3. The principal By-law is hereby amended by the insertion of the following sections after section 95—

“95A Notice of building plan approval

(1) The purpose of this section is to promote transparency, legal certainty and efficient administration.

(6) The City may require an inspection contemplated in subsection (2)(a) or (5) to be conducted via a digital display operated by an authorised official.

(7) A person who obtains information provided under this section, whether provided to them or another person, must treat the information as private and confidential and may not use or distribute it except for a lawful purpose, including obtaining legal or professional advice, exercising a remedy under this By-law, or using it in legal proceedings to which that person is a party.

 - (a) to give an eligible third party, within a limited period, the remedy of placing information before the City about an alleged rectifiable error in the process leading to the grant of an approval or building plan approval;
 - (b) to enable the City to consider whether the information discloses reasonable grounds to suspect that a rectifiable error occurred;
 - (c) to enable the City to exercise its autonomous administrative processes to rectify a rectifiable error;

- (5) A third-party complaint—
 - (a) is an information-bearing report;

- (11) Within 14 days of a termination of rectification proceedings under subsection (5)(b) or a decision whether to revoke or amend, the City must—
