8. DISCUSSION/CONTENTS

8.1. Constitutional and Policy Implications

The Green Point CID was established in 2001 and subsequently had three term extensions.

Application has been made in terms of section 15 of the By-law for a term extension of the new Green Point CID Business Plan covering the period 1 July 2016 to 30 June 2021 (Annexure A).

The Business Plan consists of a Motivation Report that defines the need and framework required to provide the additional services, an Implementation Plan proposing relevant action steps to implement the services and the 5 year Budget which indicates the provision required to fund these services. Although the Business Plan proposes a continuation of the same services as implemented during previous years the Motivation Report motivated an increase of 10.2% for the first year to ensure alignment with the associated costs of this business node and there after a year on year increase that varies between 9.1% and 9.2%.

The AGM held on 3 December 2015 was advertised in the daily newspapers on 9 November 2015 (Annexure B). The term extension formed part of the agenda of the AGM and all relevant documents were made available through the Green Point CID website to all property owners.

The term extension as per the Green Point CID Business Plan (1 July 2016 to 30 June 2021) was supported and approved unanimously by the members of the Green Point CID as per the AGM draft minutes (Annexure C).

The application complies with the SRA Policy and By-law as property owners were consulted, and the Green Point CID new Business Plan for 2016 - 2021 was approved unanimously at the AGM.
