A. MOTIVATION REPORT

a) Introduction

This report is prepared to provide the background to the initiation of, and the motivation for, the establishment of a City Improvement District (CID) for Pinelands and its immediately surrounding areas (the defined area). A CID is a community-driven venture, allowing the local community, property owners and local businesses to organise and fund improvements of specific areas within the City. Once established by the City, a non-profit company (the “CID Company”), carries out the improvements and upgrades proposed in its business plan, funded by an additional rate levied on rateable property located within the CID. In the case of the proposed CID, it is envisaged that both non-residential and residential property owners will contribute to the improvements and upgrades. Provided in this business plan is the motivation, the budget, and the implementation plan (comprising the various programmes), prepared by the steering committee based on the input received from the urban management survey and subsequent engagement with the subcouncil.

This report has been prepared in alignment with the City of Cape Town’s By-Law for Special Rating Areas (2012) and its subsequent amendment By-Law (2016) and the City of Cape Town’s Special Rating Areas (SRA) Policy 2017/2018.

The CID is established for an initial period of five years. Further approval (for another 5 year term) is required from the city if the members so desire.

A CID can be dissolved after establishment in accordance with Chapter 4 of the SRA By-law of the City of Cape Town.

1. **Name** of the proposed district: Pinelands Community Improvement District (PLCID)

2. **PLCID Contact Information**

Contact Person: Yazied Davids

Contact Telephone number: 0 (82) 667-4277,

Email Address: info@pinelandscid.co.za

Web Site: www.pinelandscid.co.za

3. The defined **geographical area** for the PLCID is shown below in Figure 1.

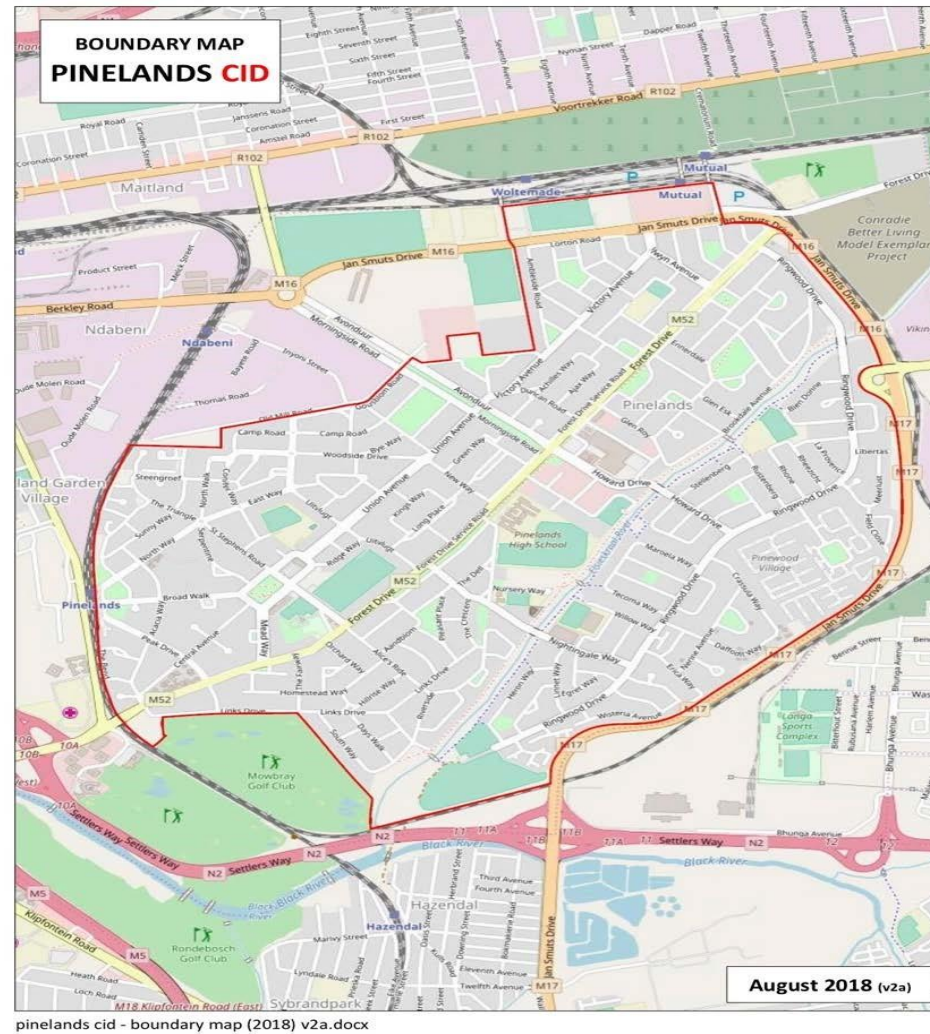

Figure 1: Defined area for the Pinelands CID

The defined area includes the suburb Pinelands in its entirety along its boundaries. The proposed area covers:

- Northern Boundary: Up to and including ERF 3078 (Old Mutual Head Office)
- East Boundary: Along the Western Boundary of Jan Smuts Drive until it intersects with the Railway Reserve
- South Boundary: Along the North Boundary of the Railway Reserve and the Golf Course
- Western Boundary: Along the Eastern side of the Railway Reserve, skirts the Pinelands Business Park up to Avonduur Road. Along Sunrise Road ERF 110934, Walton Grove Road and properties both side of Ambleside.

4. The **strategic objectives** of the proposed CID include:

4.1. Improve Public Safety:

4.1.1. Establish 24-hour patrols;

4.1.2. Install cameras in addition to those already operated by the Pinelands Street Camera Project (PSCP). The cameras currently operated by the PSCP will be incorporated into the PLCID as provided for by the PSCP's documents of incorporation;

4.1.3. Provide additional control room facilities for the patrols and camera systems;

4.2. Improve Maintenance and Cleansing by deploying cleaning teams (litter) and landscaping teams;

4.3. Provide environmental development, for example, improvements in the area of the canal;

4.4. Establish a social development program to reduce the impact of social issues on public safety.

These activities directly map to priorities as expressed by ratepayers in the urban management survey.

5. The **core values** of the management body of the proposed CID Company include:

- **Vision:** To work together to maintain a safe, clean, and sustainable Pinelands
- **Mission:** To improve Pinelands consistently and incrementally for the benefit of all who live and work here.
- **Goal:** The goal is to improve the public safety in our area, to address social aspects in a cooperative manner, maintain the public areas and clean it where required, promote improved communication with the City in collaboration with initiatives already active in the area.

- **Transparency & Accountability:** Transparency & Accountability are key parts of the PLCID's values. They will be achieved through submission of annual reports to the local community, facilitation of local community participation in board meetings and members' meetings of the CID company, and publication of relevant documentation online.

b) Proposed Services and/or Projects

The **background** to the establishment of the PLCID is deeply rooted in the area's history:

Pinelands was established in the late 1920's as the first planned town and self-contained "Garden City" in South Africa. Characteristic of a Garden City is a central park and commercial area, with public buildings and services offered alongside commercial activities. Additionally, Garden Cities generally have multiple railway stations and well-thought-out street layout. Trees and green spaces are preserved when building, and homes are designed to be unique from one another. These are the principles upon which Pinelands was established, resulting in a suburb today that has many green spaces, abundant trees, and comfortable family-homes.

Pinelands was an independent municipality from 1948 until 1996 when it was formally incorporated into the City of Cape Town municipality. Pinelands is primarily a residential area, with pockets of commercial activities around Howard Centre.

The suburb has a reputation for being family friendly. Property trends in Pinelands show that while 63.3% of homeowners are 50 years or older, 72% of recent buyers in Pinelands are under the age of 50, and 69,9% of sellers are over the age of 50. This indicates that younger people are moving into the suburb. There are several excellent preparatory and primary schools in Pinelands, that cater both to Pinelands families as well as children from across the greater Cape Town area.

Pinelands is one of two "dry" suburbs in Cape Town, where no retailers are licensed to sell liquor for off-consumption.

Combined with its proximity to the Cape Town CBD, as well as to all major highways, all the above factors make Pinelands a highly desirable suburb in which to live.

For many years, Pinelands has been known as an affluent suburb, but it faces its own challenges and is exposed to increasing crime and vagrancy – often a spill-over effect from issues elsewhere.

Crime, especially, increased exponentially around 2009 to 2014 (see Figure 1 below) and it was evident that something had to be done. This led in 2011 to the establishment of the Pinelands Street Camera Project as a community initiative. The Pinelands Street Camera Project is a voluntary association which operates under its own constitution. After a successful fundraising campaign, the

community implemented a camera monitoring system. The installation was undertaken between November 2013 to June 2014. This camera monitoring system was the first License Plate Recognition (LPR) system that was installed in the northern suburbs on a meaningful scale.

In addition to the camera monitoring system special mention needs to be made that the Pinelands Neighbourhood Watch became active again and managed to draw in a sufficient number of people that are doing patrols on a voluntary basis to improve the visibility in the streets of the neighbourhood. The Neighbourhood Watch, in conjunction with the safety and security service providers for the area and SAPS, have made a significant number of arrests over the last number of years.

By working hard at initiatives such as these the community managed to minimise the crime trend. However, the area remains under pressure as there are still unacceptable serious incidents taking place. The community therefore needs to maintain its vigilance and continue to improve public safety.

Although the Pinelands Street Camera Project has been successful, as shown by the decrease in crime in 2014/2015 shown in figure 1, it is evident that the next step in the continuous incremental improvement of the area is the establishment of a CID. To further enhance the area would require a more concerted effort, comprising guaranteed funding for additional services to be performed in the public domain, which goes beyond the realm of volunteerism. The desire to establish a CID was born from the need to achieving broader participation in initiatives such as the Pinelands Street Camera Project.

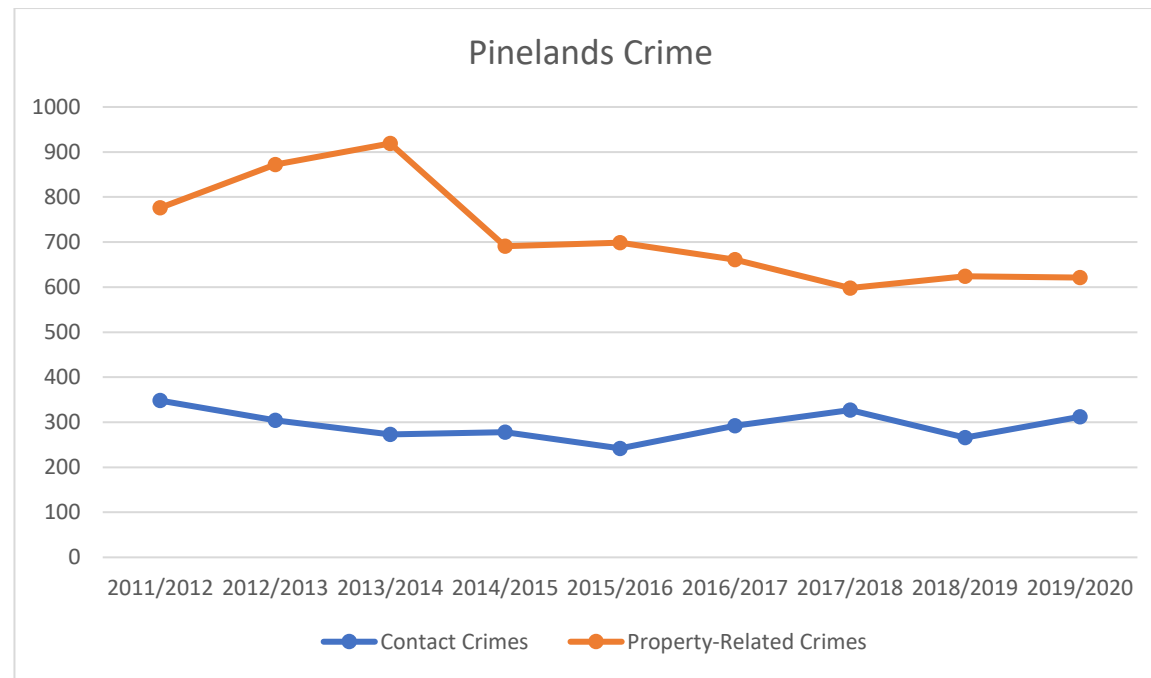

Figure 1: Pinelands crime statistics¹

¹ SAPS database, Crime-Statistics-2020_2021-Release.xls, downloaded 13 April 2022

The Pinelands Street Camera Project and the Neighbourhood Watch are operated on voluntary effort and hence only a portion of the people contribute whereas the benefits are enjoyed by all in the community.

The establishment of a CID would provide the required funding in an equitable and guaranteed way. A CID is seen as the appropriate vehicle (if not the only practical vehicle) by which the property owners can collectively contribute to the further improvement of the area. Since Pinelands was established in an era preceding Home Owner's Associations there is no other effective mechanism by which to achieve this objective.

The structure of a CID is governed by national legislation and the City's By-Law. It allows property owners to become involved in the management of their own area.

The activities of the CID would take a wider view and include matters pertaining to public safety, cleaning, greening and social aspects.

As required in terms of the SRA policy an **urban management survey** was conducted from 2018 through October 2019. The urban management survey was a comprehensive survey conducted using SurveyMonkey – an online application. The survey covered general information regarding the respondents, matters of public safety & security, cleaning, greening, social matters traffic related matters and non-potable water.

A summary of the survey responses is provided in Section D. The survey asked property owners to identify their priorities for improvement. In order of importance, these were:

- **Public safety.** This was overwhelmingly the highest priority – 479 of the 564 responses rated this as their first priority.
- **Maintenance and cleaning.** Over 200 responses rated this as their second highest priority, and over 140 as their third priority, making this overall the second highest priority.
- **Social issues** - vagrancy, etc. Over 250 responses rates this as their second or third highest priority.
- **Maintenance of public spaces.** Maintenance of public spaces was the final item to be identified as a significant priority, with over 250 responses indicating this to be their third or fourth priority.

In addition to the top-four priorities, health and environment, e.g., noise as well as road and street signage received lower levels of support for improvement.

Considering the feedback received the steering committee prepared a business plan to address the concerns raised. With safety and security the highest priority, the steering committee proposes to:

- 1) Improve **public safety** by:

- a) Establishing 24-hour patrols;
 - b) Deploying dedicated CoCT law enforcement officers;
 - c) Installing cameras in addition to those already operated by the Pinelands Street Camera Project;
 - d) Provide additional control room facilities for the patrols and camera systems;
- 2) Improve **maintenance and cleaning** by:
- a) Deploying cleaning teams (litter);
 - b) Deploying landscaping teams;
- 3) Undertake **environmental development** e.g., at the canal;
- 4) Establish a **social development program** to reduce the impact of social issues on public safety.

These activities directly map to priorities as expressed by ratepayers in the survey.

The relationship between the legal entities, Pinelands Street Camera Project and PLCID, is as follows:

- Pinelands Street Camera Project – A company established in 2015 and is the owner of all current monitoring infrastructure.
- Pinelands CID - A Non-Profit Company (NPC) to be established to implement the Business Plan of the PLCID.

The assets of the Pinelands Street Camera Project - the existing CCTV monitoring network - will be taken over by the PLCID at no cost. Further expansion of the CCTV / LPR camera network will be undertaken by the PLCID, including monitoring.

Figure 2 shows total 5-year spend by service category.

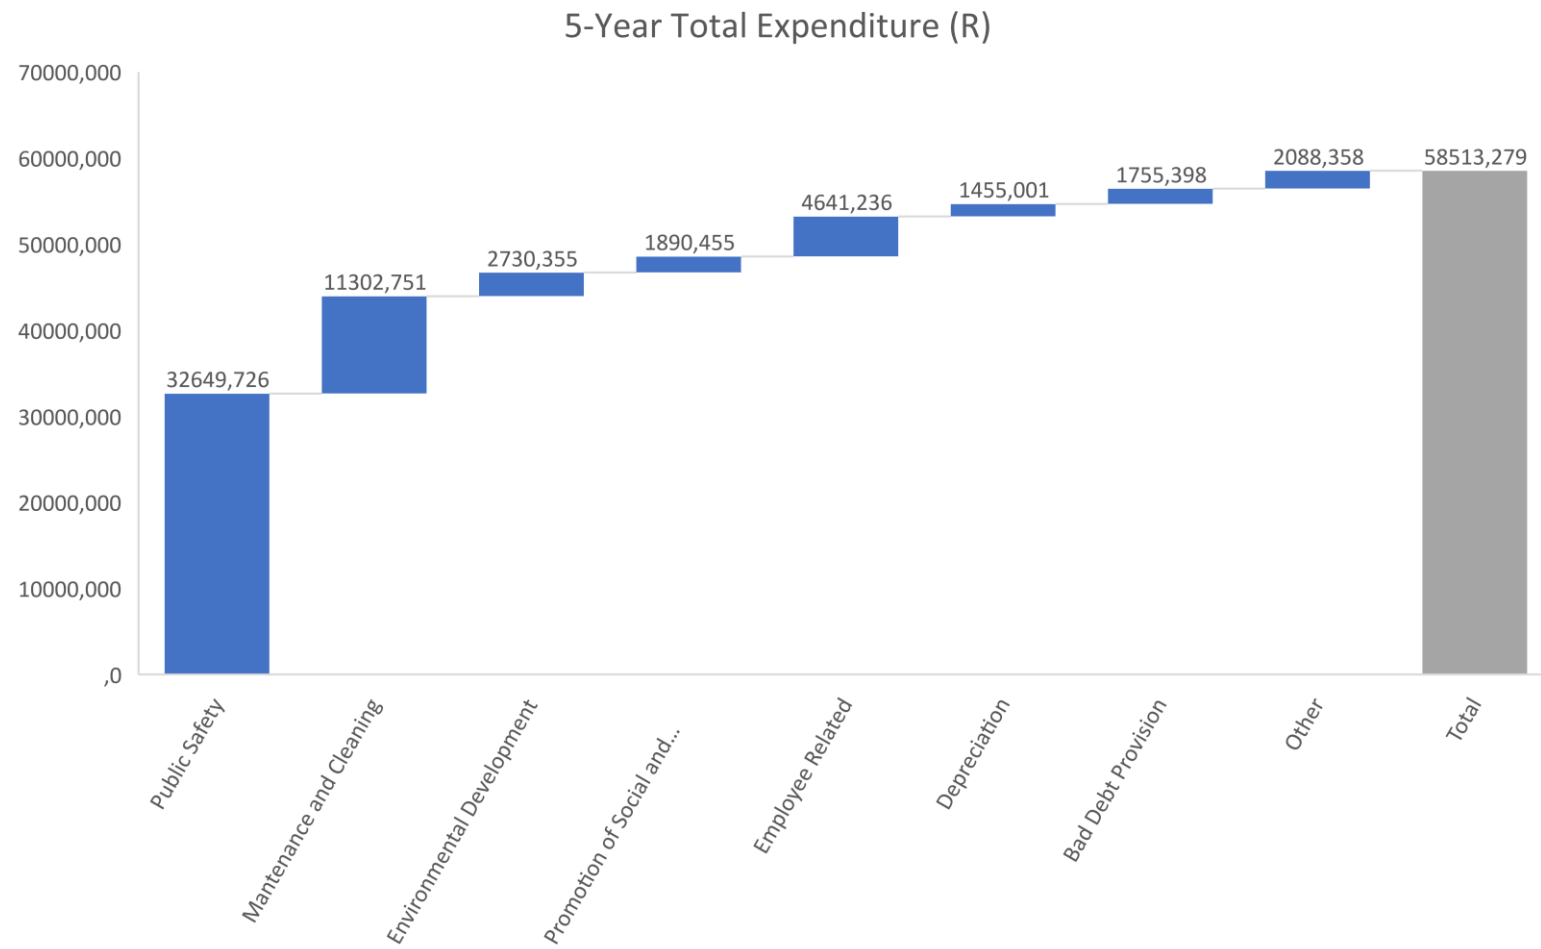

Figure 2: Total expenditure by spend category

Impact On Existing Inequities

No aspect of this plan is expected to reinforce existing inequities within the City of Cape Town. The social development portion of the proposed CID's activities may be expected to contribute to the reduction of these inequities.

(i) Improving Public Safety

Public safety related services consist of five integrated subservices – 24-hour patrols, dedicated City of Cape Town law enforcement officers, camera infrastructure, a control room for both and the use of a community safety app. The public safety component of the PLCID will integrate with the various other initiatives within the area, including:

- The Community Police Forum (CPF) community safety plan
- The SAPS “community in blue” initiative

The total estimated cost of the Public Safety services over the initial 5-year term of the CID is shown in figure 2.

Patrols

Patrolling will be outsourced to a third-party accredited service provider that would be selected via a price competitive tendering process. Patrolling of the public areas using PLCID dedicated and suitably marked vehicles will be a key pro-active security measure. Patrols will have a direct link with the control room with 24/7 monitoring of public spaces. This PLCID patrolling vehicles will primarily focus on public safety patrols in the Pinelands designated area. They will not attend to private property security alarm activation incidences and will not be authorised to enter private property.

The scope of the service will comprise the following:

- 1) 4x dedicated PLCID branded patrol vehicles
- 2) 1x communication device in each vehicle
- 3) 3x security officers manning each vehicle 24/7
- 4) 2x 10-hour shift bicycle patrollers on the canal
- 5) The use of a Community Safety app loaded on Residents smartphones

Dedicated City of Cape Town law enforcement officers

In addition to the dedicated patrols operated by private sector providers, two dedicated City of Cape Town law enforcement officers will also be deployed. These officers will be dedicated exclusively to the area of the Pinelands CID and will have full powers of arrest. The fully-loaded cost of these officers to the CID is estimated, based on 22/23 figures, to be R500,000 in the first year.

CCTV camera infrastructure

The general perception is that the cameras that were installed under the Pinelands Street Camera Project initiative did contribute to improved safety in the area. It is therefore envisaged to expand the camera network. The PLCID will take over the assets of the existing Pinelands Street Camera Project CCTV camera network infrastructure at no cost once the CID is operational.

Provision is made for the installation of six new camera points that will integrate with the existing network in the first year, with additional cameras to follow as budget allows. The budget provision for this is R200,000 per camera installation, including communication infrastructure, etc.

Control room monitoring

Monitoring will be outsourced to a third-party accredited service provider, that would be selected through a competitive tender process. This will be integrated with the current Pinelands Street Camera Project's control room.

The scope of the service will comprise the following:

- Monitoring will be undertaken in a control room by dedicated staff on a 24/7 basis.
- 3x skilled surveillance officers.

Community safety app

The use of a bespoke Panic Button based safety app configured to the safety and support services for the area. This will be available to all residents at no cost. This is an existing app that will be customized to integrate with the PLCID monitoring and response network, and can be used in various areas of business, school, public or home environments. The panic button app will be based on the type of emergency and links will be configured to response teams based on emergency. Examples of the type of emergencies include but not limited to:

- Gender based violence incidents
- Robberies

- Hijackings
- Fire Emergencies
- Locate ME service due to emergency
- Audit trail of incidents for authorities

All areas of the CID will be served on an equal basis by all the public safety services.

The total estimated cost of the public safety services over the initial 5-year term of the CID is shown in figure 2.

The public safety sections of this plan are consistent with the municipality's IDP (2022-2027 edition) and with section 22(4) of the Local Government: Municipal Property Rates Act, No. 6 of 2004 (the “MPRA”) in that the improved public safety initiatives contribute directly to:

CID PROGRAMMES	IDP PRIORITIES	IDP OBJECTIVES	IDP PROGRAMMES
Public Safety	Safety	OBJ 5: Effective law enforcement to make communities safer	5.1 Enhanced policing programme 5.2 Safety technology programme
Public Safety	Safety	OBJ 6: Strengthen partnerships for safer communities	6.1 Partnerships for community safety programme 6.2 Holistic crime prevention programme

Table 1 – CID Public Safety consistency with CoCT IDP (2022-2027 edition).

(ii) **Maintenance and Cleansing**

The outcome of the urban management survey indicated that Litter and Cleanliness is the 2nd most important issues raised by residents after Safety and Security.

The objectives for Maintenance and Cleansing are to enhance and provide **additional** municipal services and to ensure that Pinelands is a clean, attractive and well-maintained area we can all be proud of.

We aim to achieve this by **collaborating with** residents and other organizations in Pinelands providing public services or initiatives in this space.

Of great importance is that we align our activities and collaborate with the various departments in the City of Cape Town and our local sub-council.

This proposal covers the following:

- Parks and playgrounds;
- Areas surrounding commercial zones;
- Public Open Spaces;
- The Elsieskraal Canal;
- Bus stops, Train stations, bridges, the subway and other area used as shelters; and
- All streets within the Pinelands CID

Objectives for Maintenance and Cleanliness are:

- 1) Parks and Playgrounds (Providing quality and safe parks and recreation facilities)
 - a) Rubbish removal and cleaning on a more frequent basis
 - b) Grass cut more frequently in spring and summer
 - c) Annual equipment maintenance
- 2) Areas surrounding commercial zones (Promote recycling and Cleanliness)
 - a) Daily street cleaning and removal of waste

- b) Instal more waste bins
 - c) Enhance signage regarding littering
- 3) Public Open Spaces (Providing a healthy and sustainable environment)
 - a) Rubbish removal and cleaning on a more frequent basis
 - b) Grass cut more frequently in spring and summer
 - c) Removal of Graffiti
- 4) The Elsieskraal Canal (Quality and safe parks and recreation facilities)
 - a) Rubbish removal and cleaning on a more frequent basis
 - b) Increase frequency of grass cutting
 - c) Ensure all walking surfaces are safe
- 5) Bus stops, the Subway and areas adjacent to bridges (Promote Cleanliness)
 - a) Daily cleaning and removal of waste
 - b) Install more waste bins
 - c) Enhance signage regarding littering
- 6) Streets (Road Reserves) (Safe and quality roads for vehicles, cyclists and pedestrians)
 - a) Develop and implement a robust street cleaning program for the road reserves in the Pinelands CID
 - b) Regular (weekly) street sweeping and cleaning of main roads and removal of waste
 - c) Frequent sweeping of other roads (monthly or quarterly) and removal of waste
 - d) Increase the frequency of cleaning storm water gullies

All areas of the CID will be served on an equal basis by all the Maintenance and Cleansing services to the extent that the services in question are relevant.

The total estimated cost of the Maintenance and Cleansing services over the initial 5-year term of the CID is shown in figure 2.

The Maintenance and Cleansing sections of this plan are consistent with the municipality's IDP (2022-2027 edition) and with section 22(4) of the Local Government: Municipal Property Rates Act, No. 6 of 2004 (the “MPRA”) as shown in table 2:

CID PROGRAMMES	IDP PRIORITIES	IDP OBJECTIVES	IDP PROGRAMMES
Cleaning and Environment	Basic Services	OBJ 4: Well-managed and modernised infrastructure to support inclusive economic growth	4.4 Water Resilience Programme 4.6 Waste minimisation and recycling Programme 4.7 Promoting Cleanliness and addressing Illegal dumping Programme
Cleaning and Environment	Public Space, Environment and Amenities	OBJ 9: Healthy and sustainable environment	9.1 Environmental and Biodiversity management Programme 9.2 City Health Programme
Cleaning and Environment		OBJ 10: Clean and healthy waterways and beaches	10.1 Healthy urban waterways Programme 10.2 Coastal Programme
Cleaning and Environment		OBJ 11: Quality and safe parks and recreation facilities supported by community partnerships	11.1 Quality community facilities programme 11.2 Partnerships for quality public spaces programme

Table 2 – CID Maintenance and Cleansing consistency with CoCT IDP (2022-2027 edition).

(iii) Environmental Development

The outcome of the urban management survey indicated that Litter and Cleanliness is the 2nd most important issues raised by residents after Safety and Security. The 4th priority that was identified is Maintenance of Public Spaces.

The objectives of the Environmental Development Plan are to enhance and provide additional municipal services and to ensure that Pinelands is a clean, attractive, and well-maintained area we can all be proud of.

We aim to achieve this by collaborating with residents and other organizations in Pinelands providing public services or initiatives in this space.

Of great importance is that we align our activities and collaborate with the various departments in the City of Cape Town and our local sub-council.

This proposal covers the following:

- Parks and playgrounds;
- The Elsieskraal Canal;
- Bus stops, Train stations, bridges, the subway and other areas used as shelters; and
- All streets within the Pinelands CID

Objectives for Environmental Development are (with approval of/in consultation with the appropriate CoCT Departments):

- Parks and Playgrounds (Providing quality and safe parks and recreation facilities)
- Install appropriate safe surfaces around all park equipment
- Provide for and install additional outdoor gyms and exercise areas with appropriate lighting
- Establish a dog park
- Consider the development of a skateboard or BMX facility
- The Elsieskraal Canal (Quality and safe parks and recreation facilities)
- Enhance landscaping by planting more trees
- Ensure all walking surfaces (grassed and paved) are safe (repairs)
- Frequent levelling of grassed areas(moles) to provide safe grass areas
- Provide Park benches along both sides of the canal
- Enhance lighting along the canal
- Widen /enhance existing walkways and footpaths

- Streets (Road Reserves) (Safe and quality roads for vehicles, cyclists, and pedestrians)
- Ensure ongoing Tree Maintenance (pruning, removal of dead trees etc)
- Planting /replacing dead trees with indigenous trees
- Provide paved areas for pedestrians waiting for taxis/transport in areas adjacent to Howard Centre

All areas of the CID will be served on an equal basis by all the Environmental Development services to the extent that the services in question are relevant.

The total estimated cost of the Environmental Development services over the initial 5-year term of the CID is shown in figure 2.

The Environmental Development sections of this plan are consistent with the municipality's IDP (2022-2027 edition) and with section 22(4) of the Local Government: Municipal Property Rates Act, No. 6 of 2004 (the “MPRA”) as shown in table 3:

CID PROGRAMMES	IDP PRIORITIES	IDP OBJECTIVES	IDP PROGRAMMES
Urban Development	Transport	OBJ 13: Safe and quality roads for pedestrians, cyclists and vehicles	13.1 Road Safety and Maintenance programme

Table 3 – CID Environmental Development consistency with CoCT IDP (2022-2027 edition).

In order to deliver these services, the PLCID would need to deploy 10 personnel on a daily basis.

1 team of 4 people to focus on the commercial area, subway and canal;

2 teams of 3 people each to focus on the rest of the PLCID

- The Pinelands Neighbourhood Watch has segmented the area into 5 sectors. There are 12 subsectors.
- The 2 teams of 3 people will spend approximately 2 days a month in each sector attending to the various tasks.
- Waste collection to be outsourced, alternatively it could be managed in house.

This function will be outsourced to a service provider with the PLCID manager overseeing the deliverables of the contract.

The team of 10 personnel would need to be managed on a daily basis, including a supervisor.

The supervisor would report through to the PLCID manager.

If a supervisor is not appointed, the PLCID manager will assume the responsibility of overseeing the workforce.

All personnel would be provided with the appropriate workwear and safety wear for summer and winter conditions.

All employees must easily be identifiable as employees of the CID.

Tools and equipment as well as consumable items would be provided by the outsourced service provider

Appropriate vehicles would be provided by the outsourced service provider.

(iv) Promotion of Social and Economic Development

The urban management survey conducted indicates that street people, homelessness and vagrancy is a concern in Pinelands. In this regard there is an understanding and a willingness to assist in dealing with this problem by partnering with NPO's / NGOs and other City initiatives (Street People Unit) capable of addressing the issue.

Homelessness has a devastating impact on the health of people who directly experience it including increased illness, higher use of health services and early death. While some people become homeless as a result of mental illness, it is also well known that the experience of homelessness can exacerbate existing problems and lead to new mental health problems, including addiction.

There are 48 City Improvement Districts across Cape Town and they strive to better the communities they serve. A considerable portion of their time and budget is spent addressing problems directly stemming from homelessness. CIDs are mandated to perform four core activities: i) public safety; ii) cleaning and maintenance; iii) environmental initiatives; iv) social development. Using the combined 2020/2021 CID budget for all the CIDs in Cape Town, it was calculated that on average social development constitutes 3% of spend.

Drivers of Homelessness in South Africa include (source: un.org/development):

- Historical disadvantage
- Migration pattern
- Unemployment and low wages
- Social exclusion and cultural rights
- Loss of parents or household bread winner
- Home desertion
- Lack of Civic identification document
- Natural Disasters (Climate change related risks – flash flood, gully erosion, tornadoes, wind etc)

The Pinelands community have been fortunate to work with “NetWork” and NPO based in Pinelands that works directly with homeless people throughout the ward as well as neighbouring wards. The organisation consults with the individuals to ascertain the type of assistance they require.

PLCID programmes in partnership with stakeholders will include:

- Re-uniting individuals with relatives
- Relocation back home (bus ticket)
- Registering an ID Card
- Finding Employment
- Access to Shelters
- Access to healthcare
- Job readiness training programmes
- Life skills training programmes

There are also several existing NPO's in Pinelands that offer feeding schemes. These include the Pinelands Islamic Centre who feed thousands of people weekly. Maitland Garden Village runs a soup kitchen at ECD centres to feed children.

The PLCID will form partnerships with the local organisations and the City's newly launched Street People Unit. This approach removes the stigma attached to the homeless and offers them sustainable solutions. The PLCID will coordinate social intervention programmes and develop a comprehensive strategy for addressing social issues in conjunction with the City of Cape Town, all relevant social welfare organisations and institutions. The PLCID management will assist to facilitate and monitor the strategy and

implement social rehabilitation. Social intervention and development can only be achieved by offering unemployed and/or homeless people an alternative.

Through the development of pro-active programmes to create work opportunities for homeless people certain NGOs have presented the opportunity to direct their work programmes to include cleaning and maintenance services to CIDs. These partnerships between CIDs and NGOs create a more cost-effective approach to the provision of supplementary services to the municipal cleaning services when large area clean-ups or specific maintenance tasks are required. In addition to the permanent maintenance team a social work programme is used to deployed previously homeless people from NGOs for specific clean-up projects in the PLCID area. This plan depends on close cooperation with NGOs and the City of Cape Town's social intervention strategy through which a small number of individuals can be identified to be re-integrated into society through gainful employment.

The social upliftment programmes as planned is in support of City of Cape Town IDP (2022-2027 edition). The PLCID supports the City's Social Upliftment Strategies to find lasting solutions for Social Development, which includes supporting individuals to move from the street into places of safety, support NGOs that provide social services and where possible create employment opportunities. The PLCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management as social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.

The social upliftment plan also supports the Spatial Priorities set in the IDP including *OBJ 15.3 Social Inclusion and Well-being Programme*. It creates job opportunities for previously unemployed and homeless people through the partnerships with local NGOs.

All areas of the CID will be served on an equal basis by all the Environmental Development services to the extent that the services in question are relevant.

The total estimated cost of the Social Development services over the initial 5-year term of the CID is shown in figure 2. This spend is subject to the following conditions:

1. Spend and benefit must be within the area of the CID;
2. The spend must directly address identified social issues within the borders of the CID;
3. Spend may be directed to NGOs operating in the area, or programmes directly administered by the CID.

The Social Development sections of this plan are consistent with the municipality's IDP (2022-2027 edition) and with section 22(4) of the Local Government: Municipal Property Rates Act, No. 6 of 2004 (the "MPRA") as shown in table 4:

CID PROGRAMMES	IDP PRIORITIES	IDP OBJECTIVES	IDP PROGRAMMES
Cleaning, Environment & Social Development		OBJ 15: A more spatially integrated and inclusive city	15.1 Spatial integration and transformation programme 15.2 Social inclusion and well-being programme

Table 4 – CID Social Development consistency with CoCT IDP (2022-2027 edition).

(v) Other Services

In addition to the primary services relating to safety and security, cleaning and maintenance, environmental and landscaping, the CID will also provide a number of additional services. These will include:

1. **Communication.** The primary form of communication between the PLCID and the community will be electronic communication. A website, www.Pinelandscid.co.za, has already been created. A further communication strategy will be established in order to inform the members of planned initiatives, etc.
2. **Traffic.** Traffic was identified as a secondary priority in the survey. The CID will address these issues in consultation with the appropriate City of Cape Town departments where possible.
3. **Monitoring.** The CID will monitor service delivery within the defined area and communicate with the City of Cape Town as required.
4. **Information services** via the Safety App. Newsfeeds, Social Links, Website Link, Surveys, etc.

(vi) Financial Impact of the CID

Under Section 22 of the Municipal Property Rates Act (MPRA) the legislation allows a municipality to determine an area (defined area), within the municipal area, as a special rating area for the purpose of improving or upgrading the area. The municipality will collect additional rates as part of the approved Business Plan from the property owners within the defined area (in addition to the property rates) and direct that money back to that area.

Both residential and business properties will be subject to the additional rate, as determined by the City of Cape Town.

Costs of the CID

1. The **amount of the additional rate** is calculated by the City of Cape Town, based on the budget contained in the business plan to cover the anticipated expenditure of the CID. Specific rates for (a) residential and (b) non-residential properties are set with a view towards ensuring that the additional rates are distributed across the community on a fair and equitable basis.
2. The **calculation of the additional rate** in respect of the first year of the CID term is based on the expected expenditure in that year. Additional rates per property are based on a percentage of the property value. So, e.g., a property with twice the value of another property will attract twice the additional rates.
3. There is a **possibility of year-on-year increases or decreases** in the additional rate during the second to fifth years of the CID term. This may result from:
 - a. variations in the municipal rates base of the district pursuant to municipal valuations;
 - b. inflation;
 - c. increases expressly provided for in the term budget, as well as additional developments in the district);
4. The CID policy explicitly **caps the additional rates** to a maximum of 25% of the normal rate.
5. Certain properties are **exempt** from the additional rates. The SRA policy requires that all properties *except* (a) municipal properties predominantly used for municipal purposes or (b) properties exempted from paying property rates or receiving partial rates relief will form part of the property database of the proposed special rating area. Any property owner who resides within the defined area that receives any form of property rates relief from the City will be exempt from paying the additional rate. It is however incumbent on the property owner to seek such relief from the City under the City's Rates Policy.

The Expenditure Budget for each year of the Business Plan-

Year 1:	R10,174,915
Year 2:	R10,887,159
Year 3:	R11,649,260
Year 4:	R12,464,708
Year 5:	R13,337,238

The additional rates required to fund the annual budget escalates with an average of 7% over the 5-year term.

Budget allocation per Portfolio in the first year:

• Public Safety	41.7%
• Cleansing Services	9.1%
• Environmental Upgrading & Urban Maintenance	14.0%
• Social Upliftment	3.2%
• Employee Related	7.9%
• General Expenditure	6.8%
• Capital Expenditure	14.3%
• Contribution to the Rolling Bad Debt Reserve	3.0%

The budget is funded by an additional property rate levied on the municipal valuation of all properties within the Pinelands CID boundary. Additional rates attract VAT @ 15%.

The additional property rate is calculated by the City annually during the City's budget process. The additional rate is expressed as a Rand-in-the-rand and is calculated by dividing the Pinelands CID budget total with the total municipal valuation of properties in the Pinelands CID.

The CID By-law allows for differentiated additional rates between categories of rateable property and as such a residential and non-residential additional rate is applicable in the Pinelands CID.

The Pinelands CID budget and additional rates are approved by Council with the City's budget and is applicable over a financial year, which starts on 1 July.

Individual contributions for residential and non-residential properties can be calculated as follows:

1. Municipal valuation x R 0.XXXXXXX = Annual contribution (VAT excl.) – Note: R 0.XXXXXXX represents the approved Pinelands CID additional property rate.
2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.)
3. Average monthly contribution (VAT excl.) x 1.15 = Average monthly contribution (VAT incl.)
e.g. R3,000,000 x R 0.000585 = R14,375.00 ÷ 12 = R1,755.00 x 1.15 = R2,018.25

c) Proposed Management Structure

For financial management and prudence, a non-profit company (NPC) is registered under the Companies Act. A twelfth (1/12) of the allocated annual budget is paid over to the CID as per the approved business plan per month less 3% provision for bad debt to provide the additional services to improve and upgrade the area.

The non-profit company is managed by a board of directors elected by other property owners in the area. The board of directors are responsible for the implementation of the Business Plan. The activities of the NPC are strictly monitored by the municipality to ensure conformance to the legislation and the approved business plan.

Membership of the CID Company

Any registered property owner is eligible to be a member of the NPC, on application to the board – there are no costs involved nor risk of liability.

The entire community is allowed to participate at meetings but only contributing members of the NPC are eligible to vote at members meetings of the NPC. Proxies are allowed.

Composition and election of Directors

An inaugural board consisting of the members of the steering committee will manage the NPC for the initial period of six months, after which a Members Meeting will be held to elect Board members for the PLCID.

- A City of Cape Town councillor will be appointed to the Board as an observer (no voting right) by the Executive Mayor.
- The Board is mandated to implement the business plan.
- Each Board director will be dedicated to a specific portfolio (programme).
- Directors will not be remunerated for their services.
- Any deviation from the agreed Business Plan needs to be supported by a formal board resolution at a PLCID members meeting with the agreed quorum of attendance (as defined in the MOI guidelines).

Director's portfolios will include:

1. Chairman
2. Chief Financial Officer
3. Public Safety
4. Cleaning and Maintenance
5. Environmental Development
6. Social Development

If appropriate, portfolios may be combined under a single person.

Service manager and service providers

A services manager will be appointed to take care of the day-to-day business of the NPC. The services manager will also manage the service providers appointed to implement to work defined in the business plan.

These service providers will be appointed by the Board following a competitive process. Competitive quotations will be obtained for evaluation, scoring and decision by the Board. Contractor selection decisions will be recorded in the minutes of the meetings.

Measures to ensure inclusivity

Measures to ensure inclusivity will include:

1. Monthly board meetings will be held with the first 30 minutes open for public participation
2. Local community members will be invited to members' meetings and board meetings regardless of whether or not they are additional ratepayers;
3. Agendas, notices and minutes of members' meetings will be published on the CID company's website;

Financial and Performance Reporting requirements vis-à-vis the City.

Financial reporting will occur as follows:

1. The progressive monthly income and expenditure reports will be tabled at Board meetings and forwarded to the City on a monthly basis.
2. The NPC is required to obtain approval for annual budgets and its implementation plan for the next financial year at the AGM. Thereafter it is submitted to the City for inclusion in the City's budget process.
3. The CID will appoint a service provider (using a competitive process) for accounting services.

4. The CID will be externally audited; the NPC will appoint (using a competitive process) an external IRBA registered auditor at the AGM.
5. Annual Financial Statements need to be audited and presented at the AGM to the members submitted to the City by 31 August each year.
6. The performance of the Board of Directors, in achieving the objectives as detailed in the Business Plan will be monitored by the members, the community and the City.
7. The NPC will have a memorandum of incorporation (MOI) as prescribed by the City and as regulated in terms of the Companies Act 71 of 2008.

d) Permissible Amendments to the Business Plan

The By-Law allows amendment of certain limited business plan provisions by the Council at the request of the CID company board without the need to obtain further consent from additional ratepayers, provided that such amendment is presented to the AGM for approval.

B. IMPLEMENTATION PLAN

MANAGEMENT & OPERATIONS									
ACTION STEPS	KEY PERFORMANCE INDICATOR	FREQUENCY per year	DURATION IN WEEKS, MONTHS OR YEARS					RESPONSIBLE	COMMENTS
			Y1	Y2	Y3	Y4	Y5		
Register PLCID with CIPC	Registration certificate	Once	1	0	0	0	0	Steering Committee	During first year
Hold first board meeting	Minutes of meeting	Once	1	0	0	0	0	Board of directors	Elect directors, make arrangements for first members meeting
Open bank account for PLCID	Obtain bank account details	Once	1	0	0	0	0	Board of directors	During first year
Register PLCID with SARS	SARS registration number	Once	1	0	0	0	0	Board of directors	During first year
Apply for tax exemption with SARS	Exemption certificate	Once	1	0	0	0	0	Board of directors	Obtain before the end of the first year
Register PLCID for VAT with SARS	Receipt of VAT registration number	Once	1	0	0	0	0	Board of directors	During first year
Register as a community based organisation with the City	CBO registration certificate	Once	1	0	0	0	0	Board of directors	Before the end of the first financial year
Submit supplier application to City. Register on Eservice portal as a supplier.	Receive vendor number from the City	Once	1	0	0	0	0	Board of directors	During first year

MANAGEMENT & OPERATIONS									
Develop a Procurement Policy	Board approved Procurement Policy	Once	1	0	0	0	0	Board of Directors	During first year
Hold first members meeting	Within 6 months hold the first members meeting	Once	1	0	0	0	0	Chairman and secretary	Elect Board members approve the implementation plan and budget for the second year; approve the appointment of auditors
Conduct recruitment process for Service manager	Appointment of Service manager	Once	1	0	0	1	0	Board	Compile the requirements for the Service manager (job specification); Recruit/ obtain the service a person to fulfil the role of Service manager
Appoint service provider for accounting	Appointment of account service provider	Once	1	0	0	1	0	Board	Solicit the market and appoint accountant service using a procurement process (quotations)
Submit financial reports to the board	Monthly financial reports submitted to the board members	Monthly	12	12	12	12	12	Treasurer	Review bank statements. Monitor creditors and debtors. Review monthly income from City. Prepare monthly management accounts
Progressive income and expenditure reports to the City	Monthly financial reports submitted to the CID Branch (15th of the following month)	Monthly	12	12	12	12	12	Treasurer	Refer to financial agreement

MANAGEMENT & OPERATIONS									
Report to the board on CID arrears	Observe and report any concerns over outstanding amounts to CID Department	Monthly	12	12	12	12	12	Treasurer	Directors in arrears may not take part in board meetings
Audited annual Financial Statements (AFS)	Submit AFS to CID Department by 31 August each year	Annually	1	1	1	1	1	Treasurer	Board approved
Hold Annual General Meeting (AGM)	AGM held to provide report back to members on the year gone past activities, note the financial statements, approve the appointment of auditors; approve the company secretary; approve the next year's plan; elect new Board members budget; approve the next year's implementation	Annually	0	1	1	1	1	Secretary	AGM to be held annually before end of December.

MANAGEMENT & OPERATIONS									
CIPC Compliance - Director changes, annual returns, auditor changes	CIPC notifications of changes	Annually	1	1	1	1	1	Treasurer	Register auditors with CIPC within 10 business days of appointment. Register / de-register directors within 10 business days of appointment of new directors. Submit annual returns within 30 business days of anniversary of NPC registration.
Annual Report and AFS	With 3 months of AGM submit Annual Report and AFS to subcouncil	Annually	1	1	1	1	1	Treasurer	Submit proof of submission to CID Branch
Annual tax compliance status	Upload tax compliance status via eServices portal	Annually	0	1	1	1	1	Treasurer	Within one month after the expiry of data
VAT compliance	Submit VAT returns to SARS	Bi-monthly	6	6	6	6	6	Treasurer	
Tax compliance	Submit annual tax returns to SARS	Annually	1	1	1	1	1	Treasurer	
Perform mid year budget review	Submit review to City by 31 March	Annually	1	1	1	1	1	Treasurer	As approved by the board

MANAGEMENT & OPERATIONS									
Annual CID implementation plan and budget	Submit a draft updated annual implementation plan and budget to CID department for verification; Presented for approval to members at the AGM	Annually	1	1	1	1	1	Board / Secretary / Treasurer	
Integrated Development Plan	Submit input to the integrated development plan to Subcouncil manager in October to February annually	Annually	1	1	1	1	1	Board /Secretary	
City Capital and Operating budget	Submit input to the subcouncil by September annually for consideration in the City's annual budgeting process	Annually	1	1	1	1	1	Board / Secretary	

MANAGEMENT & OPERATIONS									
Conduct board meetings	Signed minutes of quarterly board meetings and file resolutions	Monthly	4	4	4	4	4	Chairman / Secretary	Quorum of directors present at every meeting. Feedback per portfolio. First 30 minutes of the meeting will be open to the public; should it become evident that the activities of the CID require less frequent meetings then relax to every second month.
Manage the day-to-day operations of the CID	Report monthly to the board on CID implementation plan	Ongoing	→	→	→	→	→	Portfolio Directors/ Services Manager	
Evaluate Service Providers	Submit monthly reports to the board	Ongoing	→	→	→	→	→	Portfolio Directors/ Services Manager	

MANAGEMENT & OPERATIONS									
Build working relationships with subcouncil and relevant City Department that deliver services in the PLCID	Successful and professional relationship with subcouncil manager and officials resulting in enhanced co-operation and service delivery	Ongoing	→	→	→	→	→	Portfolio Directors/ Services Manager	
Renewal Application	PLCID Term 2 Business Plan (as approved by members at the AGM) submitted to the City for approval.	In year 5	0	0	0	0	1	Board / Secretary / Treasurer	If members of the PLCID are happy to continue with a second term such application shall be submitted.

PUBLIC SAFETY									
ACTION STEPS	KEY PERFORMANCE INDICATOR	FREQUENCY per year	DURATION IN WEEKS, MONTHS OR YEARS					RESPONSIBLE	COMMENTS
			Y1	Y2	Y3	Y4	Y5		
Obtain approval from relevant City of Cape Town Departments	Obtain CCT approval	Enter into a 5 year contract with option to extend for further 2 years	1	0	0	0	0	Service manager / portfolio director
