

FLOOD-WISE: EARLY WARNINGS

How do we communicate and warn about floods?

Radio

Listen to the national broadcaster (SABC) or local radio stations for weather updates and emergency warnings.

Television

Watch your local TV stations (SABC) for regular weather updates and general information.

South African Weather Service

If your cellphone has an internet connection, you can access the service: www.weathersa.co.za.

Warn your neighbours!

Emergency contact numbers:  or  021 480 7700
