CHAIRPERSON'S REPORT/ADDRESS

A direct translation of the Chairperson's report follows hereunder with the following achievements that were recorded:

"Welcome to the April 2024 Economic Growth Portfolio Committee meeting

As we prepare to cross the 5-million mark to become SA's most populous city and the beating heart of the national economy, the 'Building for Jobs' budget 2024/25 proposes a new record for infrastructure investment to drive job-creating economic growth.

This year's R12,1 billion capital budget is a 57% increase on 2022/23.

Cape Town's infrastructure investment is unprecedented among SA's cities and is the most ambitious future-proofing investment ever undertaken by the City.

This budget is an important investment in hope in troubled national economic times, with 75% of our infrastructure spend directly benefitting lower income households.

The scale of our investments over the next three years will create over 130 000 jobs in our city, based on construction alone, aside from all the economic growth potential that comes with improved infrastructure.

Importantly, this investment is matched with SA's most comprehensive social package for struggling households, and with the utmost care and respect for the City's ratepayers, affordability, and value for money.

The economic growth directorates role in supporting "The Building for Jobs budget" highlights, focusses and builds on the "Ease of Doing Business in Cape Town".

Ongoing measures to position Cape Town as the easiest place to do business in Africa, includes over the MTREF):

Please note that the Budget is out for public comment and may change.

- *R219 million in informal trading infrastructure upgrades, plus R56,7 million for the Philippi Fresh Produce Market refurbishment;*
- *R350 million in broadband infrastructure improvement in 2024/25;*
- *R33 million to enhance online systems for municipal billing, finance, and e-services over the MTREF;*
- *R30 million for vehicle licensing and cash office improvements and equipment;*

- R58 million in Customer Relationship software and C3 improvements in 2024/25;
- R7 million in direct SMME support via the Business helpdesk;
- R55 million Jobs Connect workforce development programme in 2024/25;
- R130 million for Economic Growth coalition programmes for 2024/25 including:
 - R17 million to WESGRO for Trade, Tourism and Investment Promotion;
 - R55,5 million to Cape Town Tourism for Destination Marketing;
 - R57,4 million to Special Purpose Vehicles helping to grow strategic economic sectors.

Significant capital projects to be undertaken over the medium term include:

- *Bellville PTI/CBD New Built Demarcated Trading;*
- *Construct: Trading Infrastructure, Kuils River;*
- *Construct: Trading Infrastructure, Strand;*
- *Construct: Thembokwezi Market, Khayelitsha;*
- *Construct: Somerset West Market;*
- *Upgrade: 4th Ave Market, Mitchells Plain;*
- *Develop: Mechanics Facility, Masiphumelele;*
- *Nyanga PTI Development;*
- *Athlone Stadium Upgrade Phase 4;*
- *Upgrade Security Hardening, City Hall*

Whilst we present and project a future, we can also reflect on a very successful past where the directorate's performance in 2022/23 financial year achieved the following financial indicators against said targets:

- *Capital spend: 96.4% (target: 90%);*
- *Operating spend 99.2% (target: 95%);*
- *Training budget spend: 100.0% (target: 90%)*

These outcomes illustrate that the Directorate manages its finances closely in order to achieve its targets as reflected in the SDBIP.

Highlighting one of our SPV

The South African Boatbuilding Export Council (SABBEX), estimates that the local industry currently completes more than one boat per working day. SA ranks second in the world for building catamarans, after France.

About 300 craft were launched last year at an average price of about \$500 000 (just over R9 million) each. The South African boat building industry is booming again after a pandemic slowdown

According to Wesgro, the official tourism, trade, and investment promotion agency for the Western Cape, the vast majority of boats built in the Western Cape are for the export market..

The top export markets are the US (R1.4 billion), Italy (R840 million), the British Virgin Islands (R472 million), France (R319 million), and Turkey (R126 million).

The Western Cape is SA's boatbuilding hub, accounting for an estimated 70% of the country's marine manufacturing capacity.

Wesgro data shows that the sector has had post-Covid-19 growth rates of 20%.

The industry is worth about R3 billion. SA was ranked as roughly the 18th biggest exporter of recreational boats worldwide in 2021.

However, the potential loss of South Africa's access to duty-free benefits according to the African Growth and Opportunity Act (AGOA) will be painful as AGOA benefits SA boat builders. The loss of AGOA trade revenue and investments would deal a massive blow to Cape Town's boat-building industry and have a significant impact on job creation.

Alderman Clive Justus

Chairman Economic Growth Portfolio Committee

RESOLVED that the Chairperson's Address be **NOTED**.

EG 07/04/24

CAPEBPO CITY UPDATE PRESENTATION

Mr C Williams, representative from CAPEBPO provided the Committee with a summary of the presentation that was forwarded to the members prior to the meeting.

The Committee had the following questions, comments and concerns:

- In terms of page 33 which refers to jobs created, to what extent was Smile FM a contributor? Would further collaboration be considered to create a bigger hype?

- The Chairperson indicated that there needs to be an awareness and the accessibility to people with limited locomotion.
- How many seats and sites are there currently?
- In terms of the job creation targets are these sorts of targets from this body reflected within the Directorates targets?
- The suggestion is that the expectation for the next year's targets should be relooked.
- Is there a minimum entry requirement and what is the target market?

The following responses were provided:

- CAPEBPO is open to collaborations as there is a lot of opportunity for cross collaboration as well as market extrapolated job opportunities across the sector.
- In terms of the Smile FM initiative, it was definitely a boost and a contributing factor with creating awareness.
- There are about around 61 000 within Cape Town and around 18 000 domestic seats.
- There are about 50 sites. 40% of the volume are around the CBD.
- In terms of the CAPEBPO's funding, the Committee should note that this SPV receives their mandate in a form of a MOU from the City of Cape Town which defines the things that the City of Cape Town would like them to focus on. What this SPV has presented is in line with the City of Cape Town's objectives.
- The aim is to add another 10 000 opportunities by June 2024.
- The minimum requirement is Grade 12 and the target market is 18 – 35 years old.

RESOLVED that:

- a) The CAPEBPO City update presentation be noted with appreciation by the Economic Growth Portfolio Committee.
- b) Matters that could curtail expansion be brought under the Portfolio Committee's attention in order to make adequate investigation and see to what extent it can be added to the budget for support.

ACTION: C WILLIAMS; F KOLALA

EG 08/04/24

UVU AFRICA PRESENTATION:

Mr F Kolala introduced provided a brief overview of the presentation and Mr I Merrington and Ms M Engelbrecht elaborated further.

The Committee had the following comments, questions and concerns:

- To what extent can UVU collaborate with Cape Town based FET's?
- How do you create awareness? Is there an opportunity to extend UVU's awareness more widely?

Responses were provided as follows:

- In terms of skills, the focus is to create a work ready candidate that is future proved. 30% of the training revolves around this particular technical skill as it will become redundant in three to four years. 70% of the training is invested in the candidate holistically to be able to fit into an environment, being able to work in a team and to develop the skill for ongoing continuous self-learning.
- The only limiting factor at the moment is funding to support more entrepreneurs.
- With the initiative of reaching out to international grant funder foundations, we have come to the realisation that the "ask" at the moment is too small and consideration will be given to raise those aspirations.
- Collaborating with FET's and Universities of Technology will definitely be considered.
- Awareness is normally done through the social media channels.

RESOLVED that the Economic Growth Portfolio Committee note the UVU AFRICA presentation;

ACTION: M ENGELBRECHT; F KOLALA

EG 09/04/2024

EPIC 10 YEAR MASTER SLIDEDeck PRESENTATION

Mr P Court delivered this presentation to the Committee.

The Committee had the following comments, questions and concerns:

- What can be done to enhance product development?

Responses were as follows:

- From a City's perspective, private sectors are the best place to realize and identify the development opportunities.

RESOLVED that the EPIC 10 year master slidedeck presentation be noted.

ACTION: P COURT

EG 10/04/24

ECONOMIC GROWTH (EG): FINANCIAL DASHBOARD REPORT

Mr F Votersen presented this report to the Portfolio Committee.

The Committee had the following questions, comments and concerns:

- In terms of revenue, will there be a shortfall? When will invoicing occur?
- Can better progress be made in terms of the asset verification results?

The following responses were provided:

- Land sales will only reflect at the end of the financial year and it will depend on how much land sales are concluded and reflected on the system.
- Significant progress are being made in terms of asset verification process.

RESOLVED that the Economic Growth (EG): Financial Dashboard report be noted.

ACTION: F VOTERSEN

EG 11/04/24

ECONOMIC GROWTH (EG) DRAFT CAPITAL AND OPERATING BUDGET PROGRAMME 2024/25 TO 2026/27

Mr F Votersen presented the Economic Growth (EG) Draft Capital and Operating Budget Programme 2024/25 to 2026/27 report to the Committee.

The Committee had the following comments, questions and concerns:

- In terms of the 5.9% increase for repairs and maintenance, was this an annual inflation increase and which Department carries the repairs and maintenance budget?

Responses were provided as follows:

- The Strategic Assets Department carries this budget for the maintenance of their facilities. Over and above the 5.9% increase applied, the Department received an additional R17 million for repairs and maintenance which increased their base budget thus allowing them to increase maintenance at all their facilities.

It is **RECOMMENDED** that the Economic Growth (EG) Draft Capital and Operating Budget Programme 2024/25 to 2026/27 be supported and recommend its approval by Council.

ACTION: F VOTERSEN

EG 12/04/24

2024/25 ECONOMIC GROWTH (EG): PROJECT PROGRESS REPORT - QUARTER 3

Ms P Naidoo presented an overview to the Committee. The report' subject line will be amended to read "**2023/24 ECONOMIC GROWTH (EG): PROJECT PROGRESS REPORT - QUARTER 3**".

The Committee had the following comments, questions and concerns:

- Why is purchase orders delaying expenditure in terms of the budget?
- It should be highlighted to the Executive Mayor and the Mayoral Committee that the Directorate cannot be held responsible for delays when they are not in full control of the process.

Responses were provided as follows:

- In terms of the purchase orders, there were numerous delays with the contractors and suppliers. In general there are still challenges and delivery are being awaited from suppliers but the matter is being addressed.

RESOLVED that:

- a) The 2023/24 Economic Growth (EG): Project progress report - quarter 3 be noted;
- b) It be brought under the Executive Mayor and the Mayoral Committee's attention that the Directorate cannot be held responsible for delays when they are not in full control of the process.

EG 13/04/24

DRAFT DEPARTMENTAL SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLANS (SDBIPS) FOR 2024/2025

Mr C Benjamin presented this item to the Committee. It be noted that this item was also discussed at a workshop which was held on 01 March 2024.

The Committee had the following comments, questions and concerns:

- The Committee be provided with hard copies of the Excel versions of the scorecard in the next meeting.
- In terms of the Corporate and Circular 88 (C88) indicators that is legislated by National Treasury, it must be highlighted to the Executive Mayor and the Mayoral Committee that the Portfolio Committee's (PC's) point of view with regards to these programmes are that in future the PC would like to have greater input into the target setting as well as a detailed understanding of the rationale behind the National Treasury's target expectations from the Directorate.
- As it pertains to the projects underpinning the directorate programmes for 2024/25, are there any possible extortion challenges that could hamper projects moving forward?

Responses were as followed:

- The request to highlight the Committee's concern in terms of the C88 (Circular 88) indicators to the Executive Mayor and the Mayoral Committee is noted and will be included within the recommendation.
- There are currently no reason for concerns in terms of extortions.

It is **RECOMMENDED** that:

- a) The Portfolio Committee reviewed and recommended the contents of the Draft Departmental Service Delivery and Budget Implementation Plans (SDBIPs) for 2024/2025 to the Executive Mayor together with the Mayoral Committee;
- b) The Executive Mayor together with the Mayoral Committee note the comments related to the Circular 88 (C88) indicators legislated by National Treasury's targets that was raised by the Portfolio Committee (PC);
- c) The Executive Mayor together with the Mayoral Committee consider the recommendation from the Portfolio Committee; and provide input if necessary.

SPEG 05/04/24

APPROVAL OF MOBILE BUSINESS POLICY, INFORMAL TRADING AMENDMENT BY-LAW FOR 2024 AND PROPOSED MOBILE BUSINESS TRADING AREAS

Mayco Member Ald J Vos provided a brief introduction of the report to the Committee.

Mr L Greyling provided a summary of the report and addressed the questions raised by the Committee.

The Committee agreed to the following amendments and additions to the recommendation:

Point 5.4 in the recommendation of the report:

The objections received to the Mobile Business Policy, Informal Trading Amendment By-Law, 2024, and proposed Mobile Business Trading Areas not be upheld.

Amendment:

The objections received to the Mobile Business Policy, Informal Trading Amendment By-Law, 2024, and proposed Mobile Business Trading Areas be supported in terms of:

- The need for a waste management plan including the need to provide for recyclable / compostable materials;
- The nuisance reduction including the prohibition of amplified music and announcements;
- Adequate and dedicated Law Enforcement with clear channels of communication for non-compliance that has to be reported and dealt with;
- Sufficient informal trading staff, compliance staff and a budget for incidental matters that will positively influence mobile trading;
- The Mobile Business Operators to provide mobile ablution facilities where 10 or more vehicles are parked.

Addition to the current recommendation which will reflect as point 5.5:

Mobile Business Operators are required to display their permit and ensure that it also includes their contact details should any issues need to be reported.

The Chairperson had the following closing remarks:

- The policy ensures that the Mobile Business Operators now have a predictable and clear way of trading;
- Any transgressions will have a remedial action taken which could lead to licenses being revoked, however the City of Cape Town also reserves its right to recover costs for any significant damage caused to the environment as a result of the activity;
- This policy will be reviewed after 3 years to evaluate the lessons learned of success but also those lessons that needs to be engage upon to further enhance the policy.

It be noted that Cllr S Stacey supported the recommendations with the amendments and additions from the Portfolio Committee for further submission to Mayco whereby Cllr G Timm seconded.

It is **RECOMMENDED** that:

- a) The Economic Growth Portfolio Committee support and recommend the Mobile Business Policy, Informal Trading Amendment By-Law, 2024 and proposed Mobile Business Trading Areas to the Executive Mayor together with the members of the Mayoral Committee for onward submission to Council for approval.
- b) The Executive Mayor together with the members of the Mayoral Committee support and recommend the Mobile Business Policy, Informal Trading Amendment By-Law, 2024 and proposed Mobile Business Trading Areas to Council for approval.
- c) Council approves the adoption of the Mobile Business Policy, Informal Trading Amendment By-Law, 2024 and proposed Mobile Business Trading Areas, attached hereto as Annexures A, C, and E.
- d) The objections received to the Mobile Business Policy, Informal Trading Amendment By-Law, 2024, and proposed Mobile Business Trading Areas be supported in terms of:
 - The need for a waste management plan including the need to provide for recyclable / compostable materials;
 - The nuisance reduction including the prohibition of amplified music and announcements;
 - Adequate and dedicated Law Enforcement with clear channels of communication for non-compliance that has to be reported and dealt with;
 - Sufficient informal trading staff, compliance staff and a budget for incidental matters that will positively influence mobile trading;
 - The Mobile Business Operators to provide mobile ablution facilities where 10 or more vehicles are parked.
- e) Mobile Business Operators are required to display their permit and ensure that it also includes their contact details should any issues need to be reported.
