

**ITEM NUMBER: C 57/12/22**

**MOTION IN TERMS OF RULE 18 OF THE RULES OF ORDER FOR COUNCIL FOR THE SCHEDULED COUNCIL MEETING ON 08 DECEMBER 2022**

South Africa's energy infrastructure is facing a challenge of being vandalism and when that happens, Cape Town cannot be spared as it is the fast growing Metro in the Country.

It is therefore important, that the City of Cape Town protects the little it has, such as transformers and kiosks.

The residents of New Crossroads, have raised concerns about fencing of high voltage electrical transformer, which has become home and a dumping place.

There is a guy who sleeps behind the transformer, which poses a serious danger to him and neighbourhood. There are blankets and whole lot of flammable material behind the transformer. The door of the transformer, cannot be opened due to rubble dumped in front of the transformer.

I, Councillor Banele Majingo, seconded by Councillor Lazola Gungxe, move this motion that Council agree to the following:

- a) That the transformer next to House 590 J Nontulo Street, New Crossroads be fenced to prevent access from vagrants and local illegal dumping in front of the energy asset.

**MOSIE INGEVOLGE REËL 18 VAN DIE RAAD SE ORDEREËLS VIR DIE GESKEDULEERDE RAADSVERGADERING OP 8 DESEMBER 2022**

Suid-Afrika se energie-infrastruktuur loop deur onder vandalisme en wanneer dit gebeur, kan Kaapstad dit nie vryspring nie aangesien dit die snelgroeiendste metro in die land is.

Dit is dus belangrik dat die Stad Kaapstad die bietjie wat ons wel het, soos transformators en kiosks, beskerm.

Die inwoners van New Crossroads het kommer uitgespreek oor die omheining van die hoëspanning- elektriese transformator wat 'n blyplek en stortingsplek geword het.

Daar is 'n persoon wat agter die transformator slaap, wat 'n ernstige gevaar vir homself en die buurt inhou. Daar is komberse en heelwat vlambare materiaal agter die transformator. Die deur van die transformator kan nie oopgemaak word nie as gevolg van die rommel wat voor die transformator gegooi is.

Ek, raadslid Banele Majingo, gesecondeer deur raadslid Lazola Gungxe, lê hiermee 'n mosie te tafel dat die Raad tot die volgende instem:

- a) Dat die transformator langs huis 590, J Nontulostraat, New Crossroads omhein word om toegang vir rondlopers en plaaslike onwettige storting voor die energiebate te verhoed.

Iziseko ezingundoqo zombane eMzantsi Afrika zijongene nomngeni wokonakaliswa kwaye xa oku kusenzeka, iKapa alinakuyibaleka njengoko ingoyena masipala ukhula ngokukhawuleza eLizweni.

Kubalulekile ke ngoko ukuba iSixeko saseKapa sikhusele oko kuncinci esinako, okufana neetransfoma kunye neekiyoski okanye iibhokisi zombane ezaziwa njenge“danger box”.

Abahlali baseNew Crossroads bavakalise inkxalabo yabo ngokumalunga nokubiyelwa

kwale transfoma yeentambo ezinkulu zombane, esele iyindawo yokuhlala kunye nokulahla inkunkuma.

Kukho umntu olala emva kwale transfoma, obeka yena kunye nabantu abakufutshane engozini enkulu. Kukho iingubo kunye nezinto ezininzi ezinokutsha emva kwale transfoma. Umnyango wetransfoma awukwazi ukuvulwa ngenxa yobugoxo obulahlwe phambi kwayo.

Mna, uCeba Banele Majingo, ndixhaswa nguCeba Lazola Gungxe, ngokwenjenje ndiphakamisa ukuba iBhunga livumelane noku kulandelayo:

- a) Ukuba itransfoma esecaleni kwendlu engunombolo 590, J Nontulo Street, eNew Crossroads mayibiyelwe ukunqanda ukungena kwabantu abangenamakhaya kunye nokulahlwa kwenkunkuma ngokungekho mthethweni phambi kwale ndawo yombane.
