

## City of Cape Town Fire & Rescue Service

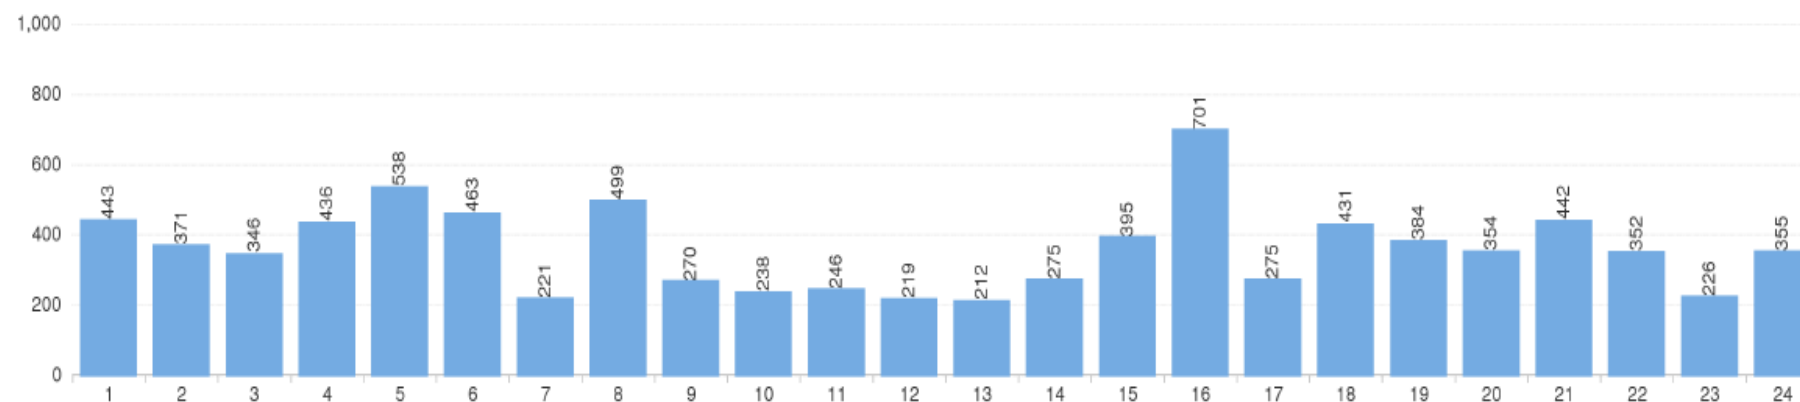

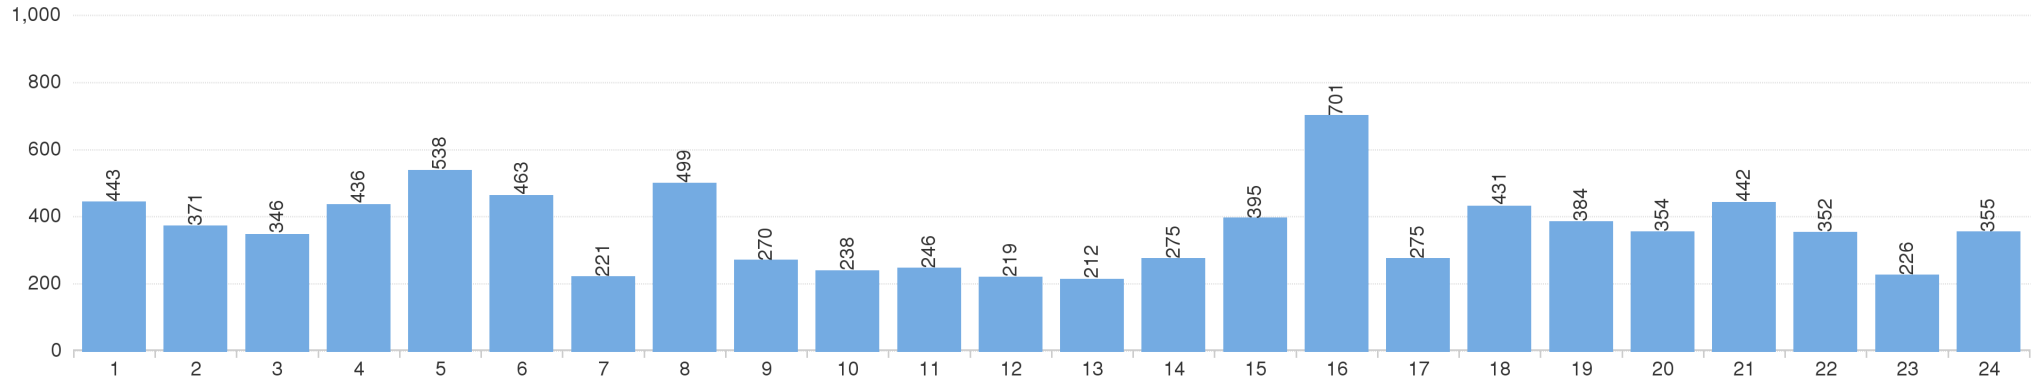

Quarterly Report for: 01 January 2022 to: 31 March 2022

Service request Total **8704**

The Fire & Rescue Service was involved in responding and attending to 8704 Incidents during this quarter as opposed to 7208 in the previous quarter. The mandate of the Fire and Rescue Service is to protect life and property from the imminent danger of fire and other related emergencies, and all the activities contained in this report are designed to work towards ensuring that the citizens and visitors to the City are protected.

The following pages provide the overall operational incidents that have occurred and to which the Fire and Rescue Service has responded and attended to by one or more of the 32 fire stations within the city boundaries, with further detail per-sub-council provided. The activities of the Fire and Life Safety Division, including Fire and Life Safety Awareness and Education, are also provided.
