# 4. PURPOSE

The purpose of this report is to consider the sale to Councillors of the computers and printers currently allocated to them.

# 5. FOR NOTING BY / FOR DECISION BY

This report is for decision by Council

To be decided by Council in terms of Section 358.1 of the Supply Chain Management Policy.

#### 6. EXECUTIVE SUMMARY

After the Municipal Elections in 2011, IT equipment was allocated to all Councillors in terms of the Personal Computer for Councillors Policy adopted by Council in 2011.

These computers are now considered functionally slow and not viable for recovery. Equipment can also not be collected prior to the 2016 Elections as Councillors need to be in contact with each other, their constituents and the Administration. It could also prove difficult to recover the computers from Councillors after the Elections, especially where Councillors are not re-elected.

Section 358.1 of the Supply Chain Management Policy makes provision for the disposal of assets provided that the fair market related value of the asset is received in exchange for the asset.

IT has been consulted with regard to value and since officials are of the opinion that the equipment would not realize much more at a public auction, it is suggested that the equipment be sold to Councillors. The value of each set of equipment is based on age and this value would be recovered from Councillors.

It should be noted that no support or insurance would be provided for this equipment from date of sale.

## 7. RECOMMENDATIONS

It is recommended:

- a) That the sale of computers and printers (as per Annexure A) to Councillors in terms of Section 358.1 of the Supply Chain Management Policy at the values as indicated by IS&T (Information Systems and Technology) BE APPROVED and such value be recovered from Councillors' allowances.
- b) That all cellular data accounts with the service provider BE TERMINATED, the 3G modern having been included with assets sold to the Councillors.
- c) That the disposed equipment BE REMOVED from the Asset Register.
- d) That support and insurance NOT BE PROVIDED by the City for these computers from date of sale.

## AANBEVELINGS

Daar word aanbeveel:

- a) Dat die verkoop van rekenaars en drukkers, bylae A, aan raadslede ingevolge artikel 358.1 van die beleid oor voorsieningskanaalbestuur teen die bedrae soos aangedui deur IS&T (inligtingstelsels en tegnologie), GOEDGEKEUR WORD en dat die waarde hiervan van die raadslede se toelaes verhaal word.
- b) Dat alle rekeninge vir sellulêre data by die diensverskaffer BEËINDIG WORD; die 3G-modem is ingesluit by die bates wat aan die raadslede verkoop is.
- c) Dat die toerusting wat weggedoen is, van die bateregister VERWYDER WORD.

#### 8. DISCUSSION/CONTENTS

IT equipment was allocated to Councillors in terms of a Policy adopted by Council in 2011.

As in past years, IT has indicated it would be administratively problematic and onerous to recover old equipment. Due to various reasons, including the age of the equipment and the administrative problems in recovering it, it is recommended to write off and sell the equipment to all Councillors at a value determined by the IT section.

Mr Andre Stelzner and his team, together with the Manager: Councillor Support have again discussed the plan to deliver new IT equipment to all Councillors post 2016 Elections as well as the recovery of the old equipment and it is again considered in the City's best interests to sell the equipment to the Councillors.

The Chief Financial Officer has been consulted who supports the recommendation.

The IT section has looked at the value of this equipment based on age, functionality, etc., as well as results at recent auctions and has suggested the values indicated on the attached schedule – Annexure A.
