					Recalculated	R	Yes/No	Recalculated	R	
					excl. VAT	incl. VAT		excl. VAT	incl. VAT	
FCR	B.9	Use of the road reserve	per event/location	For determining the deposit required for use of the road reserve, <i>whether exclusively or in general. Activities include (but are not limited to):</i>	9 713.00		n	10 335.00		6.4%
				<i>the placement or storage of an item, such as a chemical toilet, container, ladder, scaffolding, mobile or tower crane, or materials; pumping of concrete; loading or offloading; construction site camp; temporary construction access.</i>						
				<i>for storage or in conjunction with construction or maintenance activities, for any form of continuous enclosure or utilization of the road reserve for a period not exceeding one month and/or any ad-hoc usage of the road reserve for a period not exceeding three months.</i>						
	Notes			The City will refund the deposit once use of the road reserve has ended and/or all works are completed, and upon final inspection, if the City is satisfied that the road reserve is clean, undamaged and that works, including any reinstatement, meets the City's standards and requirements.						
				If the City incurs any costs resulting from work in or use of the road reserve, including remedying substandard or non-compliant reinstatement, repairing damage or cleaning the site, the deposit is offset against such costs, including VAT thereon. The City will refund the balance, if any.

					Recalculated	R	Yes/No	Recalculated	R	
					excl. VAT	incl. VAT		excl. VAT	incl. VAT	
				The City may on application waive the requirement for a refundable deposit if the applicant has provided the City with a guarantee or security to the satisfaction of the City, and the guarantee or security does not expire within six months after the expected date of completion of the works or use of the road reserve. The City may waive the requirement for a refundable deposit, based on the intrusive nature and/or scale of the works. Projects where the final infrastructure forms part of municipal bulk service upgrades, may be exempted from the fees as stipulated in Category B.						
	C	<u>REMEDYING, REPAIRING AND CLEANING</u>								
FCR	C.1	Remedying substandard reinstatement or reinstatement which does not comply with the City's requirements; repairing damage to the road reserve or other City infrastructure; cleaning the site; or ensuring compliance with any other requirement of the City.		For the costs incurred by the City resulting from any work in, or use of, the road reserve by any person other than the City. The costs are recoverable regardless of whether a refundable deposit has been paid or refunded. The costs are recoverable regardless of whether a refundable deposit has been paid or refunded. The costs are jointly and severally recoverable from the person performing the work or using the road reserve and the person on whose behalf the work is performed or the road reserve is used. Such persons must pay any additional amount required if a deposit is insufficient.	Actual costs plus 10% administration fee	Actual costs plus 10% administration fee	y	Actual costs plus 10% administration fee	Actual costs plus 10% administration fee

	D	ROADWAY TRENCH FEE								
FCR	D.1	Tariff for authorised trenching in a roadway: Local Road	per m - measured for the full disturbed length	For using a trench to cross a roadway to install an underground service. This tariff applies if the City grants written authorisation for a roadway trench before excavation of the trench commences. The applicant may not begin roadway trenching before it pays the roadway trench fee and the City has issued the relevant road trenching permit.	6 863.48	7 893.00	y	7 302.61	8 398.00	6.4%
FCR	D.2	Tariff for authorised trenching in a roadway: Metro Road			11 421.74	13 135.00	y	12 153.04	13 976.00	6.4%
FCR	D.3	Tariff for unauthorised trenching in a roadway: Local Road	per m - measured for the full disturbed length	For commencement of a roadway trench before the City issues written authorisation for the roadway trench. Includes 100% surcharge. The surcharge applies regardless of whether the City later issues a written authorisation, and regardless of whether the roadway trench is necessary.	13 725.22	15 784.00	y	14 603.48	16 794.00	6.4%
FCR	D.4	Tariff for unauthorised trenching in a roadway: Metro Road			22 841.74	26 268.00	y	24 303.48	27 949.00	6.4%
	Notes			The roadway trench fee is for the increased maintenance and reconstruction costs and inherent degradation of the roadway caused by roadway trenching and applies even if the trench is reinstated in compliance with the City's requirements and standards.						
				The roadway trench fee may be reconsidered for municipal infrastructure, where there is no alternative possible and the project is implemented by the City.

					Recalculated	R	Yes/No	Recalculated	R	
					excl. VAT	incl. VAT		excl. VAT	incl. VAT	
				<i>The roadway trench fee may be reconsidered for municipal infrastructure projects implemented by the City, when no alternative is possible. For municipal infrastructure implemented by third parties, the trench fee may be reconsidered, provided that: no alternative exists, the road has exceeded its useful design life and the application complies with the relevant technical standards and conditions/requirements.</i>						
	E	USE OF ROAD RESERVE								
FCR	E.1	Use of the surface of the road reserve for construction or storage (e.g. hoarding) activities/purposes for a period longer than a month	per m ² per annum	The annual rate is 5% of the per square meter municipal property valuation for the land times the area concerned up to the stipulated maximum. The monthly rate is the annual rate divided by 12. The fee is payable on issue of permit. The permit will state the time limit. The permit does not allow installation of a peg, stake or the like through the surface.	5% x MPV/m ² (max R1669/m ²)	5% x MPV/m ² (max R1919/m ²)	y	5% x MPV/m ² (max R1775 /m ²)	5% x MPV/m ² (max R2042 /m ²)	6.4%
				The fee is exempted for the exclusive use of a portion of the road reserve on a continuous basis not exceeding one month and/or ad-hoc usage not exceeding three months.						
				The fee may be exempted for the general or non-exclusive use of the road reserve, which can result in the affected portion of the road reserve becoming partially restrictive but still functional.						
FCR	E.2	Security hut permit	per permit	For the placement of a security hut on the road reserve. The permit is valid for two years. The fee is payable in advance.	6 887.83	7 921.00	y	6 887.83	7 921.00	0.0%
