- This too is supported by the local SAPS members from Cape Town Central, Metro, Traffic and the Neighbourhood Watches / Private Security

The Opportunity City: The OKCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management as well as social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.

(f) Financial Impact of the CID

5-Year Budget of the Oranje-Kloof CID:

The budget for each year of the Business Plan:

Year 1: R 7,802 591
Year 2: R 8,393 989
Year 3: R 9,023 781
Year 4: R 9,560 965
Year 5: R 10,409 965

In line with the City's Special Rating Areas Policy (SRA Policy), the Oranje-Kloof CIDs management annually prepares an overall budget for the year based on the specific needs of the area as set out in the Business Plan. The budget is funded by the property owners through an additional property rate levied on the municipal valuation of all eligible properties within the Oranje-Kloof CID boundary. Additional property rates attract VAT @ 15%.

The additional property rate is calculated by the City annually during the City's budget process. The additional rate is expressed as a Rand-in-the-rand and is calculated by dividing the Oranje-Kloof CID budget total with the total municipal valuation of properties in the Oranje-Kloof CID as indicated in the attached map.

The SRA Policy allows for a differentiation in tariffs for the different types of properties and as such a residential and non-residential additional property rate is applicable in the Oranje-Kloof CID. Should property owners receive partial or full relief in respect of rates, they would enjoy full exemption from paying of any Oranje-Kloof CID additional rate. It is, however, incumbent upon the property owner to seek such relief under the City's Rates Policy.

The Oranje-Kloof CID budget and additional property rates are approved by Council with the City's budget and is applicable over a financial year, which starts on 1 July.

The additional rates required to fund the budget for each year of the Business Plan is as follows:

Year 1: R 7,802,591 (7.0% increase)
Year 2: R 8,393,989 (7.6% increase)
Year 3: R 9,023,781 (7.5% increase)
Year 4: R 9,560,965 (6.0% increase)
Year 5: R 10,409,965 (8.9% increase)

Individual contributions for residential and non-residential properties can be calculated as follows:

1. Municipal valuation x R 0.XXXXXX = Annual contribution (VAT excl.) – Note: R 0.XXXXXX represents the approved OKCID additional property rate.
2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.)
Average monthly contribution (Vat excl) x 1.15 = Average monthly contribution (VAT incl) example: R 5 000 000 x R 0.001900* = R 9 500 /12 = R 791.66 x 1.15 = R 910.00

**(R0.001900 represents the OKCID Non-Residential additional property rate for 2020/21)*

The Well Run City: The Oranje-Kloof CID's governance structures ensure an open and transparent approach in the way public money is used for the benefit of the community.
