Ms Jansen reported that the officials experienced a few challenges in this matter. The official wanted to access transversal tender 149S that been used by MURP officials. It was promised that the official would get access to the tender and all the paperwork was done and later on the official was told that that particular tender reached its cap. The Manager consulted Mr Ivan Anthony for assistance and he was supposed to set a meeting with Mr Nkosinkulu and the other MURP officials involved to develop a memo to forward to SCM to see if they could accommodate this particular project. Ms Jansen undertook to follow up on this matter otherwise the Subcouncil would have to re-allocate the funding.

Cllr van Zyl recommended that a meeting be arranged with for her and Subcouncil Manager to discuss the way forward.

RESOLVED

That the item remains on the Matters Receiving Attention until resolved.

Ms Jansen reported on the parking problems in Groenvallei and informed the meeting that the line department did not have funding to pay survey of the underground services, landscaping and servitudes in the Groenvallei area. The Subcouncil then allocated R200 000 MURP funding. The Subcouncil have been helping the official to get access to tender 149S and there were several delays due to the quotation received from the consultant. Ms Jansen informed the meeting that she was informed this morning that Tender 149S have reached its cap and this project is not on the approved list of projects to use tender 149S.

Cllr van Zyl said this is a legacy project and will meet with the Subcouncil Manager to discuss the way forward.

Ms Jansen said items 2 and 10 will be discussed simultaneously. Ms Jansen said this item was originally submitted from SC 3 to SC 6 in 2013 and the item was submitted as one(1) motion. In August 2017, Cllr van der Merwe requested that the motion be divided into an A and B. According to the Rules of Order, rule 17.4 a motion may only deal with one matter. Ms Jansen said the meeting must decide whether to keep this item as one motion with an A and or separate the issues which means that Cllr B van der Merwe must submit another motion.

Cllr van der Merwe agreed that items A and B relates to one another and requested that this matter be discussed after the Subcouncil meeting.

Mr R van Wijk explained that Property Management was requested to do a survey of which properties can be sold to abutting owners. The Transport Impact Statement and survey was completed and the Recreation and Parks Department needs to do a further study to determine which properties requires intervention or can be sold. It was resolved that a contractor would be appointed to do the survey but due to Covid-19 the budget was reallocated. Unfortunately, the study cannot be concluded as no funding is available.

Mr P Nkosinkulu said this problem was caused with the inception of Groenvallei where it was believed that Groenvallei residents would never own vehicles. People then started to park on the public open spaces (POS) close to their properties. Mr Nkosinkulu explained that he walked the area and saw a substation, water channels, so it is critical that a survey is done of all the services on the POS in Groenvallei. All services must be noted on a conceptual plan for the area. Thereafter the residents can be consulted. He explained that he received a quotation from the Surveyor and now the funding is no longer available.

Cllr van der Merwe said there are three(3) departments that must do surveys simultaneously. The councillor said the City have been dealing with the motion for eight(8) years and there was very little consultation with the residents of Groenvallei. Cllr van der Merwe said he is not concerned on how the motion is structured and can be placed on the Matters Receiving Attention as one(1) item.

Ms Jansen said she will arrange a meeting with all the relevant departments on a communication strategy and another meeting on the structure of this motion.

RESOLVED

1. That the item remains on the Matters Receiving Attention until resolved.
2. That the Subcouncil Manager arrange a meeting with the relevant line departments on a communication strategy.
3. That the Subcouncil Manager arrange another meeting with Cllr van der Merwe on the structure of this motion.

Director WSE Solomons-Johannes informed the meeting that the funding for this project has not been secured as yet and is currently with the Executive Director: (EO &AM) office for finalization.

Cllr van der Merwe asked that the two issues be split and asked that both matter be addressed. The councillor requested feedback from Mr R van Wijk on how funding will be secured.

Mr R van Wijk informed the meeting that the budget was withdrawn from the department and now resorts with the Executive Director.

Cllr B van der Merwe said there had to be meeting between Mr van Wijk and Ms J du Preez to discuss the concerns.

Mr van Wijk reported that his department has produced two reports which highlighted the issues in Groenvallei area. The department involved the Recreation and Parks department to conduct an entire survey of all the vacant open spaces in the area and how it is going to be better optimized. All the parks were identified and department now have to see which parks are underutilized and which parks can be optimized for a more consolidated use.

RESOLVED

That the item remains on the Matters Receiving Attention until resolved.

That the two matters on this item be split.

That Director Solomons-Johannes follow-up with the Director: Property Management on this issue and secure the funding for the project.

2020/10/19

The following salient points were noted:

1. The Property Management Department: Mr Rheinhardt Van Wijk informed the members that his department is still in the process of obtaining funding to facilitate the project initiation for the optimization of the Groenvallei Suburb.
1. A request for funding was submitted to the Executive Director (ED): Economic Opportunities & Asset Management – Ms Kelcy Sharon Cheryl Le Keur.
1. As reported previously, due to the uncertainty of COVID-19, the budget for the EAOM Consultants was lumped for the entire directorate under the budget of the ED.
1. The remaining funds in the ED's consolidated consultants budget need to be apportioned on a needs basis.
1. A detailed programme for the Groenvallei project can only be provided once the funds have been released.

RESOLVED

1. That the item remains on the Matters Receiving Attention until resolved.
2. That the Property Management Department: Mr Rheinhardt Van Wijk provides feedback on the consolidated report for projects requiring funds submitted to the Executive Director (ED): Economic Opportunities & Asset Management – Ms Kelcy Sharon Cheryl Le Keur, with specific reference to the Groenvallei project.

2020/09/21

Ms P Jansen informed the members of feedback received from the Property Management Department: Mr Godfrey Van Wyk who indicated that due to the uncertainty of COVID-19, the budget for the EAOM Consultants was lumped for the entire directorate under the budget of the ED. Further to this, the available pool of funds was decreased by 30% due to the current restraints across the City. The remaining funds in the ED's consolidated consultants budget need to be apportioned on a needs basis. They have included the Groenvallei project for funding, unfortunately, they can only provide a detailed programme once the funds have been released. The director will present the consolidated report for projects requiring funds to the ED by 30 September 2020 after which they will be able to provide the necessary timelines.

RESOLVED

1. That the item remains on the Matters Receiving Attention until resolved.
2. That the Subcouncil follows-up on the progress of this matter receiving attention with the Property Management Department: Mr Godfrey Van Wyk.

Ms P Jansen informed the members that a skype meeting was held on 18 August 2020 with the Recreation and Parks Department: Mr Phila Nkosinkulu and the Property Management Department: Mr Rheinhardt Van Wijk.

Cllr B van der Merwe informed the members that the feedback is contained in the meeting summary provided by Mr P Nkosinkulu. There has been a problem with financing the contractor who is required to do the assessment of the area due to funds being redirected for COVID-19 interventions. The departments are in the process of applying for funding in order to get this project back on track. A follow-up meeting will be arranged in a month's time in order to monitor the progress made in this regard.

RESOLVED

1. That the item remains on the Matters Receiving Attention until resolved.
2. That the Subcouncil arranges a follow-up meeting with the Recreation and Parks Department: Mr Phila Nkosinkulu and the Property Management Department: Mr Rheinhardt Van Wijk to discuss the progress made with the applications for funding the appointment of the contractor.

Ms Jansen informed the meeting that Mr Phila Nkosinkulu reported that the department has identified the key parks that should remain based on Urban design principles. They also identified how the parking spaces should be allocated in order to preserve existing trees and retain the character of Groenvallei (this is in line with the traffic engineering report). The department conducted a site inspection and identified the extent of utility services running through the subject public open spaces. These utility services have an impact as to what the department can do on some of the public open spaces. A tree survey map was identified as a crucial way forward and that this tree survey map must also include the identification of utility services on site. In order to do a tree survey we need to obtain the services of a Landscape Architect via a tender process.

Ms Jansen recommended that a meeting be arranged with Mr R van Wijk, Ms N Nyati, Ms J du Preez and Cllr B van der Merwe to discuss the way forward.

RESOLVED ON 16 OCTOBER 2017 Ms Jansen informed the meeting that she received no feedback from Mr Godfrey van Wyk and the report from Mr Darren Willenberg will be submitted to the November 2017 subcouncil meeting. Cllr B van der Merwe requested that a meeting be arranged within the next two weeks with Mr G van Wyk to discuss how the properties available for lease or sale will be advertised in future. RESOLVED That the item remains on the matters receiving attention until these matters are resolved. That a meeting be arranged within the next two (2) weeks with Mr Godfrey van Wyk to discuss how the lease and/or sale of properties will be advertised in future. FOR ACTION: GODFREY VAN WYK/ RHEINHARDT VAN WIJK/ DARREN WILLENBERG

RESOLVED ON 18 SEPTEMBER 2017 Ms Jansen read the following responses from Mr Godfrey van Wyk and Mr Darren Willenberg: 1. City owned properties that can be leased or sold to bordered property owners: Response from Mr G van Wyk – Property Holdings (Northern

Region) have received applications from various owners to incorporate various non-viable portions of open space into their properties. The line department wants to approach council to obtain authorization for the disposal/rental of these spaces in one application. Property Holdings are therefore busy surveying the various non-viable portions for the said application, whereafter the department will make it available to the various homeowners. 2. Parking issues: Response from Mr D Willenberg – Property Management has appointed Traffic Consultant, Jeffares & Green (Pty) Ltd to conduct an analysis of the traffic conditions within Groenvallei. The findings of the traffic study will determine the remedies which will be applied. The report will be submitted by November 2017. Whereafter the department will consider the recommendations on the report for possible implementation and the funding of possible solutions by leveraging available open space in Groenvallei for development. RESOLVED That the item remains on the matters receiving attention until these matters are resolved. FOR ACTION: GODFREY VAN WYK/ RHEINHARDT VAN WIJK/ DARREN WILLENBERG

RESOLVED ON 16 AUGUST 2017 Cllr B van der Merwe informed the meeting that he previously requested that the motion be divided into two matters: A. City owned properties that can be leased or sold to the bordering property owners – Godfrey van Wyk B. Parking issues – Darren Willenberg He said it should be investigated where the item got lost and be placed back on the agenda. Mr Darren Willenberg responded to the Parking issue: Mr D Willenberg said in terms of the Groenvallei parking investigation he liaised with Property Management and advised them that they should try to quantify the extent of the parking problems. Property Management will establish how much space there is for parking and why it is not sufficient. Mr Willenberg said some people are not using their allotted garages for parking but for storage instead. He said another issue is that his department received a lot of requests for yellow and red lines to be painted and he is not sure if this will remedy the current situation. Cllr van der Merwe responded and informed the meeting that the area was developed without direct access to homes and with no individual driveways. He explained that the requests for yellow and red lines due to the fact that the houses are in close proximity of one another and become a challenge when visitors come into the area. Mr Pieter Strumpher responded to the matter of the City owned properties that can be leased or sold to bordering property owners. He said if there are small pockets of land next to each other joined to different owners, there must be consensus amongst the abutting property owners before the City will enter into lease or sale agreements. RESOLVED That the item remains on the matters receiving attention until the matter is resolved. That the this item be separated into two (2) different items. FOR ACTION: GODFREY VAN WYK/ RHEINHARDT VAN WIJK/ DARREN WILLENBERG

RESOLVED ON 19 JUNE 2017 Ms Jansen reported that a traffic engineering company will be appointed to do an in-depth research on the challenges with the parking problems and that appointment will be made in the new financial year from the funds of the department. Cllr B van der Merwe said the latest update was regarding the sale of viable land that has been identified in the area. The councillor expressed his concern regarding the process followed and wants to be informed of what parcels of land have been identified and will be marketed as the current residents and owners of adjacent properties have applied for the land. Cllr van der Merwe said the line departments must keep the Subcouncil and Ward Councillor informed on what properties have been earmarked for sale and how this process will go forward. Mr R van Wijk said the department is busy with a technical investigation and background information to determine the way forward. The department did a land availability study to determine which portions of land should be prioritised and is doing more research to identify the land that will be disposed of. Presently there are 14 larger portions of land that will be put on the disposal programme for sale to the general public. There are a lot of other portions of land which can also be sold directly to the abutting land owners. The department is currently busy with the technical investigation with internal departments to determine whether the land is required for municipal purposes and to determine the valuation of the land. RESOLVED That the item remains on the matters receiving attention until the matter is resolved. FOR ACTION: GODFREY VAN WYK/ RHEINHARDT VAN WIJK

RESOLVED ON 15 MAY 2017 Ms Jansen reported that Mr Godfrey van Wyk provided the following feedback: Property Management has commenced with the disposal process for viable pockets of land inside Groenvallei. The tender income will be applied to alleviate parking issues. Property Management and TDA are currently workshopping the ultimate solution for the parking problems. The chairperson, Cllr B van der Merwe requested a list of the properties to be disposed of and an updated agenda for the next engagements. The meeting agreed that the item remains on the matters receiving attention. RESOLVED That the item remains on the matters receiving attention until the matter is resolved. RESOLVED ON 19 APRIL 2017 Ms Jansen reported that Mr Godfrey van Wyk scheduled a meeting with Cllr B van der Merwe for 20 April 2017 between Property Development, Property Holding and Roads and Stormwater to discuss the parking problems and the creation of additional road and park infrastructure. In addition they will also discuss the parking audit that needs to be done to determine the current usage and additional requirements. Cllr B van der Merwe said he is not aware of the meeting but only of a site visit between Darren Willenberg and one of the property owners scheduled for Thursday, 20 April 2017 at 09:00. The councillor requested that the meeting information be forwarded to him. The Subcouncil Manager undertook to contact Mr G van Wyk to inform Cllr B van der Merwe of the meeting and progress on the matter. The meeting agreed that the item remains on the matters receiving attention. RESOLVED That the item remains on the matters receiving attention until the matter is resolved. FOR ACTION: GODFREY VAN WYK/ DARREN WILLENBERG RESOLVED ON 15 MARCH 2017 Ms Jansen reported that Mr Godfrey van Wyk met with Cllr B van der Merwe and the following was resolved: Groenvallei is currently facing the following problems: • Available parking and creation parking in close proximity to the residences; • The maintenance burden associated with the public open space within the residential neighbourhood. To alleviate the abovementioned problems, the department is looking into the possible disposal of the excess public open space and to utilise the income to create parking and road infrastructure in Groenvallei. A parking assessment needs to be done to determine the existing parking available versus statutory requirements for the neighbourhood. A consultant has been appointed to determine conceptual utilisation of available viable space for rezoning and closing of the open space. Resolution Details:

Ms Van Sittert advised the meeting that a rental remission has been considered by the Regional Head and submitted to the Manager: Property Management. She further advised that although it has been considered, it has not been approved as yet, as the Regional Head requires certain issues to be addressed and requires more information, such as more background around the case, the plans for the property, the previous rental amount and if Property Management is satisfied with the reason for the remission.

Cllr Van Zyl mentioned that she receives daily complaints regarding the property and enquired whether the complaints will be considered. She further advised that she is concerned about the timeframes of matters and how long matters take to be resolved as this impacts severely on the surrounding area.

Ms Jansen advised that their previous meeting notes were sent to Mr Gerschwin Williams, the Head: Investment Facilitation for further actioning. She further advised that Mr De Jongh went to the Deputy Mayor, informing him that he is not getting assistance from the Subcouncil.

The Chairperson suggested that she will arrange a meeting with the Mayor, Deputy Mayor, Subcouncil Manager, Chairperson and Ward Councillor so that this matter can be addressed at the highest level.

Resolution History

Meeting Date	Resolution
2023/04/17	<p>Ms Jansen informed the meeting that Ms Patricia Van Sittert advised via email that the Debt Management Section is proceeding with legal action against the Lessee in respect of the arrears on the rental account. They have however also received a rental remission request from the Lessee, advising that they had no beneficial use of the leased property for a certain period due to the impact of covid-19 on its business operations. The Lessee has provided the department with the supporting documents for its request. Ms van Sittert is not sure whether the request will be considered favourably, but the intention is to submit a memo to the Director: Property Management for consideration of the request. If a rental remission is granted, it will naturally influence the amount to be settled on the account. Property Management Section will keep the subcouncil and Debt Management Department informed as to the outcome of the rental remission request. Ms Jansen further advised a meeting was held on Thursday, 13 April 2023, with, Chairperson, Cllr Van Zyl, relevant officials and Mr De Jong from Jumbo Properties, this engagement was on advisement from Ald Vos that the Subcouncil and Economic Growth Department must see how the city can assist. Unfortunately no decision could be made, but Subcouncil will see how the Executive Director Mr Robert McGaffan can further assist the applicant.</p> <p>RESOLVED That the item remains on the Matters Receiving Attention until resolved. Ms Jansen informed the meeting that Dewaldt Smit advised via email that the appeals authority is the last decision on the application and a final notification was issued informing the applicant that they may act in the decision.

Ms Jansen further advised the meeting that Gerdu Du Plessis advised via email that Property Management is working with the lessee to find a resolution to the arrears rental on their account and that they are considering different options to ensure the lease agreement can proceed. She advised that this is a complex matter as the leased area is a small portion of City land essential to the operations of the bus service operating from the abutting properties owned by the lessee but it is also required in terms of certain land use applications submitted by the lessee in respect of his own properties. It would appear that this lessee is delivering a service which the City, at this stage, cannot provide. Ms du Plessis said that the matter of finalizing the lease is an administrative process and requested the Subcouncil to consider removing that aspect of this item from the agenda.

Cllr Van Zyl said she understands Ms Du Plessis stance on this, however she disagrees for it to be removed from the MRA, as the Subcouncil can keep tabs on this while it on the agenda.

Ms Jansen informed the meeting that most officials are still on leave and a meeting will be arranged in due course. Ms van Sittert informed the meeting that the status quo is unchanged and the department is still unable to conclude the lease agreement because of the arrears on the rental account. The arrears are being managed by the Debt Management Section and a summons was issued to the lessee. The lessee hasn't responded to the summons, so now the department will proceed with a default judgement against the lessee. Ms van Sittert explained that the old lease agreement still continues on a month to month basis. Cllr van Zyl requested that the problems experienced with the long distance busses parking all over Subcouncil 6 also be attended too. Ms Jansen recommended that the "Long Distance Buses Parking in Subcouncil 6" be added to the Matters Receiving Attention.

2022/05/16

Ms Jansen reported that a meeting was held on 12 May 2022 with 19 officials from various departments. The Land Use Management Report and Site Development plan will serve at the June 2022 MPT as the department received quite a few objections that need to be taken into account. The Subcouncil Manager undertook to inform the Councillors when the item will be discussed at the MPT and be present at that meeting. The lease application report was resubmitted for amendments to IPAC and thereafter it will serve at MayCo and Council. The Land Use Enforcement department took legal action and the applicant appeared in court on 21 April 2022 and the case was postponed to August 2022 as the court is awaiting the outcome of the Land Use application. The Manager said that that particular site is only approved for 2 bus operators but there are currently 5 operating and therefore they received the administrative penalty from the MPT. Long term it seems that the City has no plans in place for the Long distance buses and the focus is more on the taxis. There are several other bus operators that are operating in the Bellville area.

Cllr van Zyl explained that the departure that was approved was only temporary and even if the lease is extended the departure is still temporary. It is clear that the City does not have a plan for the Long Distance Bus Terminus. It was mentioned in the meeting that a bus terminus needs to be as close as possible to the main routes. It was mentioned by the Law Enforcement Department, that it is difficult for them to do any enforcement because there is no clear guidance or decision taken.

Ms Jansen reported that every second month a meeting will be arranged with all the officials where the medium and long plans will be discussed.

Ms P van Sittert explained that her department wrote a report to IPAC, but IPAC could not make a decision on the report and referred it back for more information from Urban Mobility. The department envisage to submit the amended report to IPAC by mid May 2022. Ms van Sittert clarified that IPAC cannot approve the lease agreement, only Council. The previous lease agreement has expired but is continuing on a month to month basis.

Cllr Kleinsmith enquired whether the conditions stipulated by Subcouncil 6 will be enforced.

Ms van Sittert explained that the conditions stipulated by the Subcouncils will form part of the new lease agreement.

Mr Price from Land Use Enforcement explained that a notice was served for Erf 21594 as the conditions stipulated are not adhered to. There is no site development plan (SDP) and the first court appearance was 21 April 2022, but was postponed to 2 August 2022. Mr Price said an administrative penalty of R300 000 was paid by the operator.

Cllr van Zyl requested the Subcouncil Manager to arrange a meeting with Mesdames, van Sittert, du Plessis, Desmore and Mr Price to discuss Long Distance Buses

Ms Jansen said Spatial, UCI, Future Planning and Urban Mobility must be part of the discussion forum as the Subcouncil needs a futuristic approach on this matter.

Ms Jansen reported that the Property Management Department confirmed that they've obtained an updated valuation and also received the applicants tax compliance information. The report for final approval was submitted to IPAC and tabled on the 17 March 2022. Currently the IPAC committee elected not to exercise their delegated authority to grant final approval for leases and the decision will thus be referred to Council for consideration. The applicants expired lease is still continuing on a month to month basis however there is arrears on the account which will first need to be addressed before a new lease agreement can be signed. Ms S Desmore reported that a provisional court date was set for 21 April 2022 however the summons need to be served personally on the accused in order for the court date to be set as final.

Cllr van Zyl said there are so many bus terminuses in Bellville and we need a holistic approach to address this problem. Councillor said we cannot wait for Future City but we need a broader discussion and need to involve the other departments like Urban Mobility and Traffic to tackle this issue.

The chairperson mentioned that if we ask all the illegal bus terminuses to move, we will have to provide an alternative location.

Ms Jansen reported that on 14 September 2021 the Municipal Planning Tribunal (MPT) approved the administrative penalty of R300 000 to Jumbo Properties.

Ms Desmore informed the meeting that long distance bus terminus was process to the Legal Office and also processing all the transgressing properties in Mabel Street to the Legal Office. She reported that herself and Mr D Smit will also initiate high court mitigation for the long distance bus terminus and they will have to confirm whether it will be accepted by their Legal Department.

Cllr B van der Merwe expressed his gratitude for the progress made. The councillor requested feedback on the lease agreement of the city owned property which enable this bus terminus to be functional.

Mr P Strumpher reported that the department is currently waiting on the applicant's tax clearance certificate to be submitted before the report can be submitted to IPAC and Council for final approval.

Cllr van der Merwe enquired whether the department is continuing on a month to month basis with the lease of the property and there are any arrears on the lease. The councillor said no Site Development Plan can be considered whilst the lease of the subjoined property has not been approved. Cllr van der Merwe asked that the Subcouncil request the line department to confirm that the lease is paid to date with no arrears. The councillor enquired whether the media office of the Planning Department can do a press release on the outcome of the Municipal Planning Tribunals decision in respect of Jumbo Properties.

Ms Jansen said the City Manager also visited that property and requested the Planning department to take the necessary action.

Ms Desmore said she will contact Mr D Smit regarding the press release. The City Manager said magistrate procedures is not good enough, hence the reason for doing a joint High Court interdict for building works as well as Land Use contravention.

Ms Jansen informed the meeting that Ms Desmore reported that the Property Inspector has compiled the legal docket and it will work flow to Ms Desmore by end of that week. She will then peruse the docket early next week and if in order, will process it through to our legal office.

Ms Jansen informed the meeting that Ms Sittert reported that on 2 August 2021 the departments Admin Section confirmed that a request for a revaluation has been submitted. The revaluation is still in progress. The Department is still awaiting the tax compliance verification from the applicant.

Cllr B van der Merwe said Mr D Smit informed him previously that it would be difficult to approve the site development plan of the lease is not concluded. The councillor previously requested a copy of the notices that was served to those transgressing. Cllr van der Merwe said he also awaiting feedback that grey water is pumped from a neighbouring property to the Mable Street terminus to supply water to the toilets. The Councillor said he received more complaints of bus companies operating throughout the Bellville Area.

Ms Jansen undertook to setup a meeting with all roleplayers to list and discuss the transgressions reported and provide.

Cllr B van der Merwe reported that the matter is out on public participation. The community is very concerned about this application. Cllr van der Merwe requested the Manager and Chairperson to engage on this matter later in the week.

Ms Jansen informed the meeting that Ms Desmore reported that Jumbo Properties said Covid resulted in numerous delays over a wide spectrum of their business and they are currently unable to provide the City of Cape Town with their tax compliance status verification. The Business Auditors is busy preparing a documentation for consideration by SARS which inter alia include a request for provision of their tax compliance status. They could however not attach any timeframe as to when they will finally receive tax compliance status from SARS. They submitted a request that the provision of the tax compliance status be made a condition of the lease. The department informed Jumbo Properties that in terms of the City supply chain management policy the City may not award the lease to an applicant whose tax matters have not been declared by SARS to be in order. The applicant is required to submit a valid tax clearance certificate or SARS compliance status PIN to certify that the applicants tax matters are in order. The provision of the applicant tax compliance status can therefore not be made a condition of the lease as Council is unable to grant approval for the lease in the absence of a tax compliance certification. The current status of the lease application is that it is awaiting the submission of Jumbo Properties tax compliance certification.

Mr D Smit explained that the lease for the property expired and currently running on a month to month to basis and the other outstanding matter was the site development plan. The department had a meeting with the applicant last year to submit additional information by end January 2021. The applicant informed the City that they could not conclude the studies and decided to withdraw the site development plan. Mr Smit explained that the functioning of the bus terminal requires the approval of the City, therefore the Subcouncil needs to consider the lease approval and add further conditions. He explained that the City can act upon any non-compliance of the conditions. Mr Smit explained if the site development plan is different to the original submitted, there must be a new public participation process with the community. He said there is also unauthorized building works at the property.

Cllr van der Merwe asked how building works can be allowed in the absence of a building plan. The councillor said the concerns are that the site is already operational without the site development plan. Cllr van der Merwe said he received complaints from the surrounding residents of noise disturbances, offloading and people defecating in the streets.

Mr Smit explained that the court does not just allow demolishing of a building but will request whether the offence can be regularize.

Ms Desmore said her department is dependent on the new lease agreement to be approved. She said a compliance notice was served on the Land Use of the site.

Cllr van der Merwe request inspections at Mabel, Meath and Herbert Streets, Bellville.

Ms Jansen said the lease agreement report for the said will be place back on the March 2021 Subcouncil agenda.

RESOLVED

That the item remains on the Matters Receiving Attention until resolved.

That the lease agreement report be placed on the March 2021 Subcouncil agenda.

Director WSE Solomons-Johannes informed the meeting that Mr D Stevens reported that the applicant was given until end of January 2021 to address the concerns at the property.

RESOLVED

That the item remains on the Matters Receiving Attention until resolved.

FOR ACTION: PAT JANSEN / DEWALDT SMIT/ GERDA DU PLESSIS

The following salient points were noted:

1. Ms P Jansen informed the members that a meeting was held on Friday, 13 November 2020 to discuss a concern raised by the Ward Councillor, Cllr Brendan Van Der Merwe, regarding an updated site development plan. The applicant submitted an updated plan, which is totally different to the current plan as the applicant wants more busses to operate at the property.
1. A meeting has been scheduled between the consultants of the applicant and the line department on 25 November 2020 to resolve the matter.
1. A report will be compiled by the Land Use Management Section in light of objections received, and this will be submitted to the Municipal Planning Tribunal (MPT) in February 2020.
1. A notice was also served on the applicant for unauthorised building work, which the Development Management Department will address in due course.
1. The Land Use Enforcement Section is currently awaiting the new lease agreement to act if there are any conditions that are not complied with. The current lease has expired in 2018 and there is currently a month to month agreement in place.
1. Cllr B Van Der Merwe agreed with the feedback provided by Ms P Jansen and indicated that he has no further comment at this stage.

RESOLVED

1. That the item remains on the Matters Receiving Attention until resolved.
2. That the Subcouncil follows-up on the progress of the Site Development Plan and Transport Impact Assessment (TIA) from the applicant with the Development Management Department: Mr Dewaldt Smit.

FOR ACTION: PAT JANSEN, DEWALDT SMIT & GERDA DU PLESSIS

The following salient points were noted:

1. Ms P Jansen informed the members of the report on the agenda: 06SUB 35/10/2020 – Proposed Lease of City Land, Being Portions of Erven 21594 and 5135 Bellville, situated between Meath and Mabel Streets: Jumbo Properties (PTY) LTD.
1. The Property Management Department: Ms Patricia Davis spoke to the report and informed the members that Jumbo Properties (PTY) LTD is currently leasing the properties, but the lease expired. It is currently operated on a month-to-month basis. The City is looking into entering into a new lease agreement with Jumbo Properties (PTY) LTD.
1. The report sets out the objections that were submitted during the public participation phase. Many of the objections relate to the bus service operating from the property and that the applicant is not complying to the use and rezoning condition for those properties.
1. The Property Management Department currently awaits feedback from the Development Management Department on whether those planning applications have been approved.
1. In order to proceed with the lease agreement, the report includes recommendation 5 (i), which states that the applicant would need to comply with all conditions of approval related to the use and rezoning of the subject property.
1. Cllr B Van Der Merwe stated that the Property Management Department: Ms Gerda Du Plessis indicated previously that the report would include a list of the conditions that are contained in the land use planning approval as part of the lease agreement in order to enforce compliance. Another concern is that the lease agreement refers to access whereas the condition of approval is that the property is used for egress only, i.e. to Mabel Street and that the access or egress to Meath Street is closed permanently. He reiterated the importance of clarifying and understanding the conditions of approval due to the safety concerns for the public. It is recommended that the item be deferred until the land use applications have been completed and the conditions of approval are clarified in the lease agreement.
1. Ms P Davis indicated that the goal is for the applicant to comply with the land use applications and it is therefore agreed that the report be deferred until the conclusion of the planning applications. The report will be resubmitted with the relevant land use and rezoning conditions in order to clarify the responsibilities of the lessee in terms of the lease agreement.

RESOLVED

1. That the item remains on the Matters Receiving Attention until resolved.
2. That the Subcouncil follows-up on the progress of the Site Development Plan and Transport Impact Assessment (TIA) from the applicant with the Development Management Department: Mr Dewaldt Smit.

Ms Jansen reported that no communication was received regarding the progress of the lease agreement of a small strip of land to Jumbo Properties (Pty) Ltd as a part of their operations from their adjacent properties.

Mr Strumpher indicated that he will liaise with Ms du Plessis and respond back to the subcouncil regarding the advert for the lease agreement.

Pending the response received from Mr Strumpher, the Subcouncil Manager will set up a meeting with Ms du Plessis to discuss the way forward.

RESOLVED

1. That the item remains on the Matters Receiving Attention until resolved.

Ms Jansen informed the meeting that Mr D Smit reported that his department received 31 objections and negative comments from the traffic engineers. Mr Smit advised that his department is waiting on a response from the applicant on the objections received. Once the feedback has been received from the applicant the line department will prepare a report to serve at the MPT. Ms Jansen explained that the Mr D Smit said he cannot be part of any meetings at this stage, as he wants to remain objective in the preparation of the report to the MPT.

Cllr B van der Merwe requested the subcouncil to continue arranging the meeting to address the illegal activities at the premises. The meeting agreed that Land Use Inspector and Traffic Services be invited to this meeting.

Resolution History

Meeting Date	Resolution
--------------	------------

2023/04/17	<p>Ms Jansen reported that a meeting was held on 5 April 2023 to discuss the remaining kiosks, which are the balance of kiosks which will remain after the demolishment of the kiosks as per the Subcouncil motion. At the meeting Mr Greyling advised that the kiosks are being managed by Urban Mobility and he advised that his department is happy to take ownership and include the kiosks in the trading plan. He further advised that the tenants will either need to be evicted or transferred with the transfer of ownership. In the meeting Mr Greyling advised that he will set up a meeting with the relevant affected parties. The meeting is scheduled for 25 April 2023.</p> <p>The chairperson requested that the tenants be evicted before the transfer. Ms Jansen advised the meeting that the Subcouncil is deviating from the actual item which is the demolishment of the kiosks. The Subcouncil administration needs to make a separate item for the management of the remaining additional kiosks. Mr Strumpher advised that the advert per the demolishment closed on 17 March 2023, the report is ready to serve at the Subcouncil, however he is still waiting on the costing and cost centre number from Tony Le Fleur.</p> <p>RESOLVED a) That the item remains on the Matters Receiving Attention until resolved. b) That a meeting be arranged with Lance Greyling regarding the remaining kiosk and illegal traders. c) That the additional kiosks at Bellville PTI be added as a new item on the Matters Receiving Attention. 2022/06/20	<p>Mr Strumpher informed the meeting that he received the plan but he still requires the extend of the structures for valuation purposes.</p> <p>Cllr van der Ross asked why this item took so long to be addressed. This item was presented in Feb 2019 and its now June 2022.</p> <p>The chairperson explained that Economic Development submitted an objection against the demolishing. There is no electricity at kiosks, the health department also indicated non-compliance, no lease agreements and the people were selling drugs from the one kiosk. The lessees are sub-letting the kiosks and the area next to the kiosks. The objection was withdrawn by Economic Development about 2 weeks ago, hence the process can continue now. With the demolishing more trading bays will be created for the informal traders.</p> <p>RESOLVED</p> <p>That the item remains on the Matters Receiving Attention until resolved.</p> <p>FOR ACTION: PAT JANSEN/ PIETERSTRUMPHER/ TONY LE FLEUR</p>

Mr T Le Fleur reported that he had a meeting with UCI two weeks ago regarding the proposal of the GTP. The GTP proposed to establish a leasing company who will then handle the leasing of the kiosks. UCI indicated that

the GTP cannot deal with the leasing of the kiosks in terms of the contract with the City of Cape Town and the department will have to go the procurement route process to secure an entity to deal with the lease of the kiosks. Mr Le Fleur reported that he had a meeting with the Facilities Management Team at Mitchells Plain with the Director Bosman and obtained legal opinion that the kiosks can be incorporated into the trading permits system.

Ms Jansen said she was part of that meeting and the meeting cannot compare Bellville to Mitchells Plain.

Cllr Visser concurred with Ms Jansen. The Bellville kiosks is not conducive to cook or preparation of foods.

The chairperson recommended that Mr L Fleur arrange a meeting be arranged with AED, UCI, GTP, Councillors and the Subcouncil to resolve this issue.

Ms van Niekerk informed the meeting that Mr T Le Fleur reported that meetings were held on 15 July (GTP), 2 June (UCI - Frank Cummings), MURP and before this on 26 May with the GTP.

On 26 May the GTP did a presentation on the state of the kiosks and proposals to repair it to a state where will be ready for use. Transport then undertook to arrange a meeting with UCI, the Department who the GTP is contracted to and MURP.

On 2 June a meeting was arrange between UCI, MURP and Transport for further discussions which includes GTP's contract with UCI and authority for GTP to undertake this facilitation work. UCI confirmed that we could go-ahead with the process and that the contract with the GTP is drafted in such a manner that the scope can be amended to include this work. GTP will therefore assist in managing the relationship with trader entity/body. The GTP has already engaged kiosk traders. GTP is funded via UCI. The Transport Department will finance the repairs to the KIOKS.

On 15 July another meeting took place between the GTP, Transport and MURP. At this meeting the GTP presented a management plan whereby in short the GTP created a property entity who will go into a MOA with the City in terms of leasing the kiosks. This entity will then sub-lease the kiosks to the Kiosk vendors. Transport will now arrange a meeting that includes MURP, UCI, SCM, MURP, AED, Property Management and the Subcouncil Manager to discuss the implications and way forward of this proposal.

Mr P Strümpher indicated that he is dealing the with demolition process. He reiterated that demolitions are constituted in terms of the Municipal Asset Transfer Regulations (MATR) as a “Disposal by means of demolition” which requires a valuation of the existing structure/s and an official council approval after the intention to demolish has been advertised in the media. The official application for the demolition of certain trading kiosks at the Bellville PTI was submitted by Public Transport Operations and circulated to various departments for comments. The only outstanding comments is from the Urban Management: Area Central Department.

The Chairperson recommended that a meeting be arranged with the Area Economic Development (AED) Branch: Ms Sadia Nanabhay to clarify the way forward in terms of the proposed demolition.

Ms Jansen reported that a site visit was arranged and at that meeting it was agreed that the cubicles along the bridge would be up for demolishment and the ones inside the PTI will be managed by Transport. AED indicated that there are nine(9) people paying for the use of the cubicles and there is only seven(7) cubicles.

The Manager reported that she received feedback from Mr Le Fleur which stated that he had a meeting with the facility management service provider for the initial request was for the demolishment of all the units, but after an appeal by informal trader associations it was decided that all of the units will not be demolished. Area Economic Development (AED) had to engage the users of the units and confirm in writing what the finale number of units to be demolished will be. The department is still waiting on written confirmation from AED on the number of units that will remain.

Ms Jansen said Tony Le Fleur indicated that he can move the fence at the PTI and manage the seven(7) cubicles under the bridge.

RESOLVED

That the item remains on the Matters Receiving Attention until resolved.

Ms Jansen reported that Mr Tony Le Fleur advised on 16 May 2022 AED handed out letters for the eviction of the cubicles to the traders and all goods had to be removed by 18 June 2022. The Manager informed the meeting that she received an email from the Director of Enterprise and Investment department regarding the stay of action against the traders making use of the cubicles and the department would like to maximise the trading opportunities. The department is of the view that the Subcouncil must rethink how to deal with Economic Infrastructure that is used by the traders.

Mr Lance Greyling explained that he did a site visit 3 weeks ago to the Bellville PTI. He fully understands that there is lawlessness taking place. The purpose of his department is to look at the rights of the City but also of the Informal Traders. The problem that the department encountered is that there are 9 informal traders that is renting the cubicles. It's going to have a detrimental effect when the City demolish the cubicles. The department received a letter from Informal Trading Association stating that they going to take legal action against the City. Mr Greyling said the situation cannot remain the same and the status quo is unacceptable and the department wants to look at a plan to address these issues. He explained that the department does not have Law Enforcement to deal with the issues at the Bellville PTI. He also discovered that some of Economic Infrastructure that is resorting under the incorrect department, eg the kiosks should not fall with Transport. Mr Greyling said he is engaging with the Transport Department to transfer the infrastructure to Economic Development.

Cllr M Kleinsmith said she does not want to stand off on the motion. The first cubicle is selling spares and the third cubicle there is prostitute activities. There are extensive problems at the cubicles and with illegal traders that is trading in front of the cubicles. The councillor requested Mr Mchunu to enquire who the traders are paying to for use of the cubicles and who are they. Cllr Kleinsmith recommends that we continue with the demolishing and make space for more trading bays.

Ms Jansen said whenever the Subcouncil had a site visits to the cubicles, nobody informed the Subcouncil or Councillors of 9 legal traders paying for the use of the cubicles.

Mr D Theron said the cubicles is not conducive for storage facilities. There are illegal activities taking place and the people sleeping in the cubicles. Mr Theron recommended the demolishing of the cubicles.

Ms Mchunu said there are 9 legal traders that is paying for the storage facilities.

The chairperson recommended that the demolishing continues and that a meeting be arranged with Mr Lance Greyling and Mr Mchunu to discuss the future plans of the Bellville Informal Traders.

RESOLVED

That the item remains on the Matters Receiving Attention until resolved.

That Mr Mchunu determines and list the paying traders that is using the cubicles and who they are paying to.

That a Future planning meeting be arranged with Mr Greyling, Mchunu and the relevant Councillors to discuss the future plans of the Bellville Informal Traders.

Ms van Niekerk informed the meeting that Mr T Le Fleur reported that the RFQ process has been completed towards the end of the last financial year. SCM however has requested that the department put the process on hold until the start of the new financial year.

The City of Cape Town has appointed a company to manage all of its public transport facilities as from 2 July 2021. Commuters using minibus-taxi, buses, and trains, as well as MyCiTi passengers will greatly benefit from this contract as the company is tasked with providing 24/7 security and cleaning services, general maintenance and management. In prior years the City used a contractor for the management of the MyCiTi facilities only. This service has now been extended to also include the management of public transport interchanges and minibus-taxi facilities which are frequented by thousands of commuters every day. The new contract is valid for three years, covering 103 facilities in total among which 60 public transport interchanges and minibus-taxi facilities, and 43 MyCiTi stations across Cape Town.

Some of the services that will be provided are as follows:

- 24-hour security, including surveillance of CCTV camera footage
- 24-hour cleaning of facilities which involves daily cleaning, hygiene services and waste management
- General maintenance such as electrical, plumbing, carpentry, fire detection and equipment, drains and gutter cleaning
- Landscaping where applicable, including weeding, pruning, composting

The contract will be phased in over the next few weeks and it is expected that all facilities will be covered by 1 August 2021. We have allocated cleaners at Bellville PTI and they have started working as from Monday, 5 July. The new security complement will be on site as from 1 August. The current contracted security is still on site until end July.

In light of this appointment Mr L Fleur wanted to ensure that the department do not commit fruitless and wasteful expenditure by implementing this RFQ.

The chairperson requested a meeting with Mr T Le Fleur to discuss the closing of the cubicles.
