

DRAFT MOBILE BUSINESS TRADING AREAS (MBTA's)

OCTOBER 2026

Public Trading Department, Economic Growth Directorate, in terms of the City of Cape Town's Informal Trading By-Law

Background

The City is enhancing its response to the opportunities in the mobile business sector, which requires a more cohesive and structured approach than it has in the past few years. The City is endeavoring to establish a well-managed, supportive, and enabling environment for the mobile business sector to be sustainable and have a positive relationship with the formal sector and the communities in which they operate.

As per the Companies and Intellectual Property Commission, mobile business operators are registered enterprises and operate from self-contained vehicles. This policy fulfils the IDP's main priority of economic growth. Through the proposed Mobile Business Policy and the proposed amendment to the Informal Trading By-law, the City wishes to establish Mobile Business Trading Areas (MBTAs).

These areas will allow mobile business operators to conduct their activities by legally allowing mobile business activity on specific city-owned sites for a day, as per the proposed mobile business policy. To use the MBTA, mobile business operators need to obtain a mobile business permit and ensure compliance with the MBTA's regulations. The initial tranche of sites submitted to Council comprises the proposed MBTAs detailed in this document for public review.

Following the public participation process and council approval, the supported MBTAs will address the growing market demand for mobile business operations, thereby promoting local economic development and the constructive utilisation of public spaces.

Your active involvement in this public participation process is crucial. Your insights into the most effective sites for enhancing the mobile business opportunity in the City of Cape Town are highly valued. They will significantly contribute to the success of this initiative.

GENERAL CONDITIONS APPLICABLE TO MOBILE BUSINESS TRADING AREAS

1	Parking and locational requirements	1.1 The mobile business operator must only operate in the mobile business trading area for which they are permitted. 1.2 The Mobile Business Operator shall not have any exclusive right to any location on public property. 1.3 The mobile business operation must keep to the extent of the mobile business trading area for which they are permitted and cannot use any space outside of that area. 1.4 Under no circumstances should the mobile business operator use the following for their truck/trailer or any other purpose associated with their business: • Wheelchair bays • Emergency services bays • Loading bays • Lifesaving bays 1.5 The Mobile Business Operator can only park on harded surfaces, like paved or tarred areas but could also include surfaces that may not have been hardened but are still stable. 1.6 The truck/trailer and any other equipment used during the operation of the business must not obstruct public walkways, access points to beaches and/or other facilities that may result in any impediment to pedestrian movement. 1.7 The Mobile Business Operator shall not cause traffic congestion. 1.8 The use of any Mobile Business Trading Area shall not interfere with the lighting, trees, overhead wires, and/or utilities. 1.9 The Mobile Business Operator may not park overnight at the mobile business trading bay.
2	Documentation	2.1. The mobile business permit must always be at the truck/trailer during operations.
3	Uninterrupted trading hours	3.1. Site specific trading hours must be adhered to
4	Noise	4.1 No music or other amplified announcements that are audible outside of the food truck shall be allowed. 4.2 No bells, hooters, amplified equipment or similar devices, which emit any sound, may be used to attract customers.
5	Waste	5.1 Portable receptacles for the disposal of waste materials or other litter shall be provided by the Mobile Business Operator for the use of customers, and all Mobile Business Operators shall direct customers to place all waste and litter in the receptacles. 5.2 All waste shall be removed and disposed of by the Mobile Business Operator. Public trash receptacles shall not be used for compliance with this section.
6	Food storage and preparation	6.1. All food must be prepared inside the mobile business. 6.2. All food must be stored inside the mobile business. 6.3. In the case where perishable foods are being prepared and sold, the mobile business operator must be in possession of a valid Certificate of Acceptability and a Business License issued by the City's Environmental Health Department
7	General terms and conditions	7.1 All products are to be displayed in a manner acceptable to the City. 7.2 The sale of products may only be sold from the vehicle. 7.3 Tables, chairs or umbrellas may be used in areas where site specific circumstances permits it during operating times. 7.4 The Mobile Business should provide a pedestrian service, serving pedestrians only. A drive through or drive in service is prohibited. 7.5 The Mobile Business Operator may not block access to pedestrian, private property and disabled paying bays. 7.6 No vehicle should park facing the oncoming traffic. 7.7 Bays should be retained in their original condition.
8	Storage	8.1. No merchandise, food, equipment, or other item related to the operation of a mobile business operator, shall be stored or kept adjacent to the food truck.

GENERAL CONDITIONS APPLICABLE TO MOBILE BUSINESS TRADING AREAS

9	Insurance	9.1 License holders are required to maintain the following levels of insurance: 9.1.1. Motor vehicle insurance for all motor vehicles used in the operation of the mobile business 9.1.2. Comprehensive general liability insurance with a minimum combined single limit of liability for bodily injury and property damage of R10 000 000 9.2 Failure to maintain such insurance or to show such evidence on request shall be the cause of an immediate revocation of the Permit.
10.	Vending locational requirements	10.1 No deliveries shall be received from another vehicle while a food truck is vending in a designated on- street vending location. 10.2 Vending shall only take place from the inside of the food truck. 10.3 Vending shall not take place to any driver or passenger in a motor vehicle while the motor vehicle is stopped at a red light or while in a moving traffic lane. 10.3 Trucks and trailers shall not be left unattended while vending.
11.	Advertising	11.1. No sign shall be displayed except for a sign displaying a menu or signs that are imprinted on the exterior body of a permitted Mobile Business vehicle or trailer. All signs shall also comply with the applicable provisions of Outdoor signage and Advertising By Law. The applicable regulations shall include, but not be limited to, that the Mobile Business Operator shall not: 11.1.1. advertise other businesses on the food truck 11.1.2. use A-frame signs or remote signs 11.1.3. attach balloons or windblown signs to the food truck 11.1.4. use animated or electronic sign 11.1.5. use mascots or personnel with signs to attract customers 11.2. No liquor, tobacco products, or the sale thereof, nor any advertising, branding, promotion, or marketing relating to such products, shall be displayed within the hired bays.
12	Power supply	12.1. The use of generators by the Mobile Business Operator is permitted only where appropriate for the specific Mobile Business Trading Area
13	Basic equipment requirements	13.1. Trucks/Trailer are fully self-contained units with refrigeration, a complete plumbing system including a hot water tank, plenty of storage space 13.2. Trucks/trailers that prepare or cook food for customers must have the following: 13.2.1. Commercial cooking equipment 13.2.2. Commercial refrigerators/freezers that is built into the unit 13.2.3. Sink systems that are large enough to handle all items that must be washed, rinsed and sanitized in the unit. 13.2.4. Hand wash sinks with hot and cold water, hand soap, paper towel/hand towel, and a hand wash sign must be provided in the unit 13.2.5. A water system, with a recommended minimum of 25L tank (holding tank) and a system to provide hot water must be installed 13.2.6. A wastewater system (wastewater holding tank) must be installed in the unit 13.2.7 Adequate food and dry goods storage inside the unit
14	Rules applicable to mobile sauna's	14 In addition to the rules above, the following rules apply to mobile sauna operators: 14.1 Mobile operators using fire and/or gas must submit approval from the City's Disaster Risk Management (DRM) department and the Fire Department for a permit to be issued. 14.2 Mobile sauna operators shall only operate in demarcated bays allocated for use by mobile saunas. 14.3 Mobile sauna operators shall not use more than two parking bays for their truck/trailer and any other equipment used during the operation of their business. 14.4 Mobile sauna operators shall not use tables, chairs and gazebos. 14.5 Mobile sauna operators shall not sell food or coffee at any of the approved locations where there are food sellers, whether formal or informal. 14.6 In the case of food being sold, mobile sauna operators will need a Certificate of Acceptability (COA) and a Business License for food handling.
