3 PURPOSE

The purpose of the report is to inform the Subcouncil that a request was received for speed humps in Yellowwood Crescent, Glenwood.

4 FOR DECISION BY

Delegation Part 24: 9(1): To decide within its area of jurisdiction where traffic calming measures are to be applied subject to the relevant legislation and policy after considering a report from the Transport and Urban Development Authority.

5 EXECUTIVE SUMMARY

The City of Cape Town adopted the Traffic Calming Policy to ensure the safety of all road users on residential streets through a multidisciplinary approach namely, the disciplines of engineering, enforcement and education being present in the correct balance in order to affect a solution to road safety. On 16 October 2019, a request for traffic calming measures was received from a member of the public, where concerns were raised of reckless driving and speeding of motorists that creates an unsafe environment to pedestrians and other road users.

That traffic calming measures be implemented at the aforementioned intersection once the technical assessment is done and recommended by Transport Network Management.

6 RECOMMENDATION

That the Subcouncil:

- a) **RECOMMEND AND SUPPORT** the request for speed humps Yellowwood Crescent in Glenwood;
- b) **NOTE** that the Remedial Engineering Measures Programme Screening Guideline Form was completed by the Ward Councillor – Ward 27 and that the request was justified and will be submitted to the Transport: Network Management.

7 DISCUSSION/CONTENTS

See Executive Summary above.

8 CONSTITUTIONAL AND POLICY IMPLICATIONS

The specific issues to which Delegation Part 24:9(1) refers are as follow:

- Calming Residential Streets for Communities – the safety of vulnerable road users in residential streets has been threatened by excessive

extraneous traffic, speeding, high accident rates and reckless driver behaviour.

- To improve road safety on residential streets for all road users with special focus on vulnerable road users.
- Objectives: (i) the reduction of inappropriate vehicle speeds;
(ii) the removal of excessive extraneous traffic;
(iii) the enhancement of facilities for pedestrians, cyclists and vulnerable road users;
(iv) a uniform traffic management approach across the City of Cape Town
(v) create a safer and liveable environment
