Part 4 deals with Powers that may not be Delegated by Law

Part 5 deals with delegations to Officials

Part 6 deals with delegations to Committees of Officials

This System of Delegation which was adopted by Council on 31 August 2006 has been compiled in accordance with the requirements of section 59 of the Systems Act and such system is aimed at maximizing administrative and operational efficiency and provides for adequate checks and balances by delegating appropriate powers, functions and duties to:

- the Executive Mayor and by designating certain of these powers, functions and duties in terms of the Structures Act
- the Executive Deputy Mayor
- the Speaker
- the Chief Whip
- the Party Whips
- the section 79 Committees
- the Subcouncils
- the Staff

The political office bearers, whips, political structures and staff members are

authorised to sub-delegate any of their delegated powers, duties and functions.

[Amended C 38/12/06 by CI 7 December 2006]

The following are the checks and balances imposed by Council and the law upon this System of Delegation:

Any sub-delegation of a power, duty or function authorised in terms of this system of delegations must be in writing, and may be given subject to limitations, conditions and directions by the person who grants the sub-delegation.

It is not permissible in terms of the law for a person who has been given a “sub-delegation” to sub-delegate such power, duty or function.

The conferring of a delegation does not divest Council from exercising the responsibility concerning the exercise of the power or the performance of the duty.

The conferring of a sub-delegation does not divest a political structure, a political office bearer or an official, of the responsibility concerning the exercise of the power or the performance of the duty.

A political structure, a political office bearer or an official to whom a power has been delegated may decline to exercise such power and refer it for decision to the Council, political structure, political office bearer or official which/who delegated such power.

A political structure, political office bearer, councillor or official of a municipality to whom a delegating authority has delegated a power, duty or function must report quarterly to the delegating authority, on decisions taken in terms of that delegated, power, duty or function.

In exercising any power, duty or function in terms of this System of Delegation a political structure, political office bearer or official must comply with the provision of the Promotion to the Administrative Justice Act 3 of 2000 and the regulations promulgated in terms thereof.

In exercising any power, duty or function in terms of this System of Delegation a political structure, political office bearer or official must comply with the provisions of Council's policies, Bylaws and any law relating to the matter under consideration.

In addition, sections 59(3) and 62 of the Systems Act provide mechanisms in terms of which decisions taken under delegated power may be reviewed or appealed against.

Please note that the use of the word “grant/approve” in the delegations set out below also means to “refuse”, to “revoke”, to “vary” and/or “amend”.

[Inserted C 38/12/06 by CI 7 December 2006]

NOTE:

Footnotes are also part of the delegations and should not just be considered as a guide to the interpretation thereof.

Should there be a duplication of a power, duty or function the power, duty or function conferred on the higher authority will take preference.

JUDGEMENTS

1. Mbana v Mnquma Municipality 2004 (1) BCLR 83 (Tk)

In casu the executive mayor of defendant municipality had purported to conclude a contract with Plaintiff appointing Plaintiff as municipal manager of Defendant. The municipal council of Defendant had not made any decision in this regard, or assigned or delegated powers of appointment to the executive mayor. The latter had nevertheless gone ahead and appointed Plaintiff, thereby purporting to bind

Defendant to an employment contract. The Court found that the executive mayor knowingly acted without authority and in so doing appropriated powers that such office never held in the first place. In concluding the contract with Plaintiff he acted *ultra vires* and the contract was thus invalid.

The Court held that section 82 of the Local Government: Municipal Structures Act gave the municipal council and no other person or committee the power to appoint a municipal manager. This was supported by section 30 of the same Act as well the provisions of section 160 of the Constitution and sections 57 and 59 of the Municipal Systems Act.

While section 160(1)(d) of the Constitution referred to a municipal council's employing personnel that are necessary for the effective performance of its functions, in so far as this related to the employment of a municipal manager section 160(1)(d) had to be read in conjunction with section 82 of the Local Government: Municipal Structures Act. A municipal manager was a key component of the municipal structure and was not merely a member of a personnel appointed as contemplated by section 160(1)(d) of the Constitution or section 55(1)(e) of the Local Government: Municipal Systems Act 32 of 2000. There were certain prerequisites for the conclusion of a contract of employment with a party to be appointed as municipal manager.
