
- Sports Ground

- Primary Healthcare Facility
- Subcouncil:

The sites fall in the jurisdiction of the City of Cape Town within the Blaauwberg district Subcouncil 1, Cape Farms.

5.2. ACSA Symphony Way Joint Venture - Housing Development

- Geographical location:

Within a Metropolitan context the proposed application area is located directly alongside the Cape Town International Airport (CTIA). The following properties are included in this development;

Within a local context a portion of the application area abuts the CTIA on the western boundary. The remainder of the application area is located adjacent to the eastern boundary of the CTIA on the corner of Symphony Way and Stellenbosch Arterial.

- Property Description:

Property	Extent (ha)	Ownership*	Proposed use
	±24.9ha	Provincial Government Western Cape	Residential
	64.46ha	Provincial Government Western Cape	Residential
		Provincial Government Western Cape	Industrial
	±4.04ha	Airports Company South Africa	Residential
	±15.1ha	City of Cape Town	Industrial
	±16.2ha	City of Cape Town	Ecological Use
	±25ha	City of Cape Town	Ecological Use

**The proposed application area is currently subject to a subdivision and land acquisition process. Pending the outcome of this process the proposed land uses will be in line with the ownership.*

- Envisaged land use configuration:

The proposed ACSA Symphony Way housing development forms part of a joint venture between the City of Cape Town (CCT) and Airports Company South Africa (ACSA). A signed Memorandum of Agreement (MOA) between the aforementioned parties stipulates the proposed outcomes of this development;

- To provide human settlement opportunities for three informal settlements these being: Malawi Camp, Freedom Farm and Delft Symphony Way TRA (Blikkiesdorp).

- ii. To allow ACSA to cater for the increased traffic growth by means of aeronautical expansion, including the realignment of the existing runway and ultimately the development of a second paralleled runway as well as industrial development.

Provision must be made for a variety of land uses with the main emphasis on high density residential opportunities as well as Industrial development. It is estimated that approximately 3 000 residential opportunities could be created. In this regard, the residential layout needs to be flexible to accommodate a variety of typologies which may include:

- o Site and service erven;
- o Double storey row units;
- o Double and single story semi-detached units;
- o Double and single storey free standing units.

Pending a detail land use investigation other designated land uses could include community facilities, public open spaces, commercial, retail and service industry to provide for future employment opportunities. All land uses must comply with the minimum norms and standards of the Provincial Government Western Cape as well as the City of Cape Town Municipality.

In total the residential portion of this development will be approximately 54.8ha and the industrial portion approximately 51.1ha.

- **Sub-council:**

These sites fall in the jurisdiction of the City of Cape Town Municipality within Sub-council 5, Delft.

5.3. Blue Berry Hill - Housing Development

- **Geographical location:**

Within a Metropolitan context, the application site is located north of the N2 and east of the R300. The proposed development consists of the following:

- o

Within the site, located between Eersteriver and Blue Downs Way and directly north of the site.

- **Property Description:**

Title	Extent (ha)	Ownership
	± 70 ha	City of Cape Town

- **Land use configuration:**

Blue Downs previously formed part of a joint venture between the Provincial Government of the Western Cape and ABSA/Standard Bank with the vision to develop the site for housing purposes. In order to authorise this housing development an environmental impact assessment application was submitted at the Department of Environmental Affairs and Development Planning (DEA&DP) in 2008. Pending this application, a land use application was lodged at the City of Cape Town in 2010, the aforesaid application was subsequently withdrawn.

A Record of Decision (ROD) was issued by DEA&DP on 15 November 2010 which authorised the development for 2 547 residential erven consisting of 1 500 (Financially Linked Individual Subsidy Program) erven, 1 481 market related erven and 300 (Socially Linked Individual Subsidy Program) erven. The land use application was thereafter withdrawn since the private bank indicated that the development would not be financially viable due to the high bulk infrastructure costs.

Subsequently, the property was transferred to the City of Cape Town with the intent for human settlement development.

The new land use proposal should address the housing mix composition in order to allow for a variety of housing opportunities, the following land use composition is proposed:

- o FLISP: Between 20% to 30%
- o BNG: Between 40% to 50%
- o Incremental Housing: Between 15% to 20%;

Although being identified as a subsidized housing project, every effort must be made to ensure an integrated and sustainable human settlement development. Provision must be made for a variety of land uses with the main emphasis on high density residential opportunities. It is estimated that approximately 3-500 residential opportunities could be created. In this regard, the layout needs to be flexible to accommodate a variety of typologies which may include:

- o Site and service erven;
- o Double storey row units;
- o Double and single story semi-detached units;
- o Double and single storey free standing units.

Other designated land uses could include community facilities, public open spaces, commercial, retail and service industry to provide for future employment opportunities. All land uses must comply with the minimum norms and standards of the Provincial Government Western Cape as well as the City of Cape Town Municipality.

- **Sub-council:**

The application area falls within the jurisdiction of the City of Cape Town Municipality located within the Eersteriver district Sub-council 21, Blue Downs.

5.4. Vlakte Plaas Housing Development

- **Geographical location:**

The Vlakteplaas Housing project is located within the Helderberg area, south of the T2 (known as the existing N2 national road), between the Strand and Gordon's Bay. The proposed development will include the following properties:

Within a local context the sites are situated in the Broadlands area which is characterised by land uses ranging from industrial developments, residential areas, informal residential areas and agricultural activities. The majority of the sites are located between the existing N2 national road) and the proposed new realigned N2 road reserve. The development is located south of the said road reserve, adjacent to the cemetery.

Although being identified as a subsidised housing project, every effort must be made to ensure an integrated (land use, biophysical, infrastructure) and sustainable (urban amenities, economic opportunities, transport) human settlement. Provision must be made for a variety of land uses with the main emphasis on high density residential opportunities. It is estimated that approximately 4300 residential opportunities could be created. In this regard, the layout needs to be flexible to accommodate a variety of typologies which may include:

- Site and service erven;
- Double storey row units;
- Double and single story semi-detached units;
- Double and single storey free standing units.

Other designated land uses could include community facilities, public open spaces, commercial / retail/service industry to provide for future employment opportunities. The provision of GAP units should also be considered if needed. All land uses must comply with the minimum standards of the Provincial Government as well as the City of Cape Town.

- **Subcouncil:**

The sites fall in the jurisdiction of the City of Cape Town within the Heldberg district Subcouncil 8, Strand

5.5. Pelican Park Phase 2 Housing Development

- **Geographical location:**

The Pelican Park Phase 2 site is area is south of Pelican Park and west of Peacock Close. The southern boundary abuts land to be alienated to False Bay Ecology Park. The proposed development will include the following properties:

- Remainder Erf 829, Pelican Park
- Erf 974, Pelican Park

The overall property in which Phase 2 resides, comprises approximately 380 hectares of land between Pelican Park and land to be alienated to the False Bay Ecology Park, and between Zeekoevlei and Cape Flats Waste Water Treatment Works in the west and Strandfontein Road to the east

Provision must be made for a variety of land uses with the main emphasis on high density residential opportunities. It is estimated that approximately 2400 residential opportunities could be created. In this regard, the layout needs to be flexible to accommodate a variety of typologies which may include:

- Site and service erven;
- Double storey row units;
- Double and single story semi-detached units;
- Double and single storey free standing units.

Other designated land uses could include community facilities, public open spaces, commercial, retail/service industry to provide for future employment opportunities. The provision of FLISP/GAP units should also be considered if needed. All land uses must comply with the minimum standards of the Provincial Government as well as the City of Cape Town.

5.1.4 Sub-council:

The application area falls within the jurisdiction of the City of Cape Town Municipality located within the Sub-council 21 district, Blue Downs.

The services to be provided in terms of this contract are inextricably linked to the Employer's three-year capital budget, and it should be noted that while the Employer has every intention of completing the full Scope of Work making full use of the budget allocation, the Employer's budget is subject to periodic review. Should it become necessary to vary the scope of work or even suspend or terminate this contract, such variation, suspension or termination shall be dealt with in accordance with the provisions of the Standard Professional Services Contract as amended by the Contract Data.

6. USE OF REASONABLE SKILL AND CARE

The Service Providers' attention is drawn to the fact that certain of the proposed housing developments will be constructed on existing parcels of vacant land within an existing township. Safety of persons and property is of paramount importance, closely followed by the minimisation of disruption and inconvenience to the nearby residence and general public.

The Service Provider is therefore required to provide all aspects of the Service with all reasonable care, diligence and skill in accordance with generally accepted professional techniques and standards.

7. BRIEF

7.1 Terms of Reference

The purpose of this tender is to procure the professional services necessary to implement the Employers objective of providing the required civil and electrical infrastructure and serviced erven for approximately 20 000 BNG subsidised housing units, on six (6) vacant land parcels, being Wolwerivier; Blueberry Hill; ACSA Symphony Way; Vlakke Plaas, Pelican Park Phase 2 and Drift Sands

The engineering services to be provided in terms of this contract include, inter alia, the Planning, Studies, Investigations and Assessments, Normal Services and Additional Services as broadly described in the relevant sections of Board Notice 206 of 2011: Guideline Scope of Services and Tariff of Fees for Persons Registered in terms of the Engineering Profession Act, 2000 (Act No 46 of 2000), published in Government Gazette No 34875, 20 December 2011, as amended or amplified by the specific requirements below. If there is any conflict between the Specific Requirements and the Guideline Scope of Services document referred to above, the Specific Requirements shall take precedence.

The Service Provider will furthermore be required to procure, on instruction from the Employer, any other specialist services as may be required for the successful implementation of this project, in terms of a sub-consultancy or sub-contract agreement.

7.2 Planning, Studies, Investigations and Assessments

The Service Provider shall carry out all of the studies and investigations necessary to determine the feasibility of constructing the infrastructure and housing in the locations proposed and shall submit a preliminary report on the technical and financial feasibility of the project together with preliminary proposals in this regard.

Public and stakeholder participation (especially with the Parks, Water, Sewer, Stormwater and Electrical services authorities) will be an important part of this phase of the project, and the Service Provider shall ensure that key personnel are available to attend community and stakeholder meetings as necessary.

The cost of Planning, Studies, Investigations and Assessments shall be priced into the basic fee for the professional engineering services required, which include the fee for normal services as described below (Item No 1.1: C2.2 Activity Schedule refers).

7.2.1 Normal Services

Stage 1 – Inception

The Service Provider shall provide those services as described in the relevant section of Board Notice 190 of 2010: Guideline Scope of Services and Tariff of Fees, as are necessary to establish the Employers requirements and preferences assess user needs and options and confirm the project brief moving forward.

Ongoing public and stakeholder participation will be required during this stage of the project.

Stage 2 - Concept and Viability (Preliminary Design)

The Service Provider shall, in conjunction with the other Consultants, provide those services necessary for the development of a concept design, for both the Civil and electrical infrastructures and housing typologies, for submission to the Employer and other relevant authorities for approval.

The preliminary proposal shall take cognisance of including possible business, POS, and other community facilities within this development and shall ensure that the proposed new facilities are integrated into these developments.

Further consultation with public and stakeholder groups will be required at this stage of the project.

The Service Provider shall submit a conceptual design report to the Employer for comment and approval, including details of investigations and studies undertaken, concept development and rationale, outline specifications and recommendations.

Stage 3 - Design Development (Detail Design)

The Service Provider shall, in conjunction with the other Consultants, provide those services necessary to finalise the design, specifications, cost plan, financial viability and programme for the project, and shall co-ordinate the input from all members of the professional team in this regard.

The Service Provider shall be responsible for all service enquiries, wayleave applications and obtaining the necessary authority or permission from the relevant service authorities to carry out all work in terms of this project. All applications in this respect must be carried out timeously.

The design development shall take cognisance of all design requirements as may be imposed by the Services Authorities, or any other authority whose services are impacted upon by the proposed development.

A set of draft plans/drawings shall be submitted to both the Employer and services authorities for comment and approval prior to going out to tender. All plans must be thoroughly checked by the Service Provider's project leader prior to submission. On approval of the detail design drawings, two sets of paper prints must be submitted to the Employer for signature. One set will be kept by the Employer and the other returned to the Service Provider. All other prints issued henceforth shall carry the words "Initial version signed on (date)" at the signature location in the title block.

The Service Provider shall prepare any further plans, designs and drawings (over and above the tender drawings), which may be necessary for the execution of the works. The preparation of any shop drawings required for manufacture and installation, or the detailed checking of such, where prepared and submitted by the construction contractor, shall for part of the normal services to be provided by the Service Provider.

Stage 4 – Documentation and Procurement

The Service Provider shall, in conjunction with the other Consultants, provide those services necessary for the preparation of procurement documentation, advertising of tenders, and the evaluation of tenders received. The service Provider shall confirm the Employer's procurement (Supply Chain Management) policies and procedures prior to the preparation of any procurement documentation.

The construction contract document shall be prepared in the Construction Industry Development Board's (CIDB) format. The General Conditions of Contract shall be the General Conditions of Contract for Construction Works, 2nd Edition 2010, published by the South African Institution of Civil Engineering. The Service Provider shall liaise with the Employer during the preparation of the contract document to determine any other specific requirements that the Employer may have in this regard.

The Service Provider shall ensure that all of the requirements, limitations and/or restrictions on construction as may be imposed by the Services Authorities are incorporated into the specification and that, where necessary, tenderers are given the opportunity to price for the impact of such requirements/limitations/restrictions.

Specifications shall include, inter alia, a Health and Safety Specification, and an Environmental Management Plan.

The Service Provider should note that it is the Employer's preference that all payment items be measured out in the Bills of Quantities, as opposed to the use of provisional sums or prime cost items. Should provisional sums or prime cost items of greater value than R200 000 (incl. VAT) be included in the Bills of Quantities, the Service Provider will be expected to follow an open competitive process in respect of these items, on behalf of the contractor. This will include the preparation of a tender document, advertising and receiving tenders, and evaluating same on behalf of the contractor, at no extra cost to the Employer.

It is further more noted that the creation of employment within the communities adjacent to the sites of the proposed housing development is an important consideration and wherever practicable labour intensive technologies shall be incorporated into the design and specified in the contract document. The Service Provider shall establish the requirements of the Employer in this regard.

The Service Provider shall attend a Bid Specification Committee meeting prior to the finalisation of the contract document and the advertising of tenders. All comments of the committee shall be incorporated into the final contract documents. A draft contract document shall be submitted to the Employer for scrutiny at least one week prior to the Bid Specification Committee meeting taking place.

Once the contract document has been finalised, the Service Provider shall supply the Employer with an electronic copy of the document.

The Service Provider shall be responsible for providing the Employer with the required number of copies of plans and tender documents for tender purposes (both hard copy and on compact disc).

The Service Provider shall, during the tender period, attend and preside over a tender clarification meeting, and respond to all queries received during this period.

Once tenders close, the Service Provider shall evaluate all valid tenders received and shall prepare a tender evaluation report (which shall include a recommendation) for consideration by the Employer's Bid Evaluation Committee (BEC). The Service Provider shall present his evaluation to the BEC, respond to any queries the committee may raise, and follow up on any issues requiring the Service Provider's attention/action.

Once approved by the Employer, the Service Provider shall facilitate the signing up of the construction contract.

Stage 5 – Contract Administration and Inspection

The Service Provider shall, in conjunction with the other consultants, provide those services as required to manage, administer and monitor the construction contract, including co-ordination of the inspection of the works by the other members of the professional team as and when necessary.

The service to be provided shall include, where necessary the detailed checking of shop drawings prepared by the contractor for manufacture and installation.

The Service Provider shall also, in particular, ensure that all payment certificates, preferential procurement and labour returns, and contract participation expenditure reports are timeously submitted.

Stage 6 – Close-Out

The Service Provider shall complete the project close-out as described in the guideline scope of services.

As-built plans/drawings shall be submitted to the Employer in electronic format (preferably .dwg, otherwise .dxf) as well as one complete set of paper prints.

The Service Provider shall also compile a project close-out report for submission to the Employer, which includes, *inter alia*, technical details of the project, the project team, project cost, completion dates, construction details and design changes, delays and the reasons thereof, problems encountered and the solution thereof, conclusions and recommendations.

7.2.2 Additional Services

Service Enquiries/Wayleave Applications

The Service Provider shall, in conjunction with the other Consultants, be responsible for all initial service enquiries/wayleave applications from the services authorities, the requirements of whom shall be carried through into the designs and tender documentation as necessary.

Targeted Procurement

The Service Provider shall provide all services related to targeted procurement in respect of the construction contract including, but not limited to, incorporation of targeted participation goals, the measuring of key participation indicators, auditing compliance by the construction contractor

Act as Leader of the Professional Team

The Service Provider shall assume leadership of the professional team (pertaining to this tender) and be responsible for the overall administration, co-ordination, programming of design and financial control of all works included in the services. The tenderer will be required to report directly to the appointed external Project Manager on each Project.

Construction Monitoring

Construction monitoring is considered to be a vitally important part of this project, requiring the full time input of an experienced individual (Clerk of Works) site. For this reason, it is specified that a level 4 construction monitoring service (as per the Guideline Scope of Services document referred to above) must be provided by the Civil Engineer appointed for each project

Act as the Employer's agent in terms of the Occupational Health and Safety Act

The Service Provider, in submitting a tender for this professional services contract, shall be deemed to have acknowledged acceptance of the appointment as the client's agent in terms of the Occupational Health and Safety Act, 1993 (Act No 85 of 1993) and the Construction Regulations, 2003, should the Employer accept the tender. The Service Provider shall, as such, execute all of the duties of the client as contemplated in the Construction Regulations.

If the Service Provider considers it necessary to employ the services of a safety specialist in order to execute the abovementioned duties, the cost thereof must be included in the fee tendered for this aspect of the project.

The Service Provider's attention is also drawn to the responsibilities of the designer of a structure in terms of the Construction Regulations, and shall comply with all requirements in this regard.

The Service Provider shall, apart from conducting his own activities in compliance with the Occupational Health and Safety Act, 1993 (Act No 85 of 1993) and Construction Regulations, 2003, ensure that any sub-consultants/sub-contractors employed by the Service Provider also comply with the requirements of the Act and Regulations. The Service Provider shall enter into an agreement with the Employer in this regard before the commencement of any work related to this contract (Form C1.3, Part C1, refers).

7.3 Time Frames/Milestones

Milestones set by the Employer typically revolve around budget cycles and the need to spend the budget in any given financial year. The important milestones are therefore the financial year ends (30 June each year) and the Service Provider will be expected to establish a project programme, in consultation with the Employer and the other Consultants that takes cognisance of the budgets

available and the budget cycles. Once agreed, the Service Provider is expected to ensure that the programme is adhered to, and to intervene timeously if necessary. For this project we have estimated a time period not exceeding 60 months, from the date of appointment to works completion.

The Service Provider shall submit a revised programme as and when required by the Employer.

7.4 Places for the Performance of Specific Tasks

It is anticipated that the majority of the work involved in the reporting, preliminary design and detail design and tender stages will be undertaken at the Service Provider's local office. The construction monitoring service will take place at the site of the project.

The Service Providers personnel will however be required to attend meetings elsewhere in the Cape metropolitan area as and when required, and it may be necessary to carry out inspections at the contractor's (or sub-contractor's) yard(s) wherever they may be.

7.5 Reporting Requirements

Aside from the three particular reports required in terms of the brief above (the Conceptual Planning Report, Tender Evaluation Report and Project Close-Out Report), the Service Provider will be required to prepare and submit a monthly Management Report which addresses all matters pertaining to the Project.

Furthermore, the Service Provider shall submit monthly cost reports to the Employer showing expenditure in respect of both the Service Provider's appointment and the construction contractor's contract, together with the anticipated spend to the end of the financial year in question.

The Conceptual Planning Report shall be submitted within the time frames agreed to by the Employer.

The Tender Evaluation Report shall be submitted to the Employer within two weeks of tenders for the construction works having been received.

A preliminary Project Close-Out Report shall be submitted to the Employer within three months of the Certificate of Completion having been issued, which shall be updated as necessary and re-submitted within three months of the issue of the Final Approval Certificate.

8. REFERENCE DATA

All relevant information pertaining to the various projects depicted in this tender will be made available to the appointed Service Provider for reference purposes.

9. APPLICABLE NATIONAL AND INTERNATIONAL STANDARDS

The Service Provider shall ensure that cognisance of all applicable national and international standards are taken in the execution of his/her own work and that of his/her sub-consultants in the design and compilation of specifications for this project. International standards should only be used where no national standards exist, or where it is the norm to use or refer to international standards.

10. APPROVALS

The Service Provider shall be responsible for obtaining the following approvals:

- (a) Approval of the implementation programme from the Employer,
- (b) Approval of the conceptual and preliminary designs from the Employer,
- (c) Approval of the detail design, drawings and contract document from the Employer,
- (d) Wayleave approval from all service authorities,
- (e) Approval of the accommodation of traffic plans from the Traffic Manager,
- (f) Project Enrolment from the NHBRC,
- (g) Approval of the Clerk of Works from the Employer,
- (h) In respect of time based services, approval of the allocation of staff from the Employer.
- (i) Approval for the employment of specialist sub-consultants from the Employer.

Notwithstanding any approval received from the Employer, the Service Provider shall remain responsible for all work carried out by the Service Provider and its sub-consultants in terms of this contract.

11. PROCUREMENT

11.1 Preferential Procurement

The works shall be executed in accordance with the conditions associated with the granting of preferences detailed in Schedule 19: Preferencing Schedule where preferences are granted in respect of B-BBEE contribution. In particular, the Service Provider may not sub-contract more than 25% of the value of the contract (as defined in Schedule 19) to sub-contractors that do not have an equal or higher B-BBEE status level than the Service Provider, unless the sub-contractors are exempted micro enterprises that have the capability and ability to execute the sub-contract works.

For the purposes of this contract, the term "sub-contractor" (used in the context of sub-contracting to the Service Provider) shall include all sub-consultants employed by the Service Provider.

A financial penalty, as described in Schedule 19, shall be applied in the event that the Service Provider sub-contracts more than 25% of the value of the contract to sub-contractors that do not qualify for at least the preference points that the Service Provider qualified for (unless proven to be beyond the control of the Contractor, or the sub-contractors are exempted micro enterprises).

Notwithstanding the application of penalties, the Service Provider's attention is drawn to other sanctions that may be applied by the Employer (listed in Schedule 19) with due consideration to the circumstances.

11.2 Monitoring the use of sub-contractors/sub-consultants

In order to ensure that not more than 25% of the value of the contract is not sub-contracted to sub-contractors that do not qualify for at least the preference points that the Service Provider qualified for, the Service Provider shall submit to the Employer, as and when required, a B-BBEE Sub-contract Expenditure Report. The format of this report is provided in Annex 1 attached.

The Service Provider shall submit to the Employer documentary evidence (either an original valid B-BBEE status level verification certificate in terms of the Construction Sector Charter on Black Economic Empowerment, or an Exempted Micro Enterprise certificate issued by a registered auditor, accounting officer (as contemplated in section 60(4) of the Close Corporation Act, 1984 (Act No. 69 of 1984)) or an accredited verification agency, or certified copies thereof) in terms of the Preferential Procurement Regulations, 2011) of the B-BBEE status level of every sub-contractor employed by the Service Provider. Until such time as documentary evidence as described above has been submitted to the Employer, a sub-contractor shall be deemed to be a non-compliant contributor.

The Service Provider shall furthermore, on the written request of the Employer, provide documentary evidence showing the value of work sub-contracted to any or all of the sub-contractors employed by the Service Provider.

12. FORMAT OF COMMUNICATION

All requests for formal approval from the Employer, or any other body, shall be submitted in writing in hardcopy format. Interim payment claims shall be submitted in the same format, accompanied by an original tax invoice. Ad-hoc communication between the Employer and the Service Provider may be conducted per facsimile or in electronic format (e-mail).

All plans and contract documents submitted for approval shall be in hardcopy format.

13. KEY PERSONNEL

The Service Provider shall maintain the involvement of the following key personnel as the exigencies of this contract require:

- A **Project Manager**, with at least a bachelor's degree qualification in the built environment, and at least 7 (seven) years verifiable post graduate experience in the management of planning and implementation of low-cost or affordable housing developments who will assume full contractual responsibility with the employer and full responsibility for the professional team and all the work carried out in terms of this tender, which is primarily assembling, managing and driving the professional team. The Lead Consultant must be a member of a relevant professional body or institute and must provide proof in this regard.

Where required, the professional registration numbers of the key personnel must be indicated on **Schedule 9, Part T2.2: Returnable Schedules**. The *curriculum vitae* of all key personnel (including sub-consultants), must be submitted with the tender submission, appended to **Schedule 9, Part T2.2: Returnable Schedules**. Key personnel will be expected to operate out of the local office, as the exigencies of this project require.

All the professionals must currently be registered with their respective professional bodies, e.g. Engineering Council of South Africa. The registration numbers of these individuals must be indicated on Schedule 9, Part T2.2: Returnable Schedules. The Curriculum Vitae and proof of registration of all key personnel (including sub-consultants), must be submitted with the tender submission, appended to Schedule 9. Key personnel will be expected to operate out of the local office, as the exigencies of this project require.

Should it become necessary to replace any of the key personnel listed at the time of tender during the course of this contract, they may only be replaced by individuals with similar or better qualifications and experience, who satisfy the minimum requirements and then only with the approval of the Employer.

14. MANAGEMENT MEETINGS

14.1 Management Meetings

During the initial stages of this project (Planning, Studies, Investigations and Assessments; Inception; Concept and Viability and Design Development) the Service Provider will be expected to attend monthly management meetings with the Employer's project management team (PMT), convened for the purpose of managing this project. The Service Provider will present its proposals and these meetings, and take direction from the PMT in this regard.

14.2 Community/Stakeholder Meetings

The Service Provider will also be expected to contribute to and attend community/stakeholder meetings, presenting proposals at these forums, and taking cognisance of input from the various interested and affected parties in the conceptual and detail design development, where possible. It is not anticipated that it will be necessary to continue with community/stakeholder participation through the construction period, other than to respond to any individual queries/concerns that may be raised.

14.3 Supply Chain Management (SCM) Committee Meetings

During the course of the Documentation and Procurement stage, the Service Provider shall attend and participate in the SCM Bid Specification and Bid Evaluation Committee meetings in order to present the contract document and tender evaluation report to the Employer.

14.4 Site/Technical Meetings

During the Contract Administration and Inspection stage of this project, the Service Provider shall convene and run monthly site meetings at which the Employer and contractor will be present, as well as any technical meetings with the contractor as may be required to ensure the successful implementation of this project.

14.5 Ad-hoc Meetings

The service Provider will be expected to attend ad hoc meetings from time to time, with the Employer, stakeholder groups, or service or other authorities, in order to address specific issues as and when the need arises.

14.6 General

The Service Provider shall be represented at all meetings by at least one of the key personnel, preferably the project leader. The service provider shall provide secretarial services (for record keeping purposes) at all management, site/technical, and ad-hoc meetings.

All charges in respect of attendance at meetings and the provision of secretarial services shall be included in the tendered basic fee (Item No.7: C2.2 Activity Schedule).

15. CLAIMS FOR PAYMENT

The Service Provider may submit interim claims for payment (invoices) as the work in terms of this contract progresses, but not more frequently than at monthly intervals. All interim claims must be accompanied by an original tax invoice. Payment will be effected within 30 days of the date on the tax invoice.

16. EMPLOYER'S RIGHT TO RECOVER COSTS

The Employer reserves the right to recover, by way of a deduction from any amount due to the Service Provider, any additional cost which the Employer incurs arising out of non-performance/negligence of the Service Provider.

Overall Perspective: I have designed and implemented some of the landmark projects in the Western Cape specifically from inception to completion. My responsibilities included project management, design of roads and engineering services, structural engineering, contract documentation and administration as well as site supervision and quality conformance.

I have taken the lead (in most of the projects) and performed the role of Professional Engineer insofar as design, tendering, contract admin and project management during my professional career.

Career History

Period
Position
Responsibilities

- My responsibilities as the owner and direct manager of this Organization is my direct involvement in all projects. This is achieved through weekly project co-ordination meetings with staff to ensure that I stay abreast of all developments within.
- I also project manage (at high level) all project requirements preparing programming, resource scheduling, financial management, etc to ensure project deliverables are met.
- I also manage daily operation of the company including marketing, finances, and training, disciplinary procedures, etc.

For, I am intrinsically involved in projects of which my key experiences include:

- Design and development of civil infrastructure and bulk services for residential, commercial and industrial development.
- Project Management of these projects.
- Contract documentation and specifications for civil infrastructure and building projects.
- Design and development of structural engineering and building projects.
- I am fully familiar with most Contract Suites e.g. GCC, JBCC, FIDIC and NEC having acted in the capacity of Engineer, Principal Agent or Project Manager, whichever is applicable on various projects.
- With projects require a multi-disciplinary approach, I have project managed both the team of professionals as well as the Client / Employer successfully

Period
Position
Responsibilities

- Since 1999, I was involved in setting up and structuring the curriculum of the Bachelors Degree (BTech) in Urban Engineering which entailed making contact with sources within the Civil Engineering Fraternity pursuing discussions to establish what is expected from this programme by Industry. In conjunction with the above, I was also sharing the responsibility for teaching on this inaugural intake which entailed preparation of extensive study guides. Subjects taught were Transportation & Traffic Engineering, Geotechnical Engineering, Geometric Design, Solid Waste Management and Pavement Technology.
- I set up a study programme/research activity (Transportation) within the MTech qualification, whereby the same procedure as with the BTech programme is followed. I supervised two MTech students in Pavement Materials and delivered conference papers as well.
- I also authored 2 Engineering textbooks for the undergraduate programme which are still being used within the current teaching programme.

Period
Position
Responsibilities

- Managing operational and capital budgets to the value of approximately R3 million per annum
- **Project management of capital and maintenance projects.**
- Providing technical support to maintenance and construction camps
- Design, tendering and implementation of minor projects
- **Design and implementation of low cost housing projects.**
- Compiling work schedules and ensuring adherence to time frames
- Construction supervision and adherence to specifications
- Liaison with public officials, Local Councils and communities
- Prioritizing of road maintenance activities for provincial and local roads (PAWC)
- Management and supervision of labour, inclusive of disputes, misconducts, safety, etc.
- Implementation of quality circle concept

Period
Position
Responsibilities

- Job functions included drafting drawings for infrastructure projects
- Spent six months in soils laboratory performing most soil tests according to Technical Methods for Highways (TMH) 1
- Alternated laboratory experience with being RE's assistant for infrastructure

Period
Position
Responsibilities

- I have in conjunction with a colleague, designed various minor infrastructure projects (low-cost developments) which included layout planning and bulk services. Two of these projects were approximately 5 hectares in size. The interesting aspect of both these projects was the need to include a public participation process.

Projects

Period
Project Name
Responsibilities

- I have authored two engineering textbooks. Construction Materials for Civil Engineering (published by Butterworths) and Construction Methods for Civil Engineering (published by Butterworths). These were updated to a 2nd Edition. I have applied my construction knowledge and experience in developing both these books. These text books are currently being used within the undergraduate teaching programmes for all Universities of Technology within South Africa.
- I co-authored the CD ROM development to one of the titles mentioned

above

- Also, I have one published article in Urban Management Magazine ("Quality" in Urban Management) and another awaiting publication in Urban Forum (TQM in the megacity).
- Co-author to two papers: South African Transport Conference: 1995
- I have prepared a comprehensive EPWP Labour Intensive training manual for WCG which has been distributed to most District Councils as well as used for training courses.
- I have assisted the WCG: EPWP and Empowerment Office to prepare Policy Documents which has been implemented and currently used. I am also regularly requested to comment or provide inputs into their updating procedures.

EXAMPLES OF PROJECTS WORKED ON

Residential civil engineering services

The following is a list of the larger projects completed which involved the design of roads, water, sewer and stormwater services as well as the co-ordination with other services. The projects cover a wide range terrain profiles and soil conditions. The design of roads included classification, geometric and vertical design and a wide range of surface treatments in bitumen and paving.

- **Design of engineering services to low cost housing units in Ocean View, Khayelitsha, Kanonkop, Valhalla Park, Veterans Military Housing, Bredasdorp, etc for Human Settlements Departments**
 - Kuils River – (256 erven)
 - Goodwood – (70 erven)
 - Wesfleur Sports Complex (12ha)
 - Robinvale Sports Complex (11ha)
 - Protea Park Sports Complex (8ha)
- ★ **Various low cost housing developments & engineering services in Atlantis eg Saxonsea, Robinvale, Protea Park inclusive of maintenance activities**
 - Design, maintenance and technical support of existing or new projects in Constantia, Hout Bay, Llandudno, Kommetjie, Grassy Park, Lotus River and Ocean View.
 - Rail-over Road bridge to Goods Yard, Atlantis

★ Valhalla Park	- 777 Housing Units
Kanonkop	- 455 Housing Units
Blue Downs	- 259 Housing Units
Cape Agulhas Muncip	- 350 Housing Units
Vergenoegd Estate	- 2000 Mixed use Housing Units
Porter Estate	- 260 GAP Housing

Infrastructure Projects

The projects listed below summarises my activities since my involvement with De Villiers Partnership Civils. These activities include project management, costing and adjudication, design of roads and services and supervision.

- Somerset Shopping Mall: Project cost: R150m
- Cape Gate Regional centre: R380m
- Paarl Mall Shopping Centre: R200m
- Millennium Park Business Complex: R80m
- Worcester Shopping Mall: R220m
- Solid Waste Treatment Facilities:
 - Swartklip Transfer Station: R 13m
 - Faure Transfer Station: R 9.8m
 - Athlone Transfer Station: R 2.9m
- Education Facilities for WCG: Education Department.

Road Maintenance projects

The following is a list of roadwork specific projects. They include design, materials inspection and testing and site monitoring during construction.

- Residential streets maintenance programmes to the value of R1mil p.a.
- Proclaimed road maintenance programmes to the value of R3mil p.a.
- Sanral Projects as new entrant: Garies, Upington, Nakop - N7, Ventersdorp
Kraaibosch, Swellendam, White River, Despatch – N2
Trawal - N7

Stormwater projects

I coordinated the riverine management programme for South Peninsula incorporating areas of Constantia, Tokai and Lakeside as well as Lansdowne to Lotus River. Various reports completed.

Empowerment Projects

Performed several Empowerment Impact Assessment studies for the EPWP department as well as for private clients.

Also performed the function of Empowerment Consultant to the Mitchells Plain, Khayelitsha, Tygerberg and Karl Bremmer Hospital projects, as well as other private projects.

Updated the LIC manual used by the EPWP department.

Academia

Lectured various subjects at the Bachelors Degree of Technology level for nine years and have been invited as guest lecturer at other Technikons nationally within these subjects.

Authored two nationally prescribed textbooks i.e.:

- Construction Materials for Civil Engineers (Published February 2000)
- Construction methods for Civil Engineers (Published June 2000)
- The **second** editions of both the above books were updated and published in 2014.

Supervised Masters Students in the following topics:

- ✓ Foamed Bitumen
- ✓ Porous Asphalts
- ✓ Compaction anomalies of various materials and compaction efforts

RESOURCE	FUNCTION
AutoCAD CIVIL 3D – 2016	AutoCAD Civil 3D intelligently connects design and documentation enabling you to boost productivity, deliver higher quality designs and construction documentation, improve coordination, and clearly communicate design intent.
AutoCAD - 2016	CAD Drawing Package
Civil Designer- Survey, Terrain, Roads modules – 2011	Survey data analysis, earthworks modeling road and Canal design
Prokon	Structural Engineering Design
MS Office (Word, Excel, Power-point , Visio, Access, Publisher) - 2013	Word Processing, calculation, audio-visual
SWMM5	A dynamic rainfall-runoff simulation model which routes this runoff through a system of pipes, channels, storage/treatment devices, pumps, and regulators. Water quality may also be modeled
HEC-RAS	One dimensional hydraulic analysis which includes components for: (1) steady flow water surface profile computations; (2) unsteady flow simulation; and (3) movable boundary sediment transport computations.
BILLSOFT	Bill of Quantities estimating software
SIDRA	Traffic analysis
MS PROJECTS 2013	Project Management software
Pastel Payroll	Payroll Administration
Pastel Accounting	Bookkeeping/Accounting software

PROCUREMENT OF PROFESSIONAL SERVICES

METHODOLOGY

THIS DOCUMENT

The Project will be managed by project management team meetings with Municipal officials. The refinement of the preliminary design & report will be undertaken as a joint effort by all the members of the design team. The team has a very good track record in undertaking and managing large projects of this nature. Local Government and Para-Statal organizations i.e. National Government of South Africa, etc. All aspects of the work will be coordinated and managed by the team, incorporating the Engineering Specialists as well as Designs, Quality Assurance and Health and Safety programmes. It is viewed that this approach is desperately needed to address the increased demand for housing experienced within Cape Town.

Given the timeframes imposed by the Client and the need to adhere to a quick turnaround for the implementation of housing (a national shortage), it will be advantageous to compile the preliminary designs and report as quickly as possible after having sourced and included all the background information necessary to complete this component.

Accordingly, this document outlines this approach – one which has been tried and tested by members of the team in different contexts. In this scenario, the Client will directly experience the benefits of a truly integrated but standardized approach that will be equal to any applied across the world.

This document aims to establish a clear direction for the project from the outset. The initial phase of work will determine the direction which the project will follow and will determine the implementation strategy over the next few months.

PMSO OBJECTIVES

The key driver of success for the PMSO will be level of successful execution of projects.

1.1. Project Success Criteria: It is proposed that the PMSO will consider a project to be a complete success when the following are true:

- Pre-defined Business Objectives and Project Goals were achieved or exceeded (i.e., the project satisfied the need that created it)
- A high-quality product is fully and successfully implemented and utilised, meeting clients' expectations, e.g. Housing Beneficiaries, Dept of Housing, etc
- Project delivery met or beat schedule and budgeted targets.

1.2. PMSO Target Development

It is proposed that for each objective, the PMSO will develop one or more targets against which to evaluate performance. These targets will enable all stakeholders to readily assess whether or not the stated outcomes are likely to be achieved. The setting of these targets will comply with generally accepted best practice for the setting of targets, namely:

- S – Specific
- M – Measureable
- A – Attainable
- R – Results-oriented
- T – Time-delimited

It is further proposed that the following schedule for reviews will be adhered to:

- PMSO performance will be tracked on a monthly basis.
- PMSO performance will be reviewed quarterly.
- SMART targets will be evaluated and renewed annually.
- PMSO governance and leadership will agree upon the validity and usefulness of all targets.

1.3. PMSO Objectives

Establish and facilitate programme and project selection criteria aligned with the Human Settlements' business objectives and strategic direction.

- Encourage a programme and project support environment focused on performance and execution;
- Deliver successful projects;

KEY OUTCOMES

Listed below is a proposal on the specific work that the PMSO will perform in order to meet its objectives.

- Establish & Facilitate Business Case Development & Project Selection:
- Encourage a Performance Focused Project Environment:
- Scenario planning capability
- Risk management & mitigation capability
- Financial Management & Modelling capability
- Support the Delivery of Successful Housing Projects:

The PMSO will collaborate with Human Settlements Management and respective clients & key stakeholders, Line Directorates, Line Departments, Ward Councillors and/or the Custodians of the Projects portfolio:

- As part of a management team that includes the Management and Staff, assist in development, articulation & communicating Human Settlements strategy. This will require effective co-ordination of communication support at an enterprise wide level, which could include the rollout of marketing and communications campaigns and related public relations activities and community facilitation within the context of the broader Housing & EPWP initiatives.
- Assist the Department with a business case development capability to justify the need for this project and related financial costs and benefits realization prior to approval for selection.
- Work with all key stakeholders to make the project-selection and implementation process successful
- Maintain and publish a master projects schedule, including critical milestones
- Assist Management, staff and clients with project resource management

- Warn Executive and Senior Management of projects at risk and provide recommendations for risk mitigation.

Project Management: The PMSO will manage all programmes and projects either directly or indirectly or as indicated below for different phases of project, and is accountable to monitor and report on the successful delivery of the project.

- *Mainstream Project* – initiated by Line Departments or Directorates in the normal course of execution of responsibilities (Business as Usual), leveraging either or both capital and operational budgets to fund projects i.e. housing delivery and all the associated disciplines accordingly.
- *Special Job Creation Projects (SJCP)* – initiated by Line Departments or Directorates after receiving a consideration request from Ward Councillors or the Directorate and leverages operating budgets and special grant funding for identified projects.
- PMSO provides guidance to the Project Manager (but under normal circumstances would not provide direct Project Management and delivery services) unless otherwise agreed by the Programme Sponsor.
- PMSO is accountable for ensuring that projects are successfully delivered.
- PMSO deals directly with the Sponsor, Programme and Project Manager
- PMSO develops and enforces its Project Management methodology and standards on projects for which it is accountable.

PHASE 1: HUMAN SETTLEMENT STRATEGIC PLANNING AND PROJECT PIPELINE DEVELOPMENT

Data Collation

The first phase commences with collation of all required data. The following datasets will be acquired from various data custodians, and catalogued for scale and accuracy:

EXPERIENCE

Mr. [REDACTED] has extensive experience in the key elements of the proposed project; strong project management skills, understanding of engineering and spatial development frameworks. The Table below lists the list of the personnel, their experience and their role in the project.

Table: Key staff included in the study team

Person	Qualification	Experience	Role in project
[REDACTED]	Engineering	1) Comprehensive project implementation and management experience within Civil Engineering 2) Project administrative support experience for various projects	Project Management and Administration

Mr. [REDACTED] is a registered Engineering Practitioner with over 20 years' experience in the field of Engineering Projects inclusive of housing.

Mr. [REDACTED] also has extensive knowledge in the implementation of EPWP processes and its link to engineering. He brings his technical expertise, knowledge of EPWP and wealth of experience to manage projects based on an intricate knowledge of each profession, challenges and implementation timeframes.

PROJECT APPROACH

The required scope, objectives and deliverables in the Terms of Reference (ToR) are structured into two (2) phases which in turn has various sub tasks. The project phases as stated in the ToRs are:

- Phase 1: Human Settlement Strategic Planning and Project Pipeline Development; Land identification and acquisition, area-based planning approach, feasibility studies, preplanning and detailed planning & designs
- Phase 2: Implementation: project management; detailed services planning; construction of infrastructure services; construction of top-structures

It is noted that the PRT will form part of a team both at provincial and municipal level. At provincial level the PRTs will work closely with the Directorates responsible for Municipal Support, Planning and Implementation. The PRT will also work closely with the Provincial Regional Managers.

This section will detail the scope and methodology for stakeholder management in each of these phases.

KEY ISSUES

The following key issues have been identified and will require attention during the course of the project implementation.

- Formulating the project team including all necessary disciplines.
- Co-ordinating and confirming the roles of each.
- Prepare and arrange a briefing meeting with the Client to fully comprehend the Scope of Works and confirm deliverables.
- Ensure that a detailed project programme and milestones are prepared and communicated.
- Preparation of a project plan and initiating commencement of the plan.
- Identify role players (Internal and External) including PSC which will include the Beneficiary Community.
- Registration of the project within various sectors e.g. NHBRC, Housing, ect.
- Application for funding, if not already undertaken as well as allowances for subsidy variances.
- Regular monthly project meetings to ensure deadlines, milestones and deliverables are met.
- Allocation and Handover of completed houses (i.e. notification of beneficiaries and certificates of occupation/"happy letters").

OUR RESPONSE TO THE BRIEF

The assemblies team will operate as a cohesive unit and we will follow an integrated approach to ensure delivery of a seamless product in response to the refined brief.

As part of the initial investigation an audit of the current information it is then necessary to reflect the identified need into a set of operational requirements. Operational requirements information may include the following:

- Exactly what needs to be accomplished and how undertake road conditions assessments, standardization of designs, rehabilitation techniques, prioritization of projects, etc
- Performance and related parameters e.g. design, rehabilitation, etc.
- Effectiveness requirements, operational availability, etc.
- Establish design intent and project scope
- Identification of any specialist investigation.
- Source and analyze all existing studies, current initiatives and policy.
- Further required studies must be identified
- Prepare and do presentation of proposals
- Review and evaluate the initial budget information

Once the planning is finalised, engineering services must be designed in accordance with Municipal Engineering Services guidelines and standards for all services. Preliminary cost estimates must also inform the design and provide inputs into for the Business Plan of the project for which funding will be secured or confirmed. The tender document can be compiled once the designs are complete before the advertising can commence.

Reporting and Meetings

A Monthly Meeting will be hosted which will enable a project report to be available on progress of the project including Budgetary reporting.

The preliminary phase of work will establish the scope of work for the implementation phase as it will spell out the nature and extent of the possible future interventions, implementation timelines and programmes as well as preliminary cost estimates for planning and budget cycle purposes. The latter has to be developed in consultation with the client since it will have to tie up with the budgetary constraints of the client.

From this, the second phase of project work will commence, where infrastructural aspects will be designed in line with the overall vision and Human Settlements Directorate. This stage will follow the standard technical procedures of inception, conceptual design, development of technical documentation, statutory approvals, procurement and eventually, construction monitoring, contract administration and close-out.

SUSTAINABILITY ISSUES

It is anticipated that the design of the project will take cognisance of sustainability issues. Although it is very difficult to establish at this stage the extent of green design parameters, it is anticipated that stormwater management and rainwater harvesting measures be included in the designs whilst taking into account the current state of flux in the bitumen industry

PUBLIC PARTICIPATION

The facilitation of a meeting(s) by in-house members of the consultant team is a necessary component for the successful implementation of this project. This must be done in conjunction with the Sub-Council, Ward Council and necessary Officials. Regular meetings must be conducted to ensure that the greater community remains informed. This will also be needed during construction implementation when the CLO and local labour may be required.

Co-ordinate/Facilitate ongoing community workshops/information sessions with affected beneficiaries, representatives of Project Team e.g. Architect (house typologies), Contractor (House handovers), City of Cape Town (House handovers), Contractor.
