INTRODUCTION

This System of Delegations has been compiled in accordance with the requirements of section 59 of the Systems Act, and is aimed at maximizing administrative and operational efficiency and provides for adequate checks and balances and ensuring a transversal approach by delegating appropriate powers, functions and duties to:

- the Executive Mayor and by designating certain of these powers, functions and duties in terms of the Structures Act
- the Executive Deputy Mayor
- the Speaker
- the Chief Whip
- the Portfolio Chairpersons
- the Sub-council Chairpersons
- the section 79 Committees
- Supply Chain Management Bid Adjudication Committee
- Immovable Property Adjudication Committee
- Sub-councils

The political office bearers, political structures and officials are authorised to sub-delegate any of their delegated powers, duties and functions unless this provision is specifically excluded in this System of Delegations. Where a matter has been delegated to an individual Councillor, the matter cannot be sub-delegated to an official. A Sub-council's powers to sub-delegate any of its powers, duties and functions are limited to officials in terms of section 17 the Cape Town Sub-council By-law 2003.

The following are the checks and balances imposed by Council and the law upon this System of Delegations:

An official to whom a power, duty or function has been delegated or sub-delegated in this System of Delegations shall not refuse to exercise such delegation and must motivate such refusal to the satisfaction of the delegator.

Any sub-delegation of a power, duty or function authorised in terms of this System of Delegations must be in writing, and may be given subject to limitations, conditions and directions by the person who grants the sub-delegation.

It is not permissible in terms of the law for a person who has been given a sub-delegation to further sub-delegate such power, duty or function.

The conferring of a delegation does not divest Council from exercising the power or the performance of the duty.

The conferring of a sub-delegation does not divest a political structure, a political office bearer or an official, from exercising the power or the performance of the duty.

A political structure or a political office bearer to whom a power has been delegated may decline to exercise such power and must motivate such refusal to the satisfaction of the delegator.

A political structure, political office bearer or Councillor to whom the Council as the delegating authority has delegated a power, duty or function must report quarterly to the delegating authority, on decisions taken in terms of that delegated, power, duty or function.

NOTE: that in respect of an official, the Executive Mayor is nominated to receive reports on behalf of Council in respect of a power or duty delegated by Council.

In exercising any power, duty or function in terms of this System of Delegation a political structure, political office bearer or official must comply with the provision of the Promotion to the Administrative Justice Act No. 3 of 2000 and the regulations promulgated in terms thereof.

In exercising any power, duty or function in terms of this System of Delegation a political structure, political office bearer or an official must comply with the provisions of Council's policies, By-laws and any law relating to the matter under consideration.

The exercise of any power, duty or function includes the right to do anything reasonably necessary for or incidental to the effective performance of such power, duty or function.

NOTE: Preambles and footnotes are also part of the delegations and should not just be considered as a guide to the interpretation thereof.

A power or duty may be conferred upon more than one person or political structure. In the case of irreconcilable provisions, higher political structure or executive authority shall prevail.

Where in the opinion of the City Manager, an official exercises a delegation in a way that it is not in the best interests of the City, he/she may intervene and exercise the power in question and must report to the next meeting of Council.

Council hereby expressly delegates to the City Manager to the power to exercise all of the Executive Director's powers in their absence.
