Part 1 deals with Powers that may not be Delegated by Law

Part 2 deals with Statutory Powers, Duties and Rights

Part 3 deals with delegations to Political Office Bearers

Part 4 deals with delegations to Political Structures of Council

Part 5 deals with delegations to the City Manager

Part 6 Deals with delegations to the Officials

Part 7 deals with delegations to Committees of Officials

Part 8 deals with legal provisions prohibiting delegation

This System of Delegation has been compiled in accordance with the requirements of section 59 of the Systems Act and such system is aimed at maximizing administrative and operational efficiency and provides for adequate checks and balances by delegating appropriate powers, functions and duties to:

- the Executive Mayor and by designating certain of these powers, functions and duties in terms of the Structures Act
- the Executive Deputy Mayor
- the Speaker
- the Chief Whip
- the Party Whips
- the section 79 Committees
- the section 80 Committees *[Inserted C08/12/08 by CI 3 December 2008]*

[Inserted C08/12/08 by CI 3 December 2008]
- the Subcouncils
- the Staff

The political office bearers, whips, political structures and staff members are authorised to sub-delegate any of their delegated powers, duties and functions unless this provision is specifically excluded in this system. Where a matter has been delegated to an individual Councillor, the matter cannot be delegated or sub-delegated to an official. A subcouncil's powers to delegate or sub-delegate any of its powers, duties and functions are limited to members of the municipal staff in terms of section 17 the Cape Town Subcouncil By-law 2003.

The following are the checks and balances imposed by Council and the law upon this System of Delegation:

Any sub-delegation of a power, duty or function authorised in terms of this system of delegations must be in writing, and may be given subject to limitations, conditions and directions by the person who grants the sub-delegation.

It is not permissible in terms of the law for a person who has been given a "sub-delegation" to sub-delegate such power, duty or function.

The conferring of a delegation does not divest Council from exercising the responsibility concerning the exercise of the power or the performance of the duty.

The conferring of a sub-delegation does not divest a political structure, a political office bearer or a staff member, of the responsibility concerning the exercise of the power or the performance of the duty.

A political structure, a political office bearer or a staff member to whom a power has been delegated may decline to exercise such power and refer it for decision to the Council, political structure,

political office bearer or official which/who delegated such power, unless this system specifically provides otherwise.

A political structure, political office bearer or councillor of a municipality to whom the Council as the delegating authority has delegated a power, duty or function must report quarterly to the delegating authority, on decisions taken in terms of that delegated, power, duty or function.

[Amended C55/11/09 by CI 26 November 2009]

NOTE that in respect of a staff member, the Executive Mayor is nominated to receive reports on behalf of Council in respect of a power or duty delegated by Council.

[Inserted C55/11/09 by CI 26 November 2009]

In exercising any power, duty or function in terms of this System of Delegation a political structure, political office bearer or official must comply with the provision of the Promotion to the Administrative Justice Act 3 of 2000 and the regulations promulgated in terms thereof.

In exercising any power, duty or function in terms of this System of Delegation a political structure, political office bearer or a staff member must comply with the provisions of Council's policies, By-laws and any law relating to the matter under consideration.

The exercising of any power, duty or function includes the right to do anything reasonably necessary for or incidental to the effective performance of such power, duty or function.

[Inserted C74/10/07 by CI 31 October 2007]

In addition, sections 59(3) and 62 of the Systems Act provide mechanisms in terms of which decisions taken under delegated power may be reviewed or appealed against.

Please note that the use of the word “grant/approve” in the delegations set out below also means to “refuse”, to “revoke”, to “vary” and/or “amend”.

NOTE:

Footnotes are also part of the delegations and should not just be considered as a guide to the interpretation thereof.

A power or duty may not be conferred upon more than one person or political structure. In the case of irreconcilable provisions, higher political structure or executive authority shall prevail.

The municipal council of Defendant had not made any decision in this regard, or assigned or delegated powers of appointment to the executive mayor. The latter had nevertheless gone ahead and appointed Plaintiff, thereby purporting to bind Defendant to an employment contract. The Court found that the executive mayor knowingly acted without authority and in so doing appropriated powers that such office never held in the first place. In concluding the contract with Plaintiff he acted *ultra vires* and the contract was thus invalid.

The Court held that section 82 of the Local Government: Municipal Structures Act gave the municipal council and no other person or committee the power to appoint a municipal manager. This was supported by section 30 of the same Act as well the provisions of section 160 of the Constitution and sections 57 and 59 of the Municipal Systems Act.

While section 160(1)(d) of the Constitution referred to a municipal council's employing personnel that are necessary for the effective performance of its functions, in so far as this related to the employment of a municipal manager section 160(1)(d) had to be read in conjunction with section 82 of the Local Government: Municipal Structures Act. A municipal manager was a key component of the municipal structure and was not merely a member of a personnel appointed as contemplated by section 160(1)(d) of the Constitution or section 55(1)(e) of the Local Government: Municipal Systems Act 32 of 2000. There were certain prerequisites for the conclusion of a contract of employment with a party to be appointed as municipal manager.
