A. MOTIVATION REPORT

1. Introduction

Following on from our initial establishment dating back to the 15th July 2001, the Green Point City Improvement District, referred to as the GPCID, not only has managed to reduce crime and grime, but has been able to facilitate and develop an environment within which property owners have had a notable increase in their property values through having a variety of experiences, covering both commercial and residential, bringing about hundred millions of rands worth in development, allowing one to enjoy these very benefits on their doorstep through establishing a City Improvement District. This all through the many added value components that is provided through the GPCID with the expertise and knowledge to establish the area as a leading world class city.

The Green Point CID was designed to study and evaluate intentional success stories on urban renewal. Through extracting key elements, one can implement.

- Improve the built environment
- Market and promote the area
- Facilitate economic growth, business investment and development
- Improve accessibility through public infrastructure and transportation investment
- Strategise for urban renewal initiatives
- Participate within Civic Associations and / or Ward Forums
- Improve the spaces between building and public open space initiatives

Advantages for the continuation of services:

- Cost of supplementary services are carried by all property owners in the defined area
- The CID additional rate is in proportion to the value of the individual property
- The CID approach is holistic
- The CID supports business investment
- The CID enhances the environment and strengthens investor confidence
- The CID has created a positive identity
- The CID is a non-profit company, managed by a board of directors with vested interests through property ownership
- All funds raised through the CID additional rates are spent within the demarcated area
- The CID does not reinforce existing inequities
- The CID strives to enhance better use of public spaces
- The CID promotes and participates within the City's Integrated Development Plan

Extending the Green Point CID Boundary:

The extension of the Green Point CID boundary was first mooted over 2 years ago and unfortunately due to the COVID-19 pandemic the entire process was put on hold until the National Regulations allowed for general interaction with the community within the proposed area (refer to map). It was only until recently that the steering committee put their weight behind the extension of the GPCID boundary following due process as per the City's SRA By-law.

The proposed boundary will extend from Highfield Street along Main / Somerset Road to Varneys Road (Ultra Liquors) by including all properties that border Main / Somerset including those with an entry / exit from adjoining streets, i.e. Boundary/Wessels/Vespredene/Upper Portswood/Ashstead/York/Varneys. The proposed extension will also include portions of the Green Point Median that runs between Main Road and Helen Suzman, covering the parking areas of P12/13 and underpass.

The steering committee comprising of vested interest holders of properties within the proposed extension have been meeting on a regular basis to understand the concept and process to extend the boundary of an existing CID / SRA (City Improvement District / Special Ratings Area) which would be of a benefit to all stakeholders.

Property owners, tenants and businesses within the boundary would have immediate access to the services that a CID provides 24/7 i.e. street sweeping, visible policing and improvements to public open spaces.

The Green Point CID extension has the full support of the existing GPCID board and will welcome new members of the extended area in being appointed as directors to the board as a fair representation of all property owners in the extended area.

Staff will be deployed to sweep the streets every day and maintain the current landscape. In addition to this there is a presence of Public Safety Officers 24/7, supported by a patrol vehicle and a management component assisting in providing oversight with direct access to Law Enforcement members who are dedicated to the GPCID and can enforce the City's By-Laws. Furthermore, the GPCID will facilitate between the City and property owners any defects and/or replacement of items, including improvements to the area through the many programs that are in place, since the GPCIDs establishment in July of 2001, maintaining a clean and safe environment within which to "Live, Work, Play" .

Public Safety resources for the Green Point CID extended area:

The deployment of dedicated Public Safety Officers (12 members - split on shifts) will ensure that through a cohesive safety program, the area is safe. Partnering with the various Law Enforcement Agencies, thus preventing further acts of criminal intent, will create an environment that is clean and safe.

Safety: The primary focus of the GPCID is aimed at improved public safety in the public spaces within the CID boundary. The GPCID directly supports Objective 5 - Effective law enforcement to make communities safer. The GPCID has a strong partnership with the City's Law Enforcement, Metro Police, Traffic Services, SAPS and other security stakeholders operating in the GPCID area thereby directly supporting Objective 6 – Strengthen partnerships for safer communities.

(b) Cleansing (Maintenance and Cleansing): Budget R 1 071 140.00 with extension R 480 000.00: Total R 1 551 140.00 (Year 3)

We continue to strive in ensuring that our area is clean and free from grime, this through a dedicated team from our appointed service provider who are present 7 days per week working in shifts from 08h00 to 18h00 with an oversight manager. In addition to, running a daily program with the support of the various NGO's by incorporating the many disadvantaged individuals into a rehabilitation program which runs parallel with our social intervention program via Straatwerk, the GPCID undertakes the following tasks:

- Removal of graffiti and illegal posters
- Supplementary street sweeping daily – team of 8 individuals (a total of 12 with extension)

Although this is not a primary function of the GPCID, we assist all NGO's and the City of Cape Town through their various Social Development Programs, for we are a supplementary role player and with having a direct interaction with the many homeless individuals that roam our streets on a daily basis, we are able to facilitate various options, like medical assistance, ID card re-issue, driver's licence, skills enhancement through job placement and / or to be re-united with family in conjunction with the many NGO's

Objective 15 - A more spatially integrated and inclusive City: The GPCID supports the City's Social Upliftment Strategies to find lasting solutions for Social Development, which includes supporting individuals to move from the street into places of safety and where possible creating employment opportunities. (f) Financial Impact of the CID

5-Year approved Budget of the Green Point CID:

The approved budget for each year of the Business Plan: Year 3 to Year 5

Year 1 (2021/2022):	R 11,533,705	
Year 2 (2022/2023):	R 12,385,016	
Year 3 (2023/2024):	R 13,269,759 with extended area	R 15 440,470
Year 4 (2024/2025):	R 14,257,429 with extended area	R 16 601,797
Year 5 (2025/2026):	R 15,301,009 with extended area	R 17 832,926

In line with the City's Special Rating Areas Policy (SRA Policy), the Green Point CIDs management annually prepares an overall budget for the year based on the specific needs of the area as set out in the Business Plan. The budget is funded by the property owners through an additional property rate levied on the municipal valuation of all eligible properties within the Green Point CID boundary. Additional property rates attract VAT @ 15%.

The additional property rate is calculated by the City annually during the City's budget process. The additional rate is expressed as a Rand-in-the-rand and is calculated by dividing the Green Point CID budget total with the total municipal valuation of properties in the Green Point CID as indicated in the attached map.

The SRA Policy allows for a differentiation in tariffs for the different types of properties and as such a residential and non-residential additional property rate is applicable in the Green Point CID. Should property owners receive partial or full relief in respect of rates, they would enjoy full exemption from paying of any Green Point CID additional rate. It is, however, incumbent upon the property owner to seek such relief under the City's Rates Policy.

The Green Point CID budget and additional property rates are approved by Council with the City's budget and is applicable over a financial year, which starts on 1 July.

The additional rates required to fund the budget for each year of the Business Plan is as follows:

Year 1:	R 9,607,938	(9.9% increase)	
Year 2:	R 10,376,573	(8.0% increase)	
Year 3:	R 11,206,699 with extended area	R 13 377,410	(39,2% increase)
Year 4:	R 12,103,235	(8,0 % increase)	R 14 447,603 (8,0% increase)
Year 5:	R 13,071,494	(8,0 % increase)	R 15 603,411 (8,0% increase)

The following example can be used to calculate individual contributions for residential and non-residential properties:

1. Municipal valuation x R 0. XXXXXX = Annual contribution (VAT excl.) – Note: R 0.XXXXXX represents the approved GPCID additional property rate.
2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.)
3. Average monthly contribution (Vat excl) x 1.15 = Average monthly contribution (VAT incl) example: R 5 000 000 x R 0.000391* = R 1 955 /12 = R 162.92 x 1.15 = R 187.35

**(0.000391 represents the GPCID Residential additional property rate for 2022/23)*

4. Average monthly contribution (Vat excl) x 1.15 = Average monthly contribution (VAT incl) example: R 5 000 000 x R 0.002278* = R 11 390 /12 = R 949.16 x 1.15 = R 1 091.54

**(0.002278 represents the GPCID Non-Residential additional property rate for 2022/23)*

A capable and collaborative City government: The Green Point CID's governance structures ensure an open and transparent approach in the way public money is used for the benefit of the community. The GPCID supports programme 16.1 Operational sustainability programme.

(g) Administration and Management: Budget R 1 038 441.00 (Year 3) with extended area R 60 000.00: Total R 1 098 441.00
