I do not support extended hours based on the harmful effects of alcohol abuse on the community. The liquor outlets have a license issue by the western cape liquor authority which provides the trading hours. It is not in the public interest to extend these and the applicant has not given any evidence to the contrary. Workers are already working 7 day shifts without having a decent wages, public transport problems on sundays and taking away from their family time and religious faith gatherings, so no i dont support this. The area do have pubs and restaurants serving alcohol as to make their businesses successful surrounding the particular store applying so i believe that aspect should also be considered as covid19 affected all businesses.

Regards  
Nadia

We as the cpf support the notion not to extend the trading hours as the cpf and the Councillors had a discussion on the effects the community's

Good day Natasha,

I am in support of the extension of the Woolworths liquor extended hours request.

Woolworths is a business with a good reputation. Tax paying, creating opportunities for jobs for people within the surrounding areas.

Back door sellers within areas as Masi and Ocean View should be dealt with as they are the ones contributing towards alcohol abuse and violence over weekends within our areas.

I ask if more can support this extension as allowing bigger companies, creates jobs as covid has left many unemployed, and EPWP is just a band-aid to unemployed issue. Which rarely leads to a permanent job opportunity (EPWP).

Thank you,  
Ursula Williams
