ITEM NUMBER: C 53/08/24

ANNEXURE A

QUESTION TO THE EXECUTIVE MAYOR IN TERMS OF RULE 22 OF THE RULES OF ORDER: [WRITTEN RESPONSE]

COUNCIL MEETING: 22 AUGUST 2024

In an article for Times Live, the Mayor stated that it was *“an important time to make a point about illegal occupation who build homes a top infrastructure and obstruct access to pipes and drains impeding the work of city officials trying to clear the debris”* This statement made while visiting Du Noon.

However, during another visit to the same area in February 2023, the Mayor encouraged residents to continue building double and triple-story houses despite the warning that the area was overcrowded. In addition, the Council adopted the building of affordable housing in lower-income communities, which would further increase the stress on aging infrastructure.

Mr. Mayor

1. What infrastructure development has taken place within the Du Noon Area since the establishment of the area?
2. Has the infrastructure within the Du Noon area been upgraded to accommodate the increased number of people taking up residence there?
3. In terms of the Resilience Strategy 5.4.3, the City is to develop a Vulnerability index for each ward in the City, can the Mayor please provide me with a copy of this Report for Du Noon, if not, why not?
